I, Fred. G. Wolbert, Proth'y of the Common Pleas, do certify the foregoing writing to be a true copy of the return of votes for Common Council, Twenty-third Ward, as the same remains on file in my office.

In testimony whereof I have hereunto set my hand and affixed the seal of said Court, this January 2, 1865.

FRED. G. WOLBERT,
Proth'y.

The Clerk

Announced the first business in order was the election of a President, whereupon

Mr. Adams

Nominated William S. Stokley.

Mr. Gill

Nominated Francis A. Wolbert.

The Clerks, acting as tellers, reported that forty-three votes had been cast, of which

Messrs. Adams, Allen, Armstrong, Billington, Brady, Bumm, Creswell, Derbyshire, Earnest, Evans, Everman, Fox, Gratz, Griffiths, Haines, Harper, Harrison, Hancock, Krupp, Little, Marcer, Mactague, Miller, Peale, Schafer, Simpson, Stanton, Sulger, Taylor; Vankirk, Willets, and Wolbert,

32, voted for William S. Stokley.

Messrs. Barnes, Colehower, Dillon, Gill, Hollowell, Hetzel, Huhn, Mullin, Stokley, Telford, and Vogelbach,

11, voted for Francis A. Wolbert.

William S. Stokley having received the highest number of votes was declared to be elected President for the ensuing year, and upon being conducted to the Chair by Mr. Wolbert, who administered the oath of office to him, made the following address:

Gentlemen of Common Council:—No words of mine can express the deep gratitude I feel for the honor you have conferred upon me, by electing me to preside over your deliberations for the coming year. I am well aware that the position is one of great responsibility, as well as of high honor. An experience of nearly four years in this Chamber has given me a practical acquaintance with the working of our municipal system, which will, I trust, with your kind aid and counsel, materially assist me in discharging properly and satisfactorily the duties that belong to the office.

In the course of the present year you will be called upon to legislate upon many questions of grave importance to the welfare and prosperity of our city. Let us then, one and all, unite in our efforts to discharge our duty as becomes the representatives of an intelligent constituency, like that of the City of Philadelphia. Let us avoid extravagance, and the useless expenditure of the people's money.

Great abuses have grown up in some of the Departments of the municipal government, which Councils, having it in their power, should at once correct. We should have retrenchment in our expenses and reform in our Departments. This can best be effected by the Committees under whose care the various Departments are placed. They should as soon as they enter upon their duties begin this work of reform—which, when once effected, will lighten the heavy burden now so patiently borne by the tax payers. This is due our loyal and patriotic citizens, who, in order to sustain the General Government in its efforts to crush this wicked rebellion, which, for a time, threatened to overthrow the principles established by our ancestors, and first proclaimed from the place where we are now assembled; and to aid the brave men who have poured out their precious blood like water, in defence of the Union, have voluntarily come forth and contributed, not thousands, but millions of treasure, thereby placing our beloved City among the most loyal and patriotic cities of the Union.

Having taken the solemn obligation to discharge with fidelity my duties as a member of this Chamber, I felt that it was proper at this time and in this place to express the sentiments with which I assume the President of Common Council.

Gentlemen, relying upon your kind indulgence for any errors of omission or commission of which I may be guilty in the new position your partiality has placed me, I will again thank you for the honor you have done me, and promise to faithfully and impartially discharge all the duties devolving upon me to the best of my poor abilities.

The members elect present, then appeared before the Clerk's desk, and were duly sworn or affirmed by the President, in conformity with law.

Mr. Simpson

Moved to proceed to the nomination of a Clerk and Assistant Clerk.

Which was agreed to.

Mr. Sulger

Nominated John Eckstein for Clerk, and Abraham Stewart for Assistant Clerk.

Mr. Gill

Nominated Philip H. Lutz for Clerk, and Isaiah Butler for Assistant Clerk.

Council then proceeded to vote *viva voce* for Clerks.

Messrs. Taylor and Nickels acting as tellers, who reported that forty-four votes had been cast, of which

Messrs. Adams, Allen, Armstrong, Billington, Brady, Bumm, Creswell, Derbyshire, Earnest, Evans, Everman, Fox, Gratz, Griffiths, Harper, Haines, Harrison, Hancock, Krupp, Little, Marcer, Mactague, Miller, Peale, Schaffer, Simpson, Stanton, Sulger, Taylor, Vankirk, Willets, and Stokley, *Pres't*,

32, voted for John Eckstein for Clerk, and Abraham Stewart for Assistant Clerk.

Messrs. Barnes, Colehower, Dillon, Gill, Hallowell, Hetzel, Huhn, Mullin, Nickels, Telford, Vogelbach, and Wolbert,

12, voted for Philip H. Lutz as Clerk, and Isaiah Butler as Assistant Clerk.

John Eckstein having received the highest number of votes for Clerk, and Abraham Stewart for Assistant Clerk, were declared duly elected, and thereupon were qualified according to law.

Council then proceeded to the nomination and election of Messengers.

Mr. Adams

Nominated Mr. James Zimmerman and Charles M. Carpenter.

Mr. Gill

Nominated Hugh Collins and Joseph A. Taylor.

The Clerks, acting as tellers, reported that forty-four votes had been cast, of which

Messrs. Adams, Allen, Armstrong, Billington, Brady, Bumm, Creswell, Derbyshire, Earnest, Evans, Everman, Fox, Gratz, Griffiths, Harper, Haines, Harrison, Hancock, Krupp, Little, Marcer, Mactague, Miller, Peale, Schafer, Simpson, Stanton, Sulger, Taylor, Vankirk, Willets, and Stokley, *Pres't*,

32, voted for James Zimmerman, and

Messrs. Adams, Allen, Armstrong, Billington, Brady, Derbyshire, Earnest, Evans, Everman, Fox, Gratz, Griffiths, Harper, Haines, Harrison, Hancock, Krupp, Little, Marcer, Mactague, Miller, Peale, Schaffer, Simpson, Stanton, Sulger, Taylor, Vankirk, Willets, and Stokley, *Pres't*,

30, voted for Charles M. Carpenter.

Messrs. Barnes, Colchower, Dillon, Gill, Hallowell, Hetzel, Huhn, Mullin, Nickels, Telford, Vogelbach, and Wolbert,

12, voted for Hugh Collins and Joseph A. Taylor.

James Zimmerman and Charles M. Carpenter having received the highest number of votes, were declared duly elected, and thereupon were qualified according to law.

The President then introduced the Rev. Joseph H. Kennard, D.D., who read a passage of Scripture, and made an impressive and appropriate prayer.

Select Council informed Common Council that they had appointed a Committee of three to inform Common Council that they were organized and ready to proceed to business, and had appointed on said committee, Messrs. Zane, Van Cleave and King, and that they had elected

JAMES LYND, *President*,
BENJAMIN H. HAINES, *Clerk*,
ROBERT BETHELL, *Assistant Clerk*, and
THOMAS MASSEY, *Messenger*.

Mr. Simpson

Moved that the Chamber proceed at once to draw for seats.

Mr. Wolbert

Moved to postpone the further consideration of the motion until 1st January, 1866.

On this question, the yeas and nays were required by Mr. Nickels, seconded by Mr. Vogelbach, and were as follow:

YEAS—Messrs. Adams, Allen, Brady, Bumm, Colehower, Dillon, Everman, Fox, Gill, Griffiths, Haines, Hallowell, Hetzel, Krupp, Marcer, Mactague, Mullin, Nickels, Peale, Telford, Vogelbach, and Wolbert—22.

NAYS—Messrs. Barnes, Billington, Creswell, Derbyshire, Earnest, Evans, Gratz, Harper, Harrison, Hancock, Huhn, Little, Miller, Schafer, Simpson, Stanton, Sulger, Taylor, Vankirk, Willets, and Stokley, *Pres't*—21.

So the motion was agreed to.

Mr. Mareer, (on leave,)

Read in his place and presented to the Chair the following:

RESOLUTION.

Relative to the Rules and Regulations of Councils.

Resolved, By the Common Council of the City of Philadelphia, That the Rules and Regulations of the late Common Council be adopted by this Council.

Which was twice read and adopted.

The title was agreed to.

Mr. Simpson

Moved that Council proceed at once to draw seats.

Mr. Miller

Moved to postpone the above motion for the present.

Which was agreed to.

Mr. Mareer, (on leave,)

Read in his place and presented to the Chair the following:

RESOLUTION.

To inform Select Council that Common Council is organized.

Resolved, That a Committee of two be appointed to inform Select Council that Common Council is organized, and ready to proceed to business.

Which was twice read and adopted.

The title was agreed to.

The President

Appointed Messrs. Marcer and Nickels, the Committee on the part of Common Council.

The Committee subsequently reported that they had performed the duty assigned them.

Their report was accepted and the Committee discharged.

Select Council informed Common Council that they had passed a resolution entitled, Resolution relative to the organization of Councils, and have appointed Messrs. Riche, Omerly and Hopkins Committee on the part of Select Council.

Which was twice read and adopted.

So Common Council concurred.

The President

Appointed Messrs. Bumm, Adams, and Gill the Committee on the part of Common Council, who subsequently reported that they had waited upon his Honor the Mayor, who stated that he had no communication to make at present, but in the course of a short time he would be able to send in his Annual Report.

The report was accepted and the Committee discharged.

Mr. Harrison, (on leave,)

Read in his place and presented to the Chair the following:

RESOLUTION

Of Thanks to the Rev. Mr. Kennard.

Resolved, By the Common Council of the City of Philadelphia, That the thanks of this Chamber are due and are hereby tendered to the Rev. Joseph H. Kennard, D.D., for the courtesy and kindness manifested by him in being present with us this day and officiating at our organization.

Which was twice read and adopted.

The title was agreed to.

Mr. Taylor

Moved to proceed to the consideration of the motion to draw for seats,

Which was agreed to.

The question recurring on the adoption of the motion on drawing of the seats, the yeas and nays were required by Mr. Nickels, seconded by Mr. Wolbert, and were as follow :

YEAS—Messrs. Allen, Barnes, Billington, Creswell, Derbyshire, Earnest, Evans, Everman, Fox, Gratz, Harper, Haines, Harrison, Hancock, Huhn, Krupp, Little, Maetague, Marcer, Miller, Mullin, Nickels, Peale, Schafer, Simpson, Stanton, Sulger, Taylor, Telford, Vankirk, Vogelbach, and Willets—33.

NAYS—Messrs. Armstrong, Dillon, Griffiths, Hallowell and Stokley, *Pres't*—6.

So the motion was agreed to.

Members then selected their seats as their names were drawn by the Clerk, in accordance with the motion.

Mr. Harrison, (on leave,)

Read in his place and presented to the Chair the following :

RESOLUTION

Relative to Smoking Cigars in Common Council Chamber.

Resolved, That the President be requested to strictly enforce the rule prohibiting the smoking of cigars in this Chamber during the sessions of Council, and that the doorkeepers and messengers be instructed to report all violations of the rule to the President.

Which was twice read and adopted.

The title was agreed to.

Mr. Bumm

Moved that Council do now adjourn.

Which was agreed to.

And Council adjourned.

THURSDAY, January 5th, 1865.

Mr. Taylor

Presented petition of citizens of the Twenty-second Ward, asking that a gas lamp be located on Bowman street, near Hancock street, in said Ward.

Which was referred to the Committee on Police, when appointed.

Mr. Willits,

Communication from A. L. Dungan, Receiver of Taxes of the Twenty-third Ward of the City, submitting the names of his sureties.

Which was referred to the Committee on Finance, when appointed.

The following message was received from the Mayor :

OFFICE OF THE MAYOR OF THE
CITY OF PHILADELPHIA, *January 5, 1865.*

To the President and Members of the
Common Council of the City of Philadelphia.

GENTLEMEN: My assent is withheld from the bill entitled "An Ordinance to take possession of the Northern Liberties Gas Works, and to create a Loan therefor."

The propriety of any further consolidation of the Gas Works within this City, under the management of one trust, is very questionable. The capabilities of the Philadelphia Gas Works are already overtaxed, and in portions of the City, particularly in the Twenty-second Ward, the supply is frequently so diminished that consumers are greatly inconvenienced, and sometimes deprived of its use. But apart from such question of expediency, there should be some urgent necessity to warrant, at the present time, any further increase of the City debt, however the redemption of such debt may be provided for. I have therefore deemed it proper to refer this measure to the judgment of the present Councils.

Respectfully,

ALEXANDER HENRY,

Mayor of Philadelphia.

Which having been read.

And Council proceeded to a reconsideration of said bill.

The question being "Shall the bill pass notwithstanding the objections of the Mayor?"

Mr. Harper

Moved that the further consideration of the same be postponed for the present.

Which was agreed to.

Also,

OFFICE OF THE MAYOR OF THE
CITY OF PHILADELPHIA, *January 5, 1865.*

To the President and Members of the
Common Council of the City of Philadelphia.

GENTLEMEN: I transmit herewith a copy of the letter addressed by me to Major-General George G. Meade, U. S. A., in presenting the sword voted to him by Councils, and likewise a copy of his reply.

This sword, in accordance with the terms of the Ordinance authorizing its gift, was inscribed as follows:

"The City of Philadelphia to Major-General George G. Meade, February 22d, 1864." "In grateful acknowledgment of the deliverance of Pennsylvania from rebel invasion by the matchless valor of the army which he led to signal victory on the memorable field of Gettysburg, July 3d, 1863."

Respectfully,

ALEXANDER HENRY,

Mayor of Philadelphia.

OFFICE OF THE MAYOR OF THE
CITY OF PHILADELPHIA, *December 28, 1864.*

Major-General George G. Meade, U. S. A.

SIR: The Councils of the City of Philadelphia, by an Ordinance approved February 22, 1864, authorized the Mayor to present you, in the name of the people of Philadelphia, with a sword, subscribed in memorial of your defence of Pennsylvania.

I have long awaited an opportunity of delivering this sword into your own hands; but the continued absence incident to your high command has denied me such privilege.

Without further delay in fulfilling the pleasing duty entrusted to me, I thus present to you this testimonial of the grateful acknowledgments of the citizens of Philadelphia for the successful defence of their State from rebel invasion by the memorable victory of Gettysburg.

Permit me to add an assurance of the pride with which your fellow-citizens regard the renown that your eminent services in our country's cause have so justly won, and also of the sincere interest they will ever have in your welfare and fame.

ALEXANDER HENRY,

Mayor of Philadelphia.

1836 DE LANCY PLACE, *December 31, 1864.*

To his Honor Alexander Henry,
Mayor of Philadelphia.

SIR: On my arrival to-day, I found the beautiful sword which your letter of the 28th instant informs me is presented to me in the name of the people of Philadelphia, in memorial of my defence of Pennsylvania. In accepting this sword, permit me to return, through you, to the authorities and people of Philadelphia, my most heartfelt and grateful thanks for this distinguished honor, which, I am led to believe, is more due to the efforts of the brave officers and men whom I led to victory, than to any personal merit on my part.

To be thus honored and distinguished by my fellow-citizens is an ample reward for all my humble efforts to serve my country, and I beg to assure them it will serve to increase in the future the zeal and fidelity with which I have earnestly endeavored, so far as my ability permitted, to execute the high trust which the Government has deemed me worthy of.

For the kind and complimentary terms in which you have conveyed this gift, I beg you to accept my thanks, and to receive the regret I feel that the exigencies of the public service prevented my receiving from your hands the gift of the City.

Very respectfully, your obedient servant,

GEORGE G. MEADE,

Major-General United States Army.

Also,

OFFICE OF THE MAYOR OF THE
CITY OF PHILADELPHIA, *January 5th, 1865.*

To the President and Members of the
Common Council of the City of Philadelphia.

GENTLEMEN: The Ordinance to make an appropriation for the payment of bounty to volunteers was approved on the 3d inst., and I have appointed J. G. Rosengarten, Esq., as the Commissioner named by the Mayor.

The authority given heretofore to have the necessary warrants signed by the Mayor's Clerk or Assistant Clerk, has been inadvertently omitted from this Ordinance, and as a laborious occupation would thus devolve unnecessarily upon the Mayor, I request the passage of the Supplementary Ordinance herewith transmitted.

The power to the Commission to incur expenses, etc., should be restricted by requiring the approval of the Mayor, as has in all previous Ordinances been the case, and I have therefore included such limitation in the proposed supplement.

Respectfully,

ALEXANDER HENRY,

Mayor of Philadelphia.

Also,

OFFICE OF THE MAYOR OF THE
CITY OF PHILADELPHIA, *January 5th, 1865.*

To the President and Members of the
Common Council of the City of Philadelphia.

GENTLEMEN: Under the provisions of an Ordinance creating a Commission to revise the tax laws of Philadelphia, approved November 26, 1864, I have appointed Messrs. Eli K. Price, Joseph A. Clay, Andrew D. Cash, James C. Hand, and William Bucknell, as the five Commissioners therein authorized.

Respectfully,

ALEXANDER HENRY,

Mayor of Philadelphia.

Mr. Fox,

Read in his place and presented to the Chair a bill, entitled "An Ordinance to make an appropriation to pay Charles H. Dean and Albert Lawrence, assessors of the Thirteenth Ward, for extra services."

Which was referred to the Committee on Finance, when appointed.

Mr. Taylor,

Read in his place and presented to the Chair a bill, entitled "An Ordinance authorizing the purchase of the works of the Germantown Water Works Company," and to make an appropriation therefor.

Which was referred to the Committee on Water Works, when appointed.

Mr. Simpson,

Read in his place and presented to the Chair a bill, entitled "Resolution of Instruction to the City Controller." (*Appendix No. 1.*)

Which was twice read and adopted.

The title was agreed to.

Also,

Read in his place and presented to the Chair the following:

RESOLUTION

In reference to unfinished business.

Resolved, By the Common Council, That all unfinished business be referred to the appropriate Committees, when appointed.

Which was twice read and adopted.

The title was agreed to.

Also,

Read in his place and presented to the Chair a resolution

entitled "Resolution to open Manayunk avenue in the Twenty-first Ward."

Which was referred to the Committee on Highways, when appointed.

Mr. Dillon,

Read in his place and presented to the Chair a resolution, entitled "Resolution relative to the expediency and practicability of removing certain toll gates." (*Appendix No. 2.*)

Which was twice read and adopted.

The title was agreed to.

Mr. Sulger,

Read in his place and presented to the Chair a resolution, entitled "Resolution of Instruction." (*Appendix No. 3.*)

Which was twice read and adopted.

The title was agreed to.

Also,

A communication from the Chief Engineer and Surveyor with a bill annexed, entitled "A Supplement to an Ordinance authorizing the construction of a sewer on Green street, Fifteenth Ward." Approved November 2, 1864.

Which was referred to the Committee on Surveys.

The following message was received from the Mayor :

OFFICE OF THE MAYOR OF THE
CITY OF PHILADELPHIA, *February 9th, 1865.*

To the President and Members of the
Common Council of the City of Philadelphia :

GENTLEMEN : The conflagration in the First Police District, early yesterday morning, by which several lives have been lost and many dwellings, with much valuable property destroyed, demands your action to impress upon the State Legislature the necessity of securing this city from a recurrence of calamity by similar cause. The storage of petroleum, whether crude or refined, must, notwithstanding all precautions, be attended with great risks, and the repeated accidents and disasters that it has occasioned—none, perhaps, so lamentable as the recent occurrence in

our midst—afford warnings which should no longer be neglected.

Upon the introduction of petroleum as an article of commerce, the dangers apparent from its storage in the densely populated parts of the city induced appeals to the law for protection from its nuisance; and in September, 1862, a conviction was had in the Court of Quarter Sessions, of a citizen charged with keeping and maintaining large quantities of coal oil upon his premises, not very remote from the scene of the late fire.

The delay and expense incident to legal proceedings have, however, deterred any resort to this mode of protection. In February, 1864, a bill to regulate the storage of petroleum in the City of Philadelphia was passed by the State House of Representatives, and sent to the Senate, where no action appears to have been taken. The restrictions of such a bill were partial and insufficient, affording no adequate security to any portion of the city west of the Schuylkill river.

The prohibition of all storage of petroleum or kindred substances, and of refining them within the closely built portions of the city should be positive and universal, and should be accompanied with penalties so definite and severe, that cupidity shall no longer jeopardize the hourly safety of the citizen, both of his life and property.

The great extent of our river front offers ample accommodation for all the petroleum that may be brought hither for manufacture or export, and the mere convenience of dealers will not justify longer toleration of its deposit, or of its manipulation where it endangers and terrifies those within its near vicinity. The recommendation upon this subject contained in my last annual message is renewed, and I would suggest that the General Assembly of the State be urged forthwith to enact reasonable restriction upon the transportation and storage of this important, but hazardous commodity.

Very respectfully,

ALEXANDER HENRY,
Mayor of Philadelphia.

Which was read and laid on the table.

Council then resumed the consideration of the bill entitled "An Ordinance in reference to the storage of Coal Oil, or Benzine."

The question being on the adoption of the first section.

Mr. Wolbert

Moved to amend the motion by striking out "Committee on Law" and insert "Police."

The yeas and nays were required by Mr. Hetzel, seconded by Mr. Nickels, and were as follow :

YEAS—Messrs. Armstrong, Billington, Brady, Derbyshire, Haines, Little, and Wolbert—7.

Which was agreed to.

Mr. Stokley

Retired from the Chair and called Mr. Marcer to the same.

The President *pro tem*.

Stated the question to be, "Shall the decision of the Chair stand as the judgment of this Chamber?"

Mr. Dillon

Moved to lay the appeal on the table.

Mr. Harper

Seconded by Messrs. Willits, Bumm, Derbyshire, Schafer Mactague, Armstrong, Little, Brady, Earnest, Creswell, Evans, and Allen.

Moved the previous question.

The question recurring: "Shall the decision of the Chair stand as the judgment of this Chamber?"

The President stated his reason for deciding the question as follows:

All ordinances, except loan bills, require a majority vote to pass them, and to pass them over the veto requires a vote of two-thirds of Council; and this being a loan bill, and requiring two-thirds of the whole number of members of Council to pass it, I thought that it ought to take at least as many votes to pass it over the Mayor's veto as to pass it originally.

The yeas and nays were required by Mr. Nickels, seconded by Mr. Dillon, and were as follow:

YEAS—Messrs. Adams, Brady, Bumm, Colehower, Dillon, Everman, Fox, Gill, Gratz, Hallowell, Hancock, Harper, Hetzel, Huhn, Marcer, Miller, Mullin, Nickels, Stanton, and Vogelbach—20.

NAYS.—Messrs. Allen, Armstrong, Billington, Creswell, Derbyshire, Earnest, Evans, Haines, Krupp, Little, Mactague, Peale, Schafer, Simpson, Sulger, Taylor, Telford, Willits, and Wolbert—19.

So the decision of the Chair was sustained.

Mr. Harper

From the Committee on Gas Works, presented a report with a bill annexed, entitled "An Ordinance to purchase the Northern Liberties Gas Works, and to create a loan therefor," with a resolution annexed, entitled "Resolution directing the Clerk of Common Council to publish a loan bill." (*Appendix No. 74.*)

Mr. Evans

Moved to lay the bill on the table.

The yeas and nays were required by Mr. Evans, seconded by Mr. Fox, and were as follow :

YEAS—Messrs. Adams, Bumm, Colehower, Dillon, Evans, Fox, Gill, Griffiths, Hallowell, Hetzel, Huhn, Mullin, Nickels, and Vogelbach—14.

NAYS—Messrs. Allen, Armstrong, Billington, Brady Creswell, Derbyshire, Earnest, Everman, Gratz, Haines, Hancock, Harper, Krupp, Little, Mactague, Marcer, Miller, Peale, Schafer, Simpson, Sulger, Taylor, Telford, Willits, Wolbert, and Stokley, *Pres't*—26.

So the motion was not agreed to.

Mr. Harper

Moved that the bill be referred to the Committee on Finance.

Which was withdrawn.

Mr. Evans

Moved that the further consideration of the bill be indefinitely postponed.

Which was withdrawn.

Mr. Nickels

Renewed the motion to indefinitely postpone.

On this question the yeas and nays were required by Mr. Vogelbach, seconded by Mr. Gill, and were as follow :

YEAS—Messrs. Bumm, Colehower, Dillon, Everman, Fox, Gill, Hallowell, Hetzel, Huhn, Mullin, Nickels, and Vogelbach—12.

NAYS—Messrs. Adams, Allen, Armstrong, Billington, Brady, Creswell, Derbyshire, Earnest, Evans, Gratz, Griffiths, Haines, Hancock, Harper, Krupp, Little, Mactague, Marcer, Miller, Peale, Schafer, Simpson, Stanton, Sulger, Telford, Willits, Wolbert, and Stokley, *Pres't*—28.

So the motion was not agreed to.

Mr. Harper

Moved to proceed to the second reading and consideration of the resolution.

Which was agreed to.

The resolution was again read.

On the adoption of the resolution the yeas and nays were equired by Mr. Dillon, seconded by Mr. Hallowell, and were as follow:

YEAS—Messrs. Adams, Allen, Armstrong, Billington, Brady, Creswell, Derbyshire, Earnest, Evans, Gratz, Griffiths, Haines, Hancock, Harper, Krupp, Little, Mactague, Marcer, Miller, Peale, Schafer, Simpson, Stanton, Sulger, Telford, Willits, and Stokley, *Pres't*—27.

NAYS—Messrs. Bumm, Colehower, Dillon, Everman, Fox, Gill, Hallowell, Hetzel, Huhn, Mullin, Nickels, and Vogelbach—12.

The resolution was adopted.

The title was agreed to.

Mr. Wolbert

Moved that the rules be suspended, in order to allow Mr. Bumm to read a bill in place.

The yeas and nays were required by Mr. Evans, seconded by Mr. Billington, and were as follow:

YEAS—Messrs. Armstrong, Bumm, Colehower, Creswell,

Derbyshire, Dillon, Earnest, Everman, Fox, Gratz, Haines, Hancock, Hetzel, Huhn, Little, Mactague, Mareer, Miller, Mullin, Peale, Simpson, Sulger, Telford, Vogelbach, and Wolbert—25.

NAYS—Messrs. Adams, Allen, Billington, Brady, Evans, Griffiths, Harper, Krupp, Nickels, Schafer, and Stokley, *Pres't*—11.

Moved that the further consideration of the bill be postponed for the present.

Which was agreed to.

Mr. Brady

Chairman of the Committee on Highways, presented a report with a resolution annexed, entitled "Resolution to authorize the repaving, with tramway stone, of Duponceau and Adrian streets." (*Appendix No. 76.*)

The resolution was twice read and adopted.

The title was agreed to.

Mr. Marcer,

Chairman of the Committee on Finance of Common Council, to whom was referred the bill entitled "An Ordi-

nance to authorize the extinguishment or assignment of a certain ground-rent, reported the same back as committed, and recommended its passage. (*Appendix No. 77.*)

The first and only section was again read and agreed to.

The title was agreed to.

The bill was read a third time by its title and passed.

So Common Council concurred.

Mr. Creswell, (on leave,)

Presented communication from John Gravenstine, confectioner, offering five hundred dollars rent per annum for the basement of the mansion at Fairmount Park.

Mr. Evans

Moved to lay the communication on the table.

Which was not agreed to.

Mr. Evans

Moved that the same be referred to the Committee on City Property.

Mr. Wolbert

Moved that the further consideration of the communication be postponed, for the purpose of taking up a bill from Select Council.

Which was agreed to.

Select Council informed Common Council that they had passed a bill entitled "A Further Supplement to an ordinance, approved January 3, 1865, entitled 'An Ordinance to make an appropriation for the payment of bounty to volunteers,'" in which they ask concurrence.

Mr. Wolbert

Moved to proceed to the second reading and consideration of the same.

Which was agreed to.

The first and only section was again read.

Mr. Evans

Moved to amend by adding the following at the end of the section:

"That the provisions of this bill shall not apply to any drafted citizen, except said drafted citizen has a family or a mother of which he is the sole support."

Mr. Wolbert,

Seconded by Messrs. Bumm, Haines, Little, Earnest, Nickels, Stanton, Gill, Huhn, Fox, Hallowell and Creswell, moved the previous question.

The question being, "Shall the main question now be put?"

It was agreed to.

The question recurring on the adoption of the amendment,

It was not agreed to.

The question recurring on the adoption of the first and only section, the yeas and nays were required by Mr. Wolbert, seconded by Mr. Stanton, and were as follow:

YEAS—Messrs. Adams, Allen, Armstrong, Billington, Brady, Bumm, Colehower. The following message was received from the Mayor.

OFFICE OF THE MAYOR OF THE CITY OF PHILADELPHIA,
March 16, 1865.

To the President and Members of the
Common Council of the City of Philadelphia.

GENTLEMEN:—I transmit a copy of a letter received on the 14th instant from R. H. Gratz, Esq., presenting the portrait of Major-General George G. Meade, U. S. A., to the City, with the request that it shall be placed in the Hall of Independence—which has been directed to be done in accordance with the donor's wishes.

Respectfully,

ALEXANDER HENRY,
Mayor of Philadelphia.

10 MERCHANTS' EXCHANGE,
Philadelphia, Feb. 27, 1865.

HON. ALEX. HENRY,
Mayor of the City of Philadelphia.

DEAR SIR:—The valuable services rendered by Major-General George G. Meade to our country, and particularly to our State and City, at a critical moment when an invasion was imminent, justly entitles him to a place among the heroes and great men of our country, whose portraits make the Hall of Independence interesting. I, therefore, desire to present to the City of Philadelphia a portrait by J. R. Landeir, painted for the benefit of the recent Sanitary Fair, and beg its acceptance.

Respectfully,

(Signed) R. H. GRATZ.

The following message was received from the Mayor, returning, with his objections, the bill entitled "Resolution to transfer a certain amount from the appropriation to the Department of Police for 1865 to the Department of City Property."

OFFICE OF THE MAYOR OF THE
CITY OF PHILADELPHIA, *March 23, 1865.*

To the President and Members of the
Common Council of the City of Philadelphia.

GENTLEMEN:—The "Resolution to transfer a certain amount from the appropriation to the Department of Police for 1865 to the Department of City Property" has probably been passed under misapprehension. It directs that one thousand dollars be taken from Item No. 6, in the Police appropriation, which, with the sum of eighteen hundred dollars, includes expenditures "for repairs to station-houses and cells, and for furniture, and boats and repairs to the same," and that it be transferred to Item No. 26, in the appropriation for the Department of City Property, "for repairing of station-houses, &c.," which item does not hitherto exist, and if thus created, would be too vague in its designation. The repair of station-houses has always been entrusted to the Police Department, and most appropriately belongs to it, and there is no reason why it should now, for the first time since consolidation, be assigned to any other Department of the City. It has been customary for the Commissioner of City Property, from the item in the appropriation to his department specified "for repairs to and improvement of property belonging to the City," to expend such sums as might be needed, when requested by the Mayor, for the care of the old municipal halls, now partly

occupied for police stations. It would be sufficient objection to the resolution now returned, that the transfer of one thousand dollars from the item designated would allow but eight hundred dollars as the entire annual expenditure for furniture and boats, and also for repairs to stations and cells, and that a considerable portion of such item has already been expended,—but the interference with police details which might be incident to the repair of station-houses renders the measure yet more objectionable, as well as inexpedient.

Respectfully,

ALEXANDER HENRY,
Mayor of Philadelphia.

The message, together with the bill, was again read.

And Council proceeded to reconsider the same.

The question being “Shall the bill pass notwithstanding the objections of the Mayor?”

On this question the yeas and nays were required, according to law, and were as follow :

YEAS—none.

NAYS—Messrs. Adams, Allen, Billington, Brady, Bumm, Creswell, Dillon, Earnest, Evans, Everman, Griffiths, Harrison, Hetzel, Huhn, Little, Marcer, Miller, Mullen, Nickels, Schafer, Simpson, Stanton, Vankirk, Willits, and Stokley,
Pres't—25.

So the bill fell.

Also,

The following message returning with his objections the bill entitled “Resolution to authorize the depositing Coal ashes on Passyunk Road:”

OFFICE OF THE MAYOR OF THE
CITY OF PHILADELPHIA, *March 23, 1865.*

To the President and Members of the
Common Council of the City of Philadelphia :

GENTLEMEN :—No objection can be reasonably enter-

tained to the purport of the accompanying resolution, but the proviso appended thereto is so ambiguous that neither the Departments of Highways or of Street Cleansing can determine their relative responsibility.

The deposit of ashes on Passyunk Road can readily be effected without special resolution, and without extra cost beyond the usual expenses of the City.

Respectfully,

ALEXANDER HENRY,
Mayor of Philadelphia.

The message, together with the bill, was again read.

Mr. Marcer

Moved that the further consideration of the bill be postponed for the present.

Which was withdrawn.

Council proceeded to reconsider the bill, the question being "Shall the bill pass notwithstanding the objections of the Mayor?"

On this question the yeas and nays were required, according to law, and were as follow:

YEAS—Mr. Mactague—1.

NAYS—Messrs. Adams, Allen, Billington, Brady, Bumm, Colehower, Creswell, Derbyshire, Dillon, Earnest, Evans, Everman, Griffiths, Haines, Harrison, Hetzel, Huhn, Little, Marcer, Miller, Mullin, Nickels, Peale, Schafer, Simpson, Stanton, Taylor, Vankirk, Willits, and Stokley.
Pres't—30.

So the bill fell.

Also,

The following message :

The following message was received from the Mayor:

OFFICE OF THE MAYOR OF THE
CITY OF PHILADELPHIA, *March 30, 1865.*

To the President and Members of the
Common Council of the City of Philadelphia.

GENTLEMEN:—In compliance with the request of a Joint

Resolution of Councils adopted on the 23d inst.: that the Mayor should inform them of the amount of loans authorized by Councils then remaining unsold, I transmit the following statement mainly derived from the books of the City Controller.

A Loan of \$100,000 for the erection of Public Schools was authorized March 19, 1860, of which \$25,000 remain unissued. It is believed that the warrants, which should have been settled with the proceeds of such balance, were, for the want of due identification, paid from the current receipts of the Treasury.

A Loan of \$100,000 for road damages and other purposes was created May 3, 1860, of which \$12,600 are yet unsold, that amount having been collected from the City by Mandamus, but its repayment to the Treasury from the proceeds of such balance overlooked.

A Loan of \$325,000 to redeem the funded debt that matured in 1861, was enacted by ordinance of December 15, 1860; \$180,000 of which being unrequired for such specific purpose, was, by a Joint Resolution of July 13, 1861, placed at the disposal of the Commissioners of the Sinking Fund to hypothecate or sell above par as the payment of matured debt should be from time to time demanded.

On the 2d of November, 1863, a loan of \$500,000 towards the defence of the State was authorized, of which \$140,000 remain unsold, the purpose for which it was appropriated requiring no further expenditures than the payments needed for the safe keeping of the arms and equipments belonging to the City, and there being a credit of \$29,781.06 to this account for such present uses.

A Loan of \$20,000, created June 11, 1864, for the extension of Vine street wharf, has not been offered for negotiation, but the money used in such improvement has been advanced from the Treasury.

The additional loan of September 24, 1864, of \$1,500,000 to encourage the enlistment of volunteers, has been sold with the exception of \$102,100, which it was not practicable to dispose of unless below its par value.

On the 1st of December, 1864, a loan of \$1,000,000 to be negotiated at not less than par, was authorized for School purposes, and no portion thereof has been issued.

An additional loan of \$85,000 was authorized by Ordinance of December 24, 1864, for the erection of Chestnut Street Bridge, of which \$75,000 remain for delivery to the contractors at par, in payment of their claims, as from time to time duly presented.

The Loan (No. 4) for the extension of the Gas Works, of \$1,000,000, authorized December 24, 1864, is under the control of the trustees of those works, by whom provision is made for its interest and Sinking Fund. The amount of \$896,700 remained uncalled for on the 23d of this month.

On the 13th of March, 1865, a loan of \$2,500,000 was created to pay deficiencies of previous years. Certificates to the amount of \$35,700 were issued for this account prior to the 23d inst., in exchange at par for outstanding warrants, leaving \$2,464,300 for similar or other negotiation.

On the 15th of March, 1865, Loan No. 3, for bounty purposes, of \$2,000,000 was authorized; and as enacted by a previous Ordinance of Councils, it is pledged to the holders of warrants for bounty whenever they may claim it, for converting their demands into funded debt. Under such pledge its negotiation is precluded upon any terms whatever, and it must remain indefinitely to answer the requirements of those creditors who now possess an option of conversion, which they may not avail of while the Treasurer is restrained from making use of this loan by hypothecation or sale to realize the assets for these claims. From the preceding statement it will appear that the entire amount of loans unsold at the date of the Resolution of Councils was \$6,862,900, of which the authority for \$167,600, including the balance of loans of March 19th and May 3d, 1860, and November 2d, 1863, should be definitely recalled as now unnecessary, \$1,076,700.

(Loans of December 15th, 1860, and December 24th, 1864) are removed from the control of the Treasurer, \$1,000,000. (Loan of December 1st, 1864,) restricted to negotiate at not less than par—\$75,400. (Loans of December 24th, 1864,) specially payable upon contracts at par valuation—\$1,946,800. (Loan of March 18th, 1865,) pledged to creditors for conversion at their option—and \$2,586,400 (from Loans of June 11th and September 24th, 1864, and March 13th, 1865,) are subject to sale or exchange by the

Treasurer whenever a price can be obtained that will justify their negotiation.

In thus affording the information requested by Councils, I deem it not out of place from constant official intercourse with the City Treasurer, to commend the zealous and untiring efforts that he has made so to manage the finances of the City as may best promote its credit. The measures adopted by him, relative to the negotiation of the Funded Debt, have had my full assent, and whilst no opportunity has been neglected to effect judicious sale of the City Loans, the public estimate of those securities has not been depressed by incautiously forcing them upon purchasers. Although the deplorable necessities of the last three years have occasioned a large increase in the funded debt of Philadelphia, the intrinsic value and security of that debt should be unquestioned. The repayment of each loan at maturity is guaranteed by pledge accompanying its authorization, and the payment of semi-annual interest is made certain by the assignment for that purpose of a large percentage of the current receipts from taxation.

Unwise addition to the City debt, inexpedient legislation or financial disorder may temporarily affect the market value of its loans, but it is not to be anticipated that the faith of the City will ever be violated by any deliberate act that will endanger their security.

Respectfully,

ALEXANDER HENRY,

Mayor of Philadelphia.

Mr. Marcer

Moved that the message be referred to the Committee on Finance.

Which was agreed to.

The following message was received from the Mayor :

OFFICE OF THE MAYOR OF THE
CITY OF PHILADELPHIA, *May 6, 1865.*

To the President and Members of the
Common Council of the City of Philadelphia :

GENTLEMEN :—I transmit a copy of a letter from Commander James Madison Frailey, of the United States Navy, a citizen of Philadelphia, presenting to the City two six hundred pounds shot, obtained upon the evacuation of Charleston, S. C., which relics of the Rebellion, at his request, have been placed in the Hall of Independence.

Respectfully,
ALEXANDER HENRY,
Mayor of Philadelphia.

U. S. STEAMER TUSCARORA,
CHARLESTON, S. C., April 11, 1865.

SIR:—It affords me great pleasure to forward to you by the U. S. Steamer Massachusetts, Lieutenant Commanding W. H. West, which steamer leaves here to-day for Philadelphia, two of the six hundred pounds shots which, by the evacuation of Charleston by the rebels, fell into our possession.

Through the kindness of General Hatch, commanding this military department, they were permitted to be brought off, and thus forwarded.

The guns for which they were constructed were both destroyed by the rebels—one, on the first trial, shortly after its receipt, and the second, on the morning of the evacuation, having been previously prepared for that result to prevent its falling into our hands.

I send them as a relic of the Rebellion, and desire you to be pleased to place them in Independence Hall, or in any other suitable place selected by you.

Accept the assurance with which I am, sir,

Very respectfully,

Your obedient servant,

(Signed)

JAS. MADISON FRAILEY,
Commander, U. S. Navy.

ALEXANDER HENRY, ESQ.,

OFFICE OF THE MAYOR OF THE
CITY OF PHILADELPHIA, *May 25, 1865.*

To the President and Members of the
Common Council of the City of Philadelphia.

GENTLEMEN :—I transmit a certified copy, furnished for your information, of an Act, approved March 22, 1865, supplementary to "An Act relating to a company incorporated to make an artificial road from the City of Philadelphia through Germantown to the ten-mile stone at Chestnut Hill, and from thence to the new stone bridge over Perkiomen creek in Montgomery county, approved twelfth of February, one thousand eight hundred and one."

The second section of this Act requires Councils, within six months from its date, to appoint three persons, who, jointly with the appointees of the President and Managers of the Germantown and Perkiomen Turnpike Company, and with others, to be named by the Supreme Court, shall estimate the value of the franchises of the said Company, with a view to their purchase by the City of Philadelphia.

Respectfully,

ALEXANDER HENRY,
Mayor of the City of Philadelphia.

An Act relating to a Company incorporated to make an artificial road from the City of Philadelphia through Germantown to the ten-mile stone at Chestnut Hill, and from thence to the new stone bridge over Perkiomen creek in Montgomery county, approved twelfth February, one thousand eight hundred and one.

Whereas, by an Act of the General Assembly of the State of Pennsylvania, approved the twelfth day of February, one thousand eight hundred and one, a company was incorporated to make an artificial road from the City of Philadelphia through Germantown to the ten-mile stone at Chestnut Hill, and from thence to the new stone bridge over Perkio-men creek in the county of Montgomery; *and whereas*, by the twenty-third section of said Act, the State reserved the right to resume the rights and privileges granted therein, upon the payment of the value of the property therein, at any time after the year one thousand eight hundred and twenty, to be appraised as therein specified; *and whereas*, the privileges therein granted to said Corporation have become onerous and burthensome to the citizens of the City of Philadelphia; *and whereas*, the said artificial road should be made a free or public road: therefore,

SECTION 1. Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met. and it is hereby enacted by the authority of the same, That all the rights and privileges reserved to the State to resume possession of said road is hereby transferred to and vested in the City of Philadelphia.

SEC. 2. That the Select and Common Councils of the City of Philadelphia is hereby required within six months to appoint three persons, and the President and Managers of said road are also required to appoint three persons, and the Judges of the Supreme Court to appoint three persons, in accordance with the provisions of said Act of twelfth day of February, one thousand eight hundred and one, who shall proceed to examine and estimate the value of the property which said Company have therein, and certify the amount to the Mayor of the City of Philadelphia, who shall cause the same to be laid before the Councils of the said City at their next meeting.

SEC. 3. That whenever the Councils of the City of Philadelphia shall agree to pay the sum, so certified to be the value of the property of said Company, to the said President and Managers thereof; and from the time of so paying or tendering the payment as aforesaid, the right of said Company to take toll on said road shall cease and determine,

as provided in said Act of February twelfth, one thousand eight hundred and one.

A. G. OLMSTED,

Speaker of the House of Reps.

WM. J. TURRELL,

Speaker of the Senate.

Approved, the twenty-second day of March, Anno Domini, one thousand eight hundred and sixty-five.

A. G. CURTIN.

OFFICE OF THE SECRETARY OF THE COMMONWEALTH.
HARRISBURG, *April 5, A. D. 1865.*

I do hereby certify, That the foregoing and annexed is a full, true and correct copy of the original Act of the General Assembly, entitled "An Act relating to a Company incorporated to make an artificial road from the City of Philadelphia through Germantown to the ten-mile stone at Chestnut Hill, and from thence to the new stone bridge over Perkiomen creek in Montgomery county," approved twelfth February, one thousand eight hundred and one, as the same remains on file in this office.

In testimony whereof, I have hereunto set my hand, and caused the seal of the Secretary's office to be affixed, the day and year above written.

W. H. ARMSTRONG,

Deputy Secretary of the Commonwealth.

Which was read and laid on the table.

Also, the following message :

To submit to Council.	

To the Select and Common Councils
of the City of Philadelphia.

The Committee on Finance, to whom was referred an ordinance entitled "An Ordinance creating a loan for the further extension of the Water Works," respectfully report:

That the said ordinance had the approval of the late Committee on Water. The subject, being a very important one, has claimed the attention of Councils, more or less, for the last five or six years.

The demand for the extension constantly increases. Several of the Wards in the City are, at times, without any water, and the citizens subjected to great inconvenience and annoyance by reason thereof. The Committee are convinced that improving and extending facilities for securing a better supply of water, would add much to the comfort of a large proportion of our population, beside proving highly remunerative to the "Department for supplying the City with Water."

The Committee report back the ordinance with a resolution for its publication, and recommend its passage.

AN ORDINANCE

Creating a loan for the further extension of the Water Works.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain.* That the Mayor of Philadelphia

oe and he is hereby authorized to borrow on the credit of the City, from time to time, such sums of money as may be necessary for the further extension and improvement of the Water Works, not exceeding in the whole the sum of one million of dollars, for which interest, not to exceed the rate of six per cent, per annum, shall be paid half yearly, on the first days of January and July, at the office of the City Treasurer. The principal of said loan shall be payable and paid at the expiration of thirty years from the date of the same, and not before without the consent of the holders thereof; and the certificates therefor, in the usual form of the certificates of City loan, shall be issued in such amounts as the lenders may require, but not for any fractional part of one hundred dollars, or if required in amounts of five hundred or one thousand dollars; and it shall be expressed in said certificates that the said loan therein mentioned, and the interest thereof, are payable free from all taxes.

SEC. 2. Whenever any loan shall be made by virtue thereof, there shall be, by force of this ordinance, annually appropriated out of the income of the corporate estates and from the sum raised by taxation, a sum sufficient to pay the interest on said certificates; and the further sum of three-tenths of one per centum on the par value of such certificates, so issued, shall be appropriated quarterly out of said income and taxes to a sinking fund; which fund, and its accumulations, are hereby especially pledged for the redemption and payment of said certificates.

RESOLUTION

To publish a Loan Bill.

Resolved, That the Clerk be authorized to publish in two daily newspapers of this City daily for four weeks, the ordinance presented to the Common Council on Thursday, January 12th, 1865, entitled "An Ordinance creating a loan for the further extension of the Water Works." And the said Clerk, at the stated meeting of Councils after the expiration of four weeks from the first day of said publication, shall present to this Council one of each of said newspapers for every day in which the same shall have been made.

APPENDIX No. 11.

ANNUAL REPORT OF THE CITY CONTROLLER.

To the Select and Common Councils
of the City of Philadelphia.

DEPARTMENT OF CITY CONTROLLER, }
Philadelphia, January, 1865. }

GENTLEMEN:— Herewith is respectfully submitted the Eleventh Annual report of the City Controller, for the fiscal year 1864.

Total expenditure for the year 1864, as per statement.....	\$10,215,063 42
From which deduct as follows :	
Temporary loans paid off.....	\$500,000 00
Relief of families of volunteers... ..	623,976 75
Defence of the City.....	18,963 02
Chestnut Street Bridge.....	82,033 40
City Bounties Nos. 1, 2, 3, and 4.....	4,225,060 96
School Loan.....	2,750 00
Returned Trust Funds.....	429 80
Municipal Hospital.....	15,412 18
Outstanding Warrants, 1863 and prior.....	920,697 71
	<hr/>
	\$6,389,323 82
Leaving the amount actually paid for the Departments for the year 1864.....	3,825,739 60
To which add the amount of Department warrants outstanding, 1864.....	1,844,414 04
	<hr/>
Showing the total cost of the Department for 1864 to be	<u>\$5,700,153 64</u>

Considering the increased cost of materials and labor and the advances made in the salaries of the police, teachers in public schools, and to the officers, &c., of the several Departments of the City, it is a pleasure to notice the economical administration of the Departments during the past year. After deducting the amounts paid, other than the ordinary expenses of the several Departments, the increased expenditures for 1864 are less than eight per cent. advance on the amount expended by the same Departments in 1863, while the cost for materials, labor, &c., have been fifty per cent. average increase.

The amount expended for relief of families of volunteers, defence of the city, and for bounties for 1864, equals the sum of \$4,898,000 73; and while I heartily commend the principle to provide liberally for the enlistment of volunteers, and the comfort of their families while absent, I notice it as an unusual expenditure warranted by the occasion, and which has in a degree prevented the prompt payment for materials and labor furnished by our citizens.

The funded debt of the city has increased \$4,226,758 12, being \$671,242 61 less than the amount actually paid for war purposes, as above stated, during the year.

By the statement of the "Receipts by the City Treasurer," the revenue is much larger than was anticipated at the commencement of the year, and it is believed the receipts for 1865 will not fall short of the past year.

The necessity of causing Departments placing claims in the hands of the City Solicitor, or entering liens against individuals, to so keep their accounts that the return to this department may form a better check than at present exists is suggested. And I would respectfully recommend that accounts with each Department be opened by the City Solicitor and the returns be made to the Departments to which the same is due, and by them to the Treasurer, and both returns filed in this office.

I would again call the attention of Councils to the need of means to investigate the correctness of accounts presented to this Department, and that, having the authority, he should also have the means to prosecute investigation when deemed necessary.

Very respectfully,

JOS. R. LYNDALL,

City Controller.

COMMONWEALTH OF PENNSYLVANIA.

City of Philadelphia, ss.

On the 18th day of January, A. D. 1865, personally appeared before, me, the subscriber, Mayor of the City of Philadelphia, JOSEPH R. LYNDALL, who being duly sworn doth depose and say, that, to the best of his knowledge and belief, the foregoing statement of the Finances of the said City of Philadelphia is just, correct and true, having been carefully compared with the vouchers on file in the Controller's Department of said City.

JOS. R. LYNDALL,

City Controller.

Sworn and subscribed before me the date above written.

Witness my hand and seal of the City of Philadelphia.

ALEXANDER HENRY,
Mayor of Philadelphia.

APPENDIX No. 12.

OFFICE CHIEF ENGINEER OF THE FIRE DEPARTMENT,

City Hall, S. W. corner Fifth and Chestnut Sts.,

PHILADELPHIA, *January 18, 1865.*

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—I have the honor to herewith present my Fifteenth, Sixteenth and Seventeenth Quarterly Reports of Fires, occurring from April 1st, 1864, to December 31st, of the same year, as follows:

The number of fires, of all descriptions, during April,
May and June was..... 104
The State House, or station bells, rung for..... 43

The estimated loss amounted to.....	\$179,210 00
The insurance to.....	118,505 00
	<hr/>
Leaving a loss over insurance of.....	\$60,705 00
	<hr/>

The number of fires during July, August and September was..... 126
 The State House, or station bells, rung for..... 49

The loss amounted to.....	\$590,835 00
The insurance to.....	281,915 00
	<hr/>
Leaving a loss over insurance of.....	\$308,920 00
	<hr/>

During this quarter several disastrous fires occurred, which will account for the very large loss enumerated above.

The total number of fires during October, November and December was..... 80
 The State House, or station bells, rung for..... 31

The estimated loss for the quarter amounted to.....	\$79,805 00
The insurance to.....	44,180 00
	<hr/>
Showing a loss over the insurance of..	\$35,625 00
	<hr/>

In conclusion, it affords me much pleasure to report the entire apparatus of the various companies in most excellent condition; and the efficiency and correct deportment of the members of the Department still continues unabated.

With much respect, your obedient servant,

DAVID M. LYLE,
Chief Engineer, Fire Department.

APPENDIX No. 13.

DEPARTMENT OF SURVEYS,
January 18th, 1865.

To the President and Members of the
Common Council of the City of Philadelphia.

GENTLEMEN:—In reply to resolution instructing the Chief Engineer and Surveyor to report the reason why the iron superstructure of the Chestnut Street Bridge has not been completed as per terms of contract, executed April 8th, 1862, I would state: That on 29th May, 1862, official notice was given Messrs. Wilcox & Whiting, that the working drawings were ready for their use, and that the work should proceed forthwith. Their acknowledgment of this notice, 30th May, 1862, states, that the pig iron necessary for the structure is on the ground; the patterns somewhat advanced; and the work would be proceeded with at once.

Complaint was then made by them, that the restriction in their contract, which compelled the employment of residents of Philadelphia only upon this work, (their establishment being at Kaighn's Point,) retarded their operations, and prevented the employment of the necessary force. This was therefore removed by Councils, and by letter of January 2d, 1863, they were so notified. The castings were made very expeditiously until March, 1863, at which time near 1,700,000 pounds were piled up at the Foundry, which is about one half the weight of cast iron required. The planing and fitting should at this time have been in progress, which was often urged upon them, but it was stated that a new machine, especially designed for this structure, must be built, which would perform all the work required by the time it would be wanted. Yet by the fall of 1863 but little progress had been made in the new machine, and only about 400,000 pounds more of castings made; but during this time the establishment was driven to its full power upon Government and other work than ours. No release was granted on account of the want of forwardness in the masonry, and none was asked, for all could see that in the beginning of winter in 1863, the abutments were nearly ready for the iron arches with

their false works, and a short time only must elapse before the pier would be also ready; and that if the iron work had been prepared, it could have been raised in position during the spring and summer of 1864.

Many and urgent were the personal appeals that were made for more energy, but the pressure of other work, which certainly was more remunerative—for our contract was based on prices of 1861—kept our work in the back ground; and the new machine was not in operation until late in August of 1864. This of course was too late for any work of raising to be done last fall, as the river must be clear of ice before any “false works” can be erected, upon which the iron is to be set in place; three months work of the new machine, planed all the castings ready for it, weighing 1,500,000 pounds, and had *it* been completed at an earlier date the question of delay would not have been opened.

There have been changes in the administration of the works, of which I was advised at the time, but assured that they could and would not effect the fulfillment of our contract, how far such has been the case I of course am not so advised as to embody in this report.

In May, 1863, “The National Iron Armor and Ship Building Company,” of which Messrs. Wilcox & Whiting were stockholders, took possession of the establishment; and in April, 1864, Mr. Henry Simons of this city became the principal if not the sole proprietor of the works, but Mr. Whiting of the late firm has been engaged until lately at the establishment and upon our bridge work, and our communications have been and are still addressed to Messrs. Wilcox & Whiting as the principals in our contract.

The condition of the work now is such, that if the proper energy is displayed, the superstructure may be placed in position during the coming spring and summer, as the entire castings are nearly completed, and much of the fitting done, yet there is much small work of trimming, fitting, bolts, reaming, &c., &c., which will require care and time. The castings are now being laid together at the foundry, preparatory to this, but as it of necessity must be done in the open air, the inclement season just past and now upon us, tends much to unavoidable delay.

In a conversation had on Monday last with Mr. Simons, he assured me, that all the force required for the earliest completion of the work, will at once be put upon it, regardless of expense, and that he only awaits the fitting together on the ground of the several parts, to reply to the communication sent asking that a time may be fixed when the entire structure may probably be ready for public use. He tells me that Messrs. Stone, Quigley & Burton have been engaged to build his false works, which are to be ready about the first of April, when he trusts the erection of the superstructure will commence and be pushed with all vigor.

I would say that it is impossible for me to form any reliable judgment as to the time that will be required to place this work in position, as it is in character somewhat different from that to which our machinists are accustomed, but should suppose that it would not occupy more than three or four months after the "false works" are erected; during which time all the work necessary upon the masonry of the approaches can easily be finished.

Respectfully submitted,

STRICKLAND KNEASS,
Chief Engineer and Surveyor.

RESOLUTION

Approving the sureties of Alfred L. Dungan, Receiver of Taxes of the Twenty-third Ward.

Resolved, by the Select and Common Councils of the City of Philadelphia, That Benjamin M. Dungan and Benjamin Shallcross are hereby approved as the sureties of Alfred L. Dungan, Receiver of Taxes of the Twenty-third Ward, and the City Solicitor is hereby directed to prepare a bond with warrant of attorney for said parties to execute and to have judgment entered thereupon.

GENTLEMEN:—The Committee on Finance, to whom was referred an Ordinance, entitled “An Ordinance to make an appropriation to pay Charles A. Dean and Albert Lawrence, Assessors of the Thirteenth Ward, for extra services.”

Respectfully report, that they have examined the subject, and find by an Ordinance, approved January 3, 1865, an appropriation of \$6,200 was made to pay Assessors of the City for extra services in making the military assessments and the extra assessments for November, under Act of Assembly. That it was the intention of the said Ordinance to pay to each Assessor the sum of \$100, but the amount appropriated would pay sixty-two Assesors only, while there are sixty-four.

To correct this error, the Committee report the annexed ordinance and recommend its passage.

AN ORDINANCE

To make an Appropriation to pay Charles A. Dean and Albert Lawrence, Assessors of the Thirteenth Ward, for extra services.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the sum of two hundred dollars be and the same is hereby appropriated to the City Commissioners for the purpose of paying to Charles A. Dean and Albert Lawrence, Assessors of the Thirteenth Ward, each the sum of one hundred dollars, for extra services rendered by them during the year 1864, in making the military assessments and the extra assessment required by law previous to the November election, and warrants for the same shall be drawn by the City Commissioners.

A SUPPLEMENT

To an Ordinance authorizing the construction of a Sewer on Green street, Fifteenth Ward, approved November 2d, 1864.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the provisos contained in the first and second sections of the ordinance to which this is a supplement, be and the same are hereby repealed, and the excess of the cost of said sewer, over and above the amount chargeable to the properties along the line of said sewer, shall be paid out of the Item "For the construction of Branch Culverts," in the appropriation to be made to the Department of Highways for the year 1865: *Provided*, That the said excess shall not exceed the sum of twenty-five hundred dollars.

COMMITTEE ROOM, *January 19th*, 1865.

To the President and Members of the
Select and Common Councils of the City of Philadelphia.

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was referred the annexed bill, supplementary to an ordinance authorizing the construction of a sewer on Green street, from Twenty-second to Twenty-fourth, find that an addition to the sum originally provided for the building of this sewer is necessary, from the fact that much of the excavation will be in rock, and the estimate prepared was for earth excavation only. The property owners here pay their assessment as directed by law.

The proposals received for this work, in which rock was

considered, show that an addition of about \$900 to the amount already provided will cover the cost.

We therefore recommend the adoption of the bill submitted, with the alteration of sum therein named from \$2,900 to \$2,500, as the total cost.

AN ORDINANCE

Providing for the creation of a loan for the benefit of the families of Volunteers.

SECTION 1. *The Select and Common Councils of the City of Philadelphia*, That the Mayor is hereby authorized to borrow on the credit of the corporation, such sums of money as may be required by the City Treasurer, from time to time, to provide for the families of volunteers from the City of Philadelphia in the service of the United States, not exceeding in the whole the sum of six hundred thousand dollars; for which interest not to exceed the rate of six per cent. per annum shall be paid half yearly, on the first days of January and July, at the office of the City Treasurer. The principal of the said loan shall be payable and paid at the expiration of thirty years from the date of the same, and not before, without the consent of the holders thereof, and certificates therefor, in the usual form of City Loans, shall be issued in such amount as the lenders may require, but not for any fractional part of one hundred dollars, or if required, in amounts of five hundred or one thousand dollars, and it shall be expressed in said certificates that the said loan therein mentioned and the interest thereof are payable free from all taxes.

SEC. 2. Whenever any loan shall be made by virtue hereof, there shall be, by force of this ordinance, annually appropriated out of the income of the corporate estates, and from the sum raised by taxation, a sum sufficient to

pay the interest on said certificates; and the further sum of three-tenths of one per cent. on the par value of such certificates so issued shall be appropriated quarterly, out of the income and taxes, to a sinking fund, which fund and its accumulation are hereby specifically pledged for the redemption and payment of said certificates.

APPENDIX No. 19.

AN ORDINANCE

Creating a loan to pay certain deficiencies of the year 1864, and previous years.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Mayor of Philadelphia be and he is hereby authorized to borrow on the credit of the City, from time to time, such sums of money as may be necessary for the payment of such deficiencies as now exist, or which may exist on the first day of January, 1865, in the appropriations to the several departments of the City Government, for the year eighteen hundred and sixty-four, or for previous years, not exceeding in the whole the sum of two millions five hundred thousand dollars, for which interest, not to exceed the rate of six per cent. per annum, shall be paid half yearly, on the first days of January and July, at the office of the City Treasurer. The principal of said loan shall be payable and paid at the expiration of thirty years from the date of the same, and not before, without the consent of the holders thereof; and the certificates therefor, in the usual form of the certificates of City loan, shall be issued in such amounts as the lenders may require, but not for any fractional part of one hundred dollars, or if required in amounts of five hundred or one thousand dollars; and it shall be expressed in said certificates that the loan therein mentioned, and the interest thereof, are payable free from all taxes.

SEC. 2. Whenever any loan shall be made by virtue thereof, there shall be, by force of this ordinance, annually appropriated out of the income of the corporate estates and from the sum raised by taxation, a sum sufficient to pay the

interest on said certificates; and the further sum of three-tenths of one per centum on the par value of such certificates so issued, shall be appropriated quarterly out of said income and taxes to a sinking fund; which fund, and its accumulations, are hereby especially pledged for the redemption and payment of said certificates.

RESOLUTION

To publish a loan bill to pay deficiencies.

Resolved, That the Clerk be authorized to publish in two daily newspapers of this City daily, for four weeks, the ordinance presented to the Common Council on Thursday, January 19, 1865, entitled "An Ordinance creating a loan to pay certain deficiencies of the year 1864, and previous years." And the said clerk, at the stated meeting of Councils after the expiration of four weeks from the first day of said publication, shall present to this Council one of each of said newspapers for every day in which the same shall have been made.

PREAMBLE AND RESOLUTIONS

Requesting the Legislature not to pass a certain law.

Whereas, It is contemplated to introduce a bill before the Legislature of the State of Pennsylvania, thereby creating a Commission to purchase certain grounds on the west bank of the river Schuylkill, between Callowhill street and the Columbia avenue, for the purpose of laying out an additional public park, placing said intended park, together with the present park, in the hands of the before mentioned Commission, while taking the control of the latter from the City authorities.

And whereas, Should said bill be passed, it would involve the City in a very large amount of money, which Councils would be compelled to raise by loan, beside embarrassing considerably the municipal government of said City. Therefore, be it

Resolved, By the Select and Common Councils of the City of Philadelphia, that we do earnestly protest against the passage of any such law, and respectfully request the members of the Legislature from this City to use their best endeavors to have the same defeated, and also request the Governor in the event of its passage, to withhold his signature.

Resolved, That a copy of the foregoing Preamble and Resolution be transmitted by the Clerk, to each member of the Senate and House of Representatives, and to the Governor of the Commonwealth.

APPENDIX 23.

Thirtieth Annual Report of the Trustees of the Philadelphia Gas Works, January, 1865

To the Select and Common Councils
of the City of Philadelphia.

In conformity with the Ordinances "for the construction and management of the Philadelphia Gas Works," the Trustees present their Thirtieth Annual Report.

The contingent fund of the trust amounted on the 1st of January, 1865, to the sum of \$1,189,546 65, which has been applied to the cost of extension of the works, and to that extent has avoided the necessity of loans, which otherwise would have been necessary.

The quantity of gas manufactured during the year has been 794,676,000 cubic feet; the increase over the previous year is 58,978,000 cubic feet.

The whole quantity made under the trust from its commencement is 7,699,927,000 cubic feet.

The largest consumption in twenty-four hours to this time, is 3,586,000 cubic feet.

The street mains laid during the year, have a length of 39,045 feet, making the entire length of main pipes 458 $\frac{3}{4}$ miles. The whole number of public lamps under the care of the trust on the 1st inst., was 7369, of which 7351 are lighted with gas, and eighteen with fluid.

The entire number of lights supplied with gas from the City Works, is 588,497, being an increase of 30,518 during the year

It is a source of gratification to be able to inform Councils that the trust is in a very prosperous condition, having been able promptly to meet all engagements entered into during the course of the year's business, as well as to make the necessary provision required by Ordinances of Councils for the Sinking Fund.

Bituminous coal, which enters so largely into the manufacture of gas, is now double the price that was formerly paid for it, and under our present contracts, we are being supplied now at the rate of eleven dollars per ton; all other materials used, as well as the labor employed in the manufacture and distribution of gas, are considerably

increased in price, which rendered it absolutely necessary for the Trustees to raise the price of gas; this was accordingly done and our citizens, we are sure, will agree with us, that it was absolutely unavoidable under the circumstances, and will regard it as one of the evils incident to the present unfortunate condition of our National affairs.

In December last, Councils, by Ordinance, authorized a loan of one million dollars for purposes set forth in the same; as yet none of the work contemplated has been performed, but as soon as the weather permits, it will be commenced and hastened to a completion, to meet the growing demands for gas, especially in the Twenty-second and Twenty-fourth Wards.

During the past year an event occurred, which was as sudden as it was unexpected: John C. Cresson, Chief Engineer of the Works, for over a quarter of a century, dissolved his connection with the trust by tendering his resignation, his long and faithful service in a position of so much responsibility induced the trust, as a mark of its esteem to tender him a suitable testimonial, which was accepted.

To properly discharge the duties of Chief Engineer of the Philadelphia Gas Works, requires scientific knowledge as well as integrity of character; these were happily found in the person of his successor, Thomas S. Stewart, who has had charge of the works since the resignation of Mr. Cresson.

No other changes occurred in the Executive Officers of the trust, during the year, and justice to the gentlemen now occupying those important positions, requires that they should be congratulated for the able manner in which they have discharged their duties.

In conclusion, the Trustees desire to call the especial attention of Councils to the uniformly successful manner in which the affairs of this trust have been conducted, for a period of thirty years; and they ask for it a continuance of that confidence, which has always been manifested by them.

By direction of the Board of Trustees.

ENGINEER'S REPORT.

To the Trustees of the Philadelphia Gas Works :

GENTLEMEN:—The Chief Engineer has the honor of submitting to the Board of Trustees the Annual Report, exhibiting the condition of the Works and the results of operations during the year 1864.

The product of the factories belonging to the Trust has been as follows :

323,407,000	cubic feet	were made at	First	Ward	Works.
308,175,000	do.	do.	do.	Ninth	do.
136,676,000	do.	do.	do.	Fifteenth	do.
16,418,000	do.	do.	do.	Twenty-first	do.

794,676,000 Total for the year, being an increase of $8\frac{2}{100}$ per cent. on last year's product, and for the first six months of the year; viz., from January to July $11\frac{1}{2}$ per cent., and from July to January 1st, 1865, $4\frac{1}{2}$ per cent. increase over the corresponding periods of 1863.

From the commencement of the Works the quantity of gas made has been seven thousand six hundred and ninety-nine millions, nine hundred and twenty-seven thousand cubic feet.

The largest consumption in twenty-four hours was three million five hundred and eighty-six thousand cubic feet.

The quantity of materials used in the production for the year, is given in the following

STATEMENT.

There are now, under the charge of the Trust, placed throughout the wards of the City, 6928 public street lamps, supplied by gas from the Works, and 18 with fluid ; total, 6,946.

39,045 lineal feet of street mains have been laid during the year, making the aggregate length of main pipe belonging to the Trust 2,422,497 feet, or 458 $\frac{3}{4}$ miles.

Under the resolution of the Board of June 12th, 1864, directing the Engineer to make arrangements, as soon as convenient, for the introduction of Clay Retorts at one of the Works, the location of the buildings used as the factory for wood gas, at the Ninth Ward Station, was fixed upon as the most suitable, for the reasons: that the cost of construction would be much less there than if erected elsewhere; it could be made, throughout, independent of the other works of that station, this being imperative, because of the necessity of ascertaining the value of the results, and cost of the same:—also the brickwork of the six benches of wood retorts therein were much disrupted from expansion and use, and they would want renewing about the time of commencing the new erection; and wood of suitable quality out of which to distil gas, had become so scarce and costly that their continued operation, under the circumstances, would not be profitable to the Trust.

The old building being, in most part, a temporary construction of wood, was removed and a plain but substantial one of brick erected in its place, it is 137 feet long, 30 feet wide, and 27 feet high, the wrought-iron framed roof of the former building covered with galvanized iron, was enlarged by means of a peculiar form of construction in the new building and answers the present purpose exceedingly well.

In this retort house are fourteen benches in single line, containing seventy-two fire-clay retorts, and in the eastern end abutment of the section, two benches for experimental purposes, and retaining intact the former experimental apparatus and room.

The retorts are in form like to York Ds 9 feet long, and 12 by 20 inches in diameter in the clear, twelve benches are set with five retorts, and two with six retorts in each; the hydraulic main is 18 inches; auxiliary main 14 inches, and the stand pipes six inches each in diameter in the clear.

The hydraulic main is divided into six sections by diaphragms that dip into the tar sufficiently to form

hydraulic seals, each of these sections is connected to the auxiliary main by take offs and arch pipes, by the appliance of slide valves to which each section can be worked independent of the others or allow the removal of the dip pipes, &c., of any section not in use. A ten-inch main connects the works with a pair of washers 11 feet high by 24 inches diameter, an exhauster and compensator of Mackenzie's patent and an independent, to which is applied a self-acting valve; these are the main features of the new work, which are arranged so as to work into the old purifying house wherein were previously constructed double sets of refrigerators, purifying boxes, condensers, &c., with their six-inch connecting pipes to station meters Nos. 1 and 4, wherein few alterations were required to adapt them so as to allow of being worked single or together, as the number of retorts in action may require. and the results to be obtained for record.

This work was begun about the middle of August last, and thirty of the retorts were put in operation December 13th, with results thus far highly satisfactory, but sufficient time has not yet elapsed wherein proper practical data can be obtained to pronounce decisively upon their ultimate merits, as compared with iron retorts.

The following estimate may be stated as nearly correct:

The seventy-two retorts are capable of carbonizing from thirty-two to thirty-eight tons of coal in the twenty-four hours, the comparative saving of coke in firing the retorts is five bushels per nett ton of coal carbonized.

That the quality of the gas made in the clay retorts is equal to that made in the iron.

That the cost of renewing the retorts, fire bricks and settings at present prices, taking into account their respective durability, would be a saving in favor of the clay retorts to the amount of one dollar per nett ton, for each ton of coal carbonized.

That the cost of labor in working is about the same with both kinds of retorts, with great economy in room or space, by the use of clay retorts.

That the coke produced from the clay retorts is fully equal in quality and quantity to that from iron.

Under the resolution of the Board of June 27th, 1864, authorizing the Chief Engineer to carry into effect his

plans, as communicated to them May 13, for the purpose of more speedily storing coal at Point Breeze station, the work was commenced as soon as practicable.

This new work is to consist of a continuance of the branch of the Pennsylvania Railroad from its present terminus at the coal chutes, westwardly along the northern line of the property of the trust, until it reaches the range of the western ends of the coal stores, thence to turn by a curve of about 200 feet radius, and then to pass across the western side of the lot and ends of coal stores, and to be elevated upon stone piers of sufficient height to bring this road upon the same horizontal plane as the present railroads in the clear stories of the coal stores, into and along which the ten ton cars of the Pennsylvania Railroad are to be run, and the coal dumped or dropped into the stores beneath.

The elevation of the railroad as it is to be extended across the west side of the lot will be about 28 feet, and constructed in width for three or more tracks, and roofed over so as to form coal or other stores under the same.

The progress made in the construction of this work has been very unsatisfactory, owing to the great difficulty in procuring sufficient building stone of the requisite quality, without paying for them a price so much above what the Engineer believed a fair one, or that the present necessity of the works would justify in giving, in consequence of which the stone masons were stopped and the work discontinued, except the few hands to work up the comparative small quantity of stone procured.

The piers and western fronts of three of the stores are nearly up to their height, and most of the foundations for the piers across the west side of the lot are laid, and a number of them 8 or 10 feet above the ground, in all there has been laid 774 perches quarry measurement, and 1700 perches more delivered on the ground.

An additional tar tank has been constructed 43 feet in diameter by 20 feet deep, adjoining the other tar wells.

Over the tar outlets and place for filling barrels a shed for the protection of the men has been erected 40 by 16 feet, and 14 feet high.

A culvert drain from coal stores has been built, 170 feet long; 1548 feet of permanent, and 362 feet of temporary railroad for storing coal with the temporary cars, also 200

feet of trestle-work forming an inclined plane for the railroad running into coal stores, and an extension of the trestle-work on the wharf of 40 feet long by 16 feet wide, have been laid and constructed.

The factories have been worked to their utmost capacity in carbonizing coal, in order to maintain the required supply of gas, during the last months of the year; every retort taxed to its utmost, often above it, especially at times when obliged to carbonize wet and icy coals; but for the forecast of the Board in directing the construction of the clay retort works at a sufficiently early date to ensure the assistance of their production before the weeks of greatest consumption, it would have been hardly possible to have maintained the required supply, especially when connected with the fact of having no surplus stores, nor indeed any store-room to fall back upon. Since the 20th of October last, when from some unfortunate cause, as yet inexplicable the lower section of the Point Breeze holder was badly ruptured.

The want of a full supply of gas to some of the wards—the Twenty-second and Twenty-fourth especially—has been a grave matter of concern with the Board, the especial attention of the Superintendent of Distribution and of the Engineer was called to it, with the desire of their being able to suggest a feasible plan, the cost of carrying which into effect would be within any means legally at the disposal of the Board, all estimates however proved far above their means, and the only course left them to pursue, was to *enlighten* members of Councils so as to enable them to see the importance of the speedy passage of the Ordinance reported to them by the Committee on Gas, February 18th, 1864, entitled a loan for the further extension of the Philadelphia Gas Works, which ordinance was not passed until December 22d a period entirely too late in the year for the extension of the mains, &c.

This subject-matter has been fully and clearly stated, and the difficulties since realized, are pointed out by your late eminent Engineer, John C. Cresson, in his report for 1863, to which it will not be out of place to call especial attention at this time.

The deliveries of coal by the contractors at Point Breeze Works, has been very irregular and uncertain as to time

and quantity the consequence of which is, that the storing is attended with much increased cost from the necessity of having to retain under pay double corps of hands for the purpose, whether constantly employed or not; one party storing by means of the hydraulic hoists, and the other by the railways extending from the coal chutes into the stores by means of temporary constructed coal cars.

The present unsettled commercial and financial condition of the country, the great demand for, and consequent advanced cost of labor has so increased the cost of all the appliances for the manufacture and distribution of gas, that an approximate increase in the current expenditure must be expected, notwithstanding the exertions made to maintain the most rigid economy.

During the past year a large number of the employees of the trust again promptly responded to the call of the Governor for volunteers for the defense of the State against rebellion; by resolution of the Board, July 8th, 1864, the names of these patriotic men were retained on the books of the trust and half pay allowed and paid to their families during their absence, and their places reserved for them upon their return.

It would be unjust to conclude this report for the year without expressing my personal regard for, and of adding my testimony to the diligent and faithful attention given to the interests and important affairs of the trust, by my assistants and other officers; and also to state to the credit of the mechanics, that the new works for the introduction of clay retorts, has been erected and put up in all its branches by the regular employees of the station under the direction of the foreman of those works.

The subjoined tabular statements present a full exposition of the works for the past year, and also for the entire term of their operations, about twenty-nine years.

Respectfully,

THOMAS S. STEWART, *Chief Engineer.*

PHILADELPHIA GAS WORKS, *January 18th, 1865.*

REPORT OF THE CASHIER.

To the Trustees of the Philadelphia Gas Works:

GENTLEMEN:—I submit the accounts of the Works for the year 1864, which show a profit of \$618,915 91, from which, after deducting the amount of interest on loans, the interest paid on stocks of the several Gas companies, and the appropriations to the several Sinking Funds, is left the sum of \$351,706 35, to be passed to the credit of the Contingent Fund. This result has been produced by the supply of coal having been furnished for a considerable part of the year, under the old contracts for coal.

Such profits cannot be calculated on for the year 1865, as the prices at present paid for coal, under existing contracts and the increased cost of manufacturing gas, and of repairing and other expenses will be largely in excess of the prices paid for like objects in the year 1864.

The accounts are as follows:

The gross profits of the year amount to\$618,915 91

The appropriations for the year are as follows:

For Interest on Gas Loans including those payable at the City Treasury.....	142,450 00
For the Sinking Funds of all the Gas Loans.....	64,550 00
For eight per cent. on \$450,000. the valuation of the Spring Garden, Moyamensing, West Philadelphia and Frankford Gas Works.....	36,000 00
For Interest on the stock of the Southwark, Germantown, Manayunk and Richmond Gas Works, and appropriations to their several Sinking Funds.....	24,209 56

APPENDIX No. 24.

To the President and Members of the
Select and Common Councils of the City of Philadelphia,

GENTLEMEN:—Your Committee on Surveys and Regulations, herewith report an Appropriation Bill for the Department of Surveys for the year 1865.

JOHN W. EVERMAN <i>Ch'n</i> ,	THOS. A. BARLOW,
SAMUEL W. CATTELL,	PATRICK SHERN,
HIRAM MILLER,	P. O'ROURKE,
WM. A. SIMPSON.	

Jan. 19, 1865.

AN ORDINANCE

To make an appropriation to the Department of Surveys for the year 1865.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the sum of twenty-two thousand dollars be and the same is hereby appropriated to the Department of Surveys, to defray the expenses of the year 1865, as follows:

Item 1. For the Salaries of the Chief Engineer and Surveyor, Recording Clerks, Draughtsman and Rodman, seven thousand eight hundred dollars.

Item 2. For Stationery, two hundred dollars.

Item 3. For Record Books and Blanks, one hundred and fifty dollars.

Item 4. For Advertising, Carriage-hire, Cleansing and other office expenses and incidentals, seven hundred dollars.

Item 5. For the Salaries of twelve District Surveyors and Regulators, six thousand dollars.

Item 6. For completing lines and grades in the First Ward, between Morris and Curtin streets and Broad and Twenty sixth streets, as authorized by Resolution of Councils, approved May 10, 1862, (First Survey District,) six hundred dollars.

Item 7. For completing lines and grades in the First Ward, between Morris and Curtin streets and Broad and Fifth streets, and between Morris and Wolf streets, east of Fifth, as ordered by Resolution of Councils, approved May 10, 1862, (Second Survey District,) three hundred dollars.

Item 8. For arranging lines and grades in the First

Ward, between Wolf and Curtin streets, and Fifth street and the river Delaware, as ordered by Resolution of Councils, approved September 27, 1861, (Second Survey District,) three hundred and fifty dollars.

Item 9. For the completion of the grades and surveys of Manayunk, as per Resolution of November 6, 1856, (Eighth Survey District,) six hundred dollars.

Item 10. For line regulations of so much of the First Ward as lies between Wharton and Morris, and Mifflin street and the river Delaware, and Ninth street and Passyunk road, as directed by Resolution, approved March 24, 1864, (Second Survey District,) six hundred dollars.

Item 11. For line and grade regulations between Chew street and the Northern Liberty boundary and Fifth and Broad streets, as directed by Resolution of February 24, 1864, (Ninth Survey District,) six hundred dollars.

Item 12. For line and grade regulations between Gorgas and Carpenter streets and Mermaid lane, as directed by Resolution, approved June 6, 1864, (Ninth Survey District,) six hundred dollars.

Item 13. For new surveys and work that may be ordered during the year 1865, three thousand dollars.

Item 14. For Landmarks, (corner stones,) two hundred dollars.

Item 15. For examination of Sewers, for the purpose of recording in office, two hundred dollars.

Item 16. For preparing description of properties for municipal claims, one hundred dollars.

Provided, That no part of said appropriation for surveys shall be expended, except for work prosecuted in accordance with an ordinance or resolution of Councils. *And provided also*, That not more than one-half the amount appropriated to the items for salaries or supplies in this ordinance shall be expended prior to the first day of July, 1865, and that all bills rendered, except for new surveys, (otherwise provided for,) shall state distinctly the names of the men engaged in such survey, the number of days employed, and the charge per day of each, and the warrants shall be drawn by the City Engineer and Surveyor.

APPENDIX No. 25.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was referred the annexed resolution, directing them to report by bill or otherwise, for an improvement at the lower end of sewer now building on Frankford Road above Wildey street, report that the old sewer, into which it was intended to empty that now constructing, is found to be but in fact an inlet neck, extending from Allen street to the Cohocksink creek, and, for the greater distance, is but a wooden trunk, too shallow not only for the new sewer, but for private drainage.

The imperative necessity of the sewer now constructing, and the inefficiency of the old drain, has induced the Department to proceed with the work of the new sewer, with the assurance that a statement of the facts would ensure the extension so requisite.

Your Committee therefore append a supplement to ordinance, asking its adoption.

J. W. EVERMAN, <i>Ch'n</i> ,	THOS. A. BARLOW,
SAMUEL W. CATTELL,	PATRICK SHERN,

Jan. 19, 1865.

ORDINANCE

Supplementary to an Ordinance authorizing sewer on Frankford Road, northward from Allen street, Eighteenth Ward.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Chief Commissioner of Highways be and is hereby authorized and directed to extend the contract executed for the construction of sewer on Frankford Road, from Allen street northward to a point north of Wildey street, so as to comprise the extension of said sewer south-westward through Canal street, about two hundred feet, to the Cohocksink creek: *Provided*, The cost thereof shall not exceed the sum of four hundred and fifty dollars.

SEC. 2. That the sum of four hundred and fifty dollars

be added to the amount of limit of cost of said sewer, as specified in ordinance approved Nov. 27, 1864, and payable out of item of appropriation to the Department of Highway for branch culvert construction.

APPENDIX No. 26.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was referred the annexed petition for a sewer to drain the neighborhood of Thirty seventh street and Lancaster Avenue, find that this matter has been before Councils since 1862, and was then reported upon favorably, and submitted to Councils.

The Board of Surveyors report as to the necessity of this work, and recommend a sewer on Thirty-sixth street, from Filbert to Warren; thence on Warren to Thirty-seventh; and thence on Thirty-seventh street to Lancaster Avenue, and to be 4 feet diameter. It will be 1250 feet long, and will now cost \$5,000.

We present the accompanying bill, and urge its adoption.

J. W. EVERMAN, <i>Ch'n</i> ,	THOMAS A. BARLOW,
JAS. A. FREEMAN,	PATRICK SHERN,
SAMUEL W. CATTELL,	P. O'ROURKE,
HIRAM MILLER,	WM. A. SIMPSON.

Jan. 19, 1865.

AN ORDINANCE

Directing the construction of a sewer in the Twenty-fourth Ward.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Highways, &c., be and is hereby authorized and directed to construct a sewer, four feet diameter, upon the line of Thirty-sixth street, from Filbert to Warren street; thence on Warren street to Thirty-seventh street; thence on Thirty-seventh street to Lancaster Avenue, with such inlets as may be necessary for proper drainage. The said sewer to be constructed according to plans and specifications to be pre-

pared by the Chief Engineer and Surveyor. The Chief Commissioner of Highways shall advertise, according to law, for proposals for constructing said sewer, and shall allot the same to the lowest bidder, who will give the requisite security for the faithful performance of the work : *Provided*, The cost thereof shall not exceed the sum of \$5,000.

SEC. 2. That the sum of \$5,000 be and the same is hereby appropriated to the Department of Highways, for the purpose herein designated, the same to be taken out of a loan hereafter to be created for the construction of sewers. Warrants for the same to be drawn by the Chief Commissioner of highways, upon bills and estimates prepared by the Chief Engineer and Surveyor.

APPENDIX No. 27.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—Your Committee on Surveys and regulations, to whom was referred the annexed bill, directing the extension of the Sewer on Ninth street, from Berks to Norris street, and on Norris street from Ninth to Tenth street, find that this is an extension of the Cohocksink sewer, and its construction will throw much valuable property into use for buildings, which is now in open common, and must of necessity remain so until this sewer is built. During the last few years some hundreds of new houses have been built in this immediate neighborhood, and the owners of the property here alluded to as open common, only await the building of this Sewer to proceed with their improvements.

This bill was recommended by the last Committee on Surveys and Regulations, and we now add our approval to the bill submitted, with the alteration that the cost shall not exceed \$12,000.

J. W. EVERMAN, <i>Ch'n</i> ,	THOS. A. BARLOW,
SAMUEL W. CATTELL,	PATRICK SHERN,
HIRAM MILLER,	P. O'ROURKE,
WM. A. SIMPSON.	

Jan. 19, 1865.

AN ORDINANCE

To authorize the extension of the Cohocksink Sewer, in the Twentieth Ward.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Highways be authorized to construct a sewer with an interior diameter of nine feet, beginning at the termination of the Cohocksink Sewer on the line of Ninth street, at or near Berks street, thence continuing on said Ninth street, northward to Norris street, thence westwardly on Norris street to Tenth street with an interior diameter of thirteen feet. The said sewer to be constructed with such inlets as may be requisite for the proper surface drainage, in accordance with plans and specifications to be prepared by the Chief Engineer and Surveyor, and to be paid for by the Chief Commissioner of Highways, upon bills and estimates made out by the Chief Engineer and Surveyor. The Chief Commissioner of Highways shall advertise according to law for proposals for the construction of said sewer and shall allot the same to the lowest bidder.

SEC. 2. That the sum of twelve thousand dollars be and the same is hereby appropriated to the Department of Highways for the purposes herein specified, the same to be reimbursed from a loan hereafter to be created for the construction of sewers. Warrants for the same to be drawn by the Chief Commissioner of Highways upon bills and estimates prepared by the Chief Engineer and Surveyor.

APPENDIX No. 28.

A SUPPLEMENT

To an Ordinance to make an appropriation for the payment of Bounty to Volunteers, approved the third day of January, Anno Domini one thousand eight hundred and sixty-five.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That there shall be paid to each person who shall be mustered into the service of the United States, and credited to the quota of the City, for the ensuing draft, the sum of \$400 for one year, \$700 for two years, and \$1,000 for three years.

SEC. 2. That any enrolled citizen who shall furnish a substitute not liable to draft, and credit him to the quota of the City, shall receive the sum of \$500.

SEC. 3. That the warrants for the payment of the sums herein provided for shall be drawn in accordance with existing ordinances.

SEC. 4. That so much of the Ordinance to which this is a supplement, as is inconsistent with the provisions of this is hereby repealed.

APPENDIX No. 29.

A FURTHER SUPPLEMENT

To an Ordinance to make an appropriation for the payment of Bounty to Volunteers, approved the third day of January, Anno Domini, one thousand eight hundred and sixty-five.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That there shall be paid to each person who shall be mustered into the service of the United States, and credited to the quota of the City, for the ensuing draft, the sum of \$600 for three years.

SEC. 2. That any enrolled citizen who shall furnish a substitute for three years, not liable to draft, and credit him to the quota of the City, shall receive the sum of \$400.

SEC. 3. That the warrants for the payment of the sums herein provided for shall be drawn in accordance with existing ordinances.

SEC. 4. That so much of the Ordinance to which this is a supplement, as is inconsistent with the provisions of this, is hereby repealed.

APPENDIX No. 30.

AN ORDINANCE

Making appropriation for Rent of Station House, Twenty-second Ward.

The Select and Common Councils of the City of Philadelphia do ordain, That the sum of \$150 be appropriated from

Item No. 6 of the appropriation to the Department of Police, entitled an ordinance to make an appropriation to the Department of Police, for the year eighteen hundred and sixty-five, for rent of Station house in Twenty-second Ward.

APPENDIX No. 31.

AN ORDINANCE

To authorize an additional loan to aid the Enlistment of Volunteers.

SECTION. 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Mayor of Philadelphia be and he is hereby authorized to borrow on the credit of the City, from time to time, such sums of money as may be required to aid the enlistment of volunteers for service in the army of the United States, not exceeding in the whole the sum of two millions of dollars, for which interest not to exceed the rate of six per cent. per annum, shall be paid half yearly, on the first days of January and July, at the office of the City Treasurer. The principal of said loan shall be payable and paid at the expiration of thirty years from the date of the same, and not before, without the consent of the holders thereof; and the certificates therefor, in the usual form of certificates of City Loan, shall be issued in such amounts as the lenders may require, but not for any fractional part of one hundred dollars, or, if required, in amounts of five hundred or one thousand dollars; and it shall be expressed in said certificates that the said loan therein mentioned, and the interest thereof, are payable free from all taxes.

SEC. 2. Whenever any loan shall be made by virtue thereof, there shall be, by force of this ordinance, annually appropriated out of the income of the corporate estates, and from the sum raised by taxation, a sum sufficient to pay the interest on said certificates; and the further sum of three-tenths of one per centum on the par value of such certificates so issued, shall be appropriated quarterly out of said income and taxes to a sinking fund; which fund, and

its accumulations, are hereby especially pledged for the redemption and payment of said certificates.

RESOLUTION

Authorizing the Clerk to publish the Ordinance.

Resolved, That the Clerk be authorized to publish in two daily newspapers of this City daily, for four weeks, the ordinance presented to the Common Council on Thursday, January 26th, 1865, entitled, "An ordinance to authorize an additional loan to aid the enlistment of volunteers." And the said Clerk, at the stated meeting of Councils, after the expiration of four weeks from the first day of said publication, shall present to this Council one of each of said newspapers for every day in which the same shall have been made.

APPENDIX No. 36.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance, to whom was referred the annexed communication from the Trustees of the City Ice Boat, respectfully report, that the Trustees, in November last, asked for an appropriation of \$30,000, to pay the expenses of certain repairs in the City Ice Boat, which were then about being completed. This amount was fixed from the best information then in the possession of the Trustees as to the probable cost of the work and the appropriation made. Since that time the work has been completed, and the cost ascertained to be . \$39,089 44

Amount already appropriated,	. . .	30,000 00

DEPARTMENT OF SURVEYS,
OFFICE OF THE CHIEF ENGINEER AND SURVEYOR.
PHILADELPHIA, *February 2d*, 1865.

WM. S. STOKLEY, Esq.,
President Common Council,

DEAR SIR:—By ordinance of Councils, January, 4, 1864, the services of the clerk, appointed under acts of Assembly March 8th and 27th, 1862, for the purpose of collecting and recording the legal action taken in the opening and dedicating of roads and streets in the city, terminated on the 1st January, 1865. The work is not yet completed, although much matter of great value to the property-holders of the city is ready for compiling and arranging in such form as to be of easy access.

Sufficient to pay this clerk during the current year is included in the annual appropriation to this Department; but nothing can be paid without further legislation.

Very respectfully,

STRICKLAND KNEASS

Chief Engineer.

A FURTHER SUPPLEMENT

To an Ordinance to execute the provisions of certain Acts of Assembly, approved March 8th and 27th, 1862; approved September 12, 1862.

SECTION. 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the office created by the Ordinance, to which this is supplementary, shall continue until the first day of January 1866, at the same salary.

APPENDIX No. 41.

RESOLUTION

Of instruction to the Chief Commissioner of Highways.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Chief Commissioner of Highways be, and he is, hereby directed to notify the Supervisors of the several Wards, wherein streets have been newly paved within the last two years, to report all new streets out of repair, and to have the same repaired by the contractor, or at his expense, according to the terms of his said contract. And said Chief Commissioner of Highways is hereby directed not to award any new contracts to such delinquent contractors until said streets are put in proper repair, or the expense thereof, if done by the Department, be reimbursed or paid into the City Treasury.

APPENDIX No. 42.

RESOLUTION

Relating to the Fire Plugs of the City.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Committee on Water Works be, and they are, hereby instructed to inquire into the present state of the Fire Plugs of the City, with a view to promoting the efficiency of the same during the severity of inclement seasons.

APPENDIX No. 43.

AN ORDINANCE

Providing relief to the Sufferers by the recent Fire in the Second and Twenty-sixth Wards.

Whereas, An extensive conflagration in the Second and Twenty-sixth Wards of the City has recently rendered a

large number of industrious and meritorious people not only houseless, but entirely dependent upon the charity of the community for subsistence: *And whereas*, The appeals of these sufferers address themselves with peculiar force to the sympathy and regard of the Municipal Government in this inclement season; therefore

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That, in order to furnish necessary and prompt relief to the sufferers by the late fire, the sum of fifteen thousand dollars is hereby appropriated to provide temporary homes and subsistence to those who have been thus deprived of their homes; and that the Mayor be and is hereby authorized and requested to expend said sum in such manner as he may deem most conducive to the comfort and benefit of said sufferers, and that warrants therefor shall be drawn by the Mayor.

APPENDIX No. 46.

AN ORDINANCE

To provide for the better protection of life and property from the dangers of explosion and fire in the City of Philadelphia.

SECTION 1. *The Select and Common Councils of the City of Philadelphia, do ordain*, That from and after the passage of this ordinance it shall not be lawful for any person or persons, or body corporate, to establish, use or cause to be used any building or buildings, shed or sheds, still or apparatus, wherein or whereby the storage, rectification or distillation of petroleum, naptha, coal oil, benzine or benzole, or any other explosive substance partaking of their character, shall be conducted or carried on within the corporate limits of the City of Philadelphia, except such as are now classed as rural, nor in the rural districts, except under such restrictions and penalty as are hereinafter provided for: *Provided*, That nothing in this section shall be construed to prevent the storage of such articles, in quantity not exceeding five barrels in the aggregate for the purpose of sale or use in the built-up portion of said City.

SEC. 2. That the business of storage, preparation, manufacture or distillation of the articles enumerated in Section 1 of this ordinance, if conducted in the rural districts shall be in an isolated building or open space, situate at a distance of not less than one thousand feet from any neighboring building or shed in said locality, under a penalty of one thousand dollars for each and every offence; said penalty to be recovered and applied as penalties of like nature are by law now recoverable and applied.

SEC. 3. That every building used for the purposes

mentioned in Section 1 of this ordinance, shall have painted on the wall or side of the same nearest the most public street, road, lane or alley to which it is situated, in black letters of not less than twelve inches in length and one and one-half inches in breadth upon a white ground, not less than twenty inches in breadth, the nature of the business therein conducted as well as the name or names of the person or persons, body corporate or other party occupying the said premises, under a penalty of five hundred dollars for each and every offence so committed; said penalty to be recovered and applied as penalties of like nature are by law now recoverable and applied.

SEC. 4. That all ordinances and parts of ordinances inconsistent herewith be and the same are hereby repealed.

A P P E N D I X N o . 47.

RESOLUTION.

To celebrate Washington's birthday.

Whereas, The Congress of the United States has passed an amendment to the Constitution, that slavery nor involuntary servitude except for crime shall not be permitted. And as the City of Philadelphia justly claims to be the birthplace of American liberty and independence, within whose limits proud Independence Hall still stands, containing the old bell that heralded the joyful sound of freedom and independence to America, having stamped upon it these ever-memorable words: "Proclaim liberty throughout the land to all the inhabitants thereof." Therefore

Resolved, by the Select and Common Councils of the City of Philadelphia, That his Honor the Mayor be respectfully requested that on the twenty-second day of February, inst., being the birthday of the Father of our Country, that he would cause the State House bell to be rung, and that he request the different churches and fire companies of the City to usher in the day by ringing their bells and that all citizens be requested to display the American flag and that a Committee of three from each Chamber be appointed from the Select and Common Council to inform his Honor the Mayor of the action of these bodies.

APPENDIX No. 48.

A FURTHER SUPPLEMENT

To an Ordinance to make an appropriation for the payments of Bounty to Volunteers, approved the 3d day of January, A. D. 1865.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That there shall be paid to each enrolled citizen who has furnished a substitute to the credit of the quota of the City, since the 3d day of January last and prior to the 26th of January, the sum of three hundred dollars, upon due proof thereof furnished to the Commission of Bounty for Volunteers.

SEC. 2. That all warrants that have been or shall be drawn under the provisions of the ordinance for bounty to volunteers, approved the 3d day of January last, or under the supplements thereto, shall, at the option of the holders thereof, be convertible into the loan of the City of Philadelphia at par, when the said loan shall be duly created, if application for such conversion be made to the Treasurer of the City within sixty days from the date of such loan.

SEC. 3. That warrants for the payment of the sums herein provided for shall be drawn in accordance with existing ordinances.

SEC. 4. That so much of the ordinance to which this is a supplement, as is inconsistent with the provisions of this, is hereby repealed.

APPENDIX No. 49.

RESOLUTION

Of instruction to the Trustees of the City Gas Works.

Resolved, by the Select and Common Councils of the City of Philadelphia, That it shall be the duty of the Trustees of the City Gas Works to report monthly, in detail, to the Committee on Gas Works, all the purchases and sales (excepting the sale of gas) made during the previous month; and they shall also report at the same time the disposition made of the monthly profits of the Works.

APPENDIX No. 50.

RESOLUTION

Of request to the Mayor.

Whereas, It is stated on reliable authority that the Provost-marshal General has fixed the quota of the City of Philadelphia, under the present call, at eight thousand three hundred and forty-six men : *And whereas*, It is stated in the report of the Bounty Fund Commission to the Mayor of the City, under date of December 31, 1864, that Philadelphia has an unadmitted credit of three thousand seven hundred and sixty-nine men : *And whereas*, It is believed the City of Philadelphia is entitled to a further credit of two thousand one hundred and seventy-three men, enlisted in the naval service, not yet credited to the City under the present call ; therefore be it

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Mayor be and he is hereby requested, in the name of the loyal people of Philadelphia, to obtain a postponement of the draft until justice has been done the citizens of Philadelphia who have gone into the army and navy, and those who have given their money to furnish substitutes.

APPENDIX No. 51.

RESOLUTION

Authorizing the Mayor to offer a Reward.

Resolved, By the Select and Common Councils of the City of Philadelphia, That the Mayor be and he is hereby authorized and requested to offer a reward of one thousand dollars to such persons as shall give such information as will lead to the apprehension and conviction of the person or persons who set fire to the coal oil establishment of Messrs. Blackburn & Co., situated on Washington avenue, west of Ninth street, on the morning of February 8th, 1865, thereby causing great loss of life and property.

APPENDIX No. 52.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—The Committee on Gas Works, to whom was referred the message of the Mayor withholding his assent from the bill entitled “An Ordinance to take possession of the Northern Liberties Gas Works, and to create a loan therefor,” and also the Annual Report of the Trustees of the Northern Liberties Gas Company, beg leave to report: That they have had before them a communication from the Northern Liberties Gas Company (herewith submitted), asking Councils to defer “the exercise of the privilege of taking possession of the Works of the Northern Liberties Gas Company for the term of at least ten years from the first day of July next.”

The Committee, after a careful and deliberate examination of the subject, have concluded that the City would be more benefitted by the possession of the Works than by acceding to the proposal of the Northern Liberties Gas Company. They, therefore, recommend that the ordinance to take possession of the Works and to create a loan therefor, be passed, notwithstanding the objections of the Mayor.

APPENDIX No. 53.

To Alexander J. Harper, Esq., Chairman, etc.

DEAR SIR:—A meeting of the stockholders of the Northern Liberties Gas Company was held to-day, and the following resolution was adopted.

“*Resolved*, That full power and authority is now given to the President and Board of Trustees to act with the City Councils in the matter prevailing between the Northern Liberties Gas Works and the City of Philadelphia, under direction of Councils, if deemed necessary.”

The Board of Trustees has since convened, and decided to submit to Councils the following proposition: That if the Councils of Philadelphia will defer the exercise of the privilege of taking possession of the Works of the Northern Liberties Gas Company, agreeably to the charter of the Company, at any time after the first day of July, in the year 1865, for the term of at least ten years from and after that date, and will allow the Northern Liberties Gas Company to charge the same rate for the gas furnished to public lamps as shall be charged at the same time by the Trustees of the City Gas Works,—the Northern Liberties Gas Company will agree to charge no more at any time for the gas furnished private consumers than shall be charged at the same time by the Trustees of the City Gas Works, and in addition thereto, will pay to the City of Philadelphia, out of the earnings of the Company, annually, so long as the agreement shall exist, two per cent. on the amount of capital, at the time employed in conducting the Northern Liberties Gas Works.

Yours, respectfully and truly,

W. T. FODELL,

Office N. L. Gas Co., Phila., Feb. 14, 1865.

GENTLEMEN:—The Committee on Finance, to whom was referred the Resolution to increase the compensation of the Receiver of Taxes of the Twenty-third Ward,

Respectfully report that they have given the matter their consideration, and find by Sec. 3 of an Act of Assembly, passed May 3, 1860, (Pamph. L., p. 757,) that the compensation of the Receiver of Taxes of the Twenty third Ward was fixed at one and a half per centum of all moneys received by him for taxes during the current year for which said taxes shall have been levied. In the early part of the year 1864, the Legislature, by an Act approved April 30th, 1864, (P. L., p. 617,) increased the compensation of said Receiver to two and one-half per centum on the amount so by him received; said compensation to be computed from January 1st, 1864.

The action of the Legislature has made it necessary to pay the Receiver of Taxes of the Twenty-third Ward this increased per centum.

The Committee have ascertained that the collections made by the Receiver from January 1st to December 31st, 1864, of taxes levied for the current year amounted to the sum of..... \$52,429 96

2½ per cent. on this sum would be.....	\$1,310 75
Deduct amount paid Receiver.....	828 99

Leaving.....	\$481 76
--------------	----------

To pay this balance the annexed Ordinance is reported and its passage recommended.

AN ORDINANCE

To make an appropriation to pay the Receiver of Taxes of the Twenty-third Ward.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the sum of four hundred and eighty one dollars and seventy-six cents be, and the same is hereby appropriated, for compensation to the Receiver of Taxes of the Twenty-third Ward, for the year 1864: *Provided*, The Controller shall countersign no warrant drawn on this item, except at the rate of two and a half per cent. of all moneys received by him during said year, and the warrant shall be drawn by the Receiver of Taxes.

APPENDIX No. 57.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance to whom was referred the communications from the City Commissioners asking for an appropriation to pay deficiencies for the year 1864, respectfully report that they have examined each item in the said communications mentioned, and approve them with one exception, to wit, that of the stationery furnished to the City Commissioners' office, amounting to six hundred dollars and twenty-five cents. This bill the Committee do not approve, because the said debt was contracted before an appropriation sufficient to pay the same had been asked for, or made by Councils. They, therefore, report the annexed ordinance to make an appropriation to pay the claims approved of, and recommend its passage.

APPENDIX No. 61.

RESOLUTION

Relating to the Quota of Troops to be furnished by the City of Philadelphia.

Whereas. Provost-marshal Fry, under the call of July 18, 1864, for 500,000 men, assigned the quota to Philadelphia at 11,742 men.

And whereas, Under the call of December 19, 1864, for 300,000 men, the quota for Philadelphia was first fixed at 17,514 men, and then reduced to 11,486 men, and again reduced to the present quota of 8,346 men.

And whereas, This quota is unjust, because if 11,742 men was the quota for a call of 500,000 men, the call for 300,000 men must be far less than the quota fixed, viz.: 8,346 men, as the number of men furnished under all the calls heretofore made must reduce the whole number out of which this ratio of 8,346 men is to be taken.

And whereas, Credits for volunteers now amount to 3,769 men, as appears by the report of the Bounty Commission, page 12.

And whereas, It is believed that the true quota under the present call is but 7,044 men, from which the credits of 3,769 is to be deducted, thus leaving only 3276 men. from which naval credits are yet to be taken, viz.: 2,093 men, which would make the actual number due by Philadelphia under the present call 1,082, which is to be further reduced by bounty-enlisted men from December 19, 1864. Therefore

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Mayor be requested to have the draft postponed until the actual number of men is fixed, and in justice to the tax-payers who are responsible for about ten million dollars for bounty for volunteer soldiers, cheerfully to be paid to save the conscription of their fellow-citizens.

APPENDIX No. 62.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance, to whom was referred a resolution entitled, “A Resolution requesting the Legislature to limit the debt of the City of Philadelphia,” respectfully report that they have given the matter a very careful consideration, but failed to see the necessity of recommending the passage of such a measure, having for its object the limiting of the powers of the City in the management of their municipal affairs.

The present difficulties of the City are only temporary, caused by the refusal of the minority of Councils for two

years past to permit a greater rate of tax than two per cent. to be levied, while the expenses of the City Government, from the inflation of paper money and the enhanced value of labor and supplies of all kinds, were inevitably greater than in former years.

At the breaking out of the war the property of the City was worth nearly or quite as much as its whole debt, thus showing that up to that period the affairs of the Municipal Government had been judiciously managed; and then the necessity of creating bounty loans and loans for the relief of the families of volunteers, amounting in the aggregate to a considerable sum, became unavoidable, thus causing the present temporary embarrassments. The Gas Loan and the School Loan have passed, but are not yet sold; both of these loans will result in a large profit to the City; the Gas Loan will take care of itself, and the School Loan will save some \$50,000 now paid in the rental of school-houses. The Deficiency Loan and the Water loan have not yet passed Councils; the Deficiency Loan of \$2,500,000 is to redeem the outstanding warrants. The Water Loan will produce when expended a very large income over and above six per cent. upon the amount invested. All the other loans proposed to be created are for war purposes, or incident thereto.

The tax rate for the present year has been fixed at \$2.50; add, by the funding of the two million five hundred thousand dollars, as recommended by the Committee on Finance of last year, an ample revenue will be secured to pay all the ordinary expenses of the year without imposing any extraordinary debt or assessments upon the citizens.

It is hoped that the report which will shortly be made by the Commissioners appointed to recommend a revision of the tax laws will present some plan which can be adopted for raising further revenue, relieving us from our present embarrassments, and in future years furnish us enough to enable the various departments of the Municipal Government to be liberally carried on, improvements made as they are demanded by our citizens, and leaving a surplus for the rapid diminution of the debt incurred for "Defence and Protection" called the war debt.

The Committee therefore recommend the passage of the

annexed resolution discharging them from the further consideration of the subject.

RESOLUTION

Discharging the Committee on Finance from the further consideration of a resolution Limiting the Debt of the City.

Resolved. That the Committee on Finance be discharged from the further consideration of a resolution entitled: "Resolution requesting the Legislature to limit the debt of the City of Philadelphia."

APPENDIX No. 63.

The undersigned, members of the Finance Committee, to whom was referred certain preamble and resolutions as to the limitation of the debt of the City of Philadelphia, hereby respectfully submit a minority report.

The resolutions referred to the Finance Committee proposed to ask the Legislature to enact a law prohibiting the City Councils to make additions to the City debt beyond the sum for which taxes shall be yearly raised to pay the yearly interest in full. The Finance Committee refused to report favorably on the said resolutions. The undersigned feel it a duty to protest against the action of the majority of the Finance Committee, and to urge the enactment of the law required for the following reasons:

1st. On the 1st day of January, 1863, the debt of the City of Philadelphia as was reported to be \$24,029,755 44.

2d. On the 31st of December, 1864, the debt was \$40,517,811 24.

3d. From the 1st day of February, 1864, up to the 15th day of February, 1865, the debt has increased as follows:

Feb. 28, 1864,	loan (bounties).....	\$2,000,000
Mar., 1,	“ “ “	1,250,000
Sept. 24,	“ “ not sold (bounties).	1,500,000
Nov. 24,	“ “ to erect school-	
	houses, not sold.	1,000,000
Dec. 24,	“ “ to extend the Gas	
	Works, not sold	1,000,000

1865. Loans reported as follows:

To pay deficiencies.....	2,500,000
To extend the Water Works.....	1,000,000
To pay bounties to volunteers.....	2,000,000
To support families of volunteers.....	600,000
	<hr/>
	\$12,850,000

4th. That the increase of the public debt in eleven months was \$12,850,000. The undersigned therefore present this fact to the serious reflections of the tax-payers.

If the Councils therefore can increase the debt of Philadelphia thirteen millions of dollars in eleven months, without any accountability, it will not be long before the property of the public will be mortgaged to its full value to pay the debt.

We, the undersigned, truly desire to present the facts to the tax-payers and abide the sober second-thought of the loyal men of the municipality.

To make an appropriation to the Spring Garden Steam Fire Engine Company, for the year 1865.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the sum of one thousand eight hundred and thirty-three dollars and thirty-three cents be and the same is hereby appropriated to the Spring Garden Steam Fire Engine Company for the year eighteen hundred and sixty-five; said company having been located as a steam fire engine company by an ordinance passed on the fourteenth day of July, 1864, and having also complied with the requirements of existing laws for the regulation of steam fire engine companies in actual service.

SEC. 2. That warrants for the same shall be drawn by the Chief Engineer of the Fire Department, payable monthly dating from the first day of February, 1865.

 APPENDIX No. 67.

To the President and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was referred the annexed petition asking for a sewer on Seventeenth street from Carpenter to Fitzwater, find that this matter has been reported upon favorably by the Board of Surveyors and was reported to Councils by the Committee on Surveys, &c., of 1863, but fell, because at that time, the authority to assess a proportion of the cost upon the property on its line did not exist.

This sewer is necessary on account of the very flat surface grades, which in ordinary showers cause an overflow of the street. Its cost to the City will now be about two thousand five hundred dollars, the property owners paying exclusive of this about eight hundred and nineteen dollars.

We therefore present a bill directing the construction of this sewer as a main sewer, and recommend its adoption.

AN ORDINANCE

Authorizing the construction of a sewer in the Twenty-sixth Ward.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Highways be authorized to construct a sewer, two feet six inches in diameter, on the line of Seventeenth street, from the north side of Fitzwater street, extending southward along said Seventeenth street to the sewer on Carpenter street, with inlets at the northeast and northwest corners of Fitzwater street, Catharine and Christian streets, in accordance with a plan and specifications to be prepared by the Chief Engineer and Surveyor; and the Chief Commissioner of Highways shall advertise according to law for proposals for the construction of said sewer and shall allot the same to the lowest bidder, and it shall be a condition of the contract, that the contractor shall accept the sums assessed upon and charged to the properties lying on the line of said sewer as authorized by act of Assembly, approved April 8, 1864, and in manner and form provided by Sections 3 and 4 of ordinance entitled "An Ordinance to provide for the construction of Branch Culverts or Drains," approved November 11, 1858.

SEC. 2. That the sum of twenty-five hundred dollars be and the same is hereby appropriated to the Department of Highways for the purpose herein specified. The same to be refunded out of a loan hereafter to be created for the construction of sewers. Warrants for the same to be drawn by the Chief Commissioner of Highways, in accordance with law.

APPENDIX No. 68.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was referred the annexed bill to authorize the construction of a sewer on Seventh and Wharton streets, find that an appropriation therefor has been made by the majority of property owners upon the line asked for,

as directed by law. And that the last Committee on Surveys reported the same to Councils upon a favorable report from the Board of Surveyors. It passed Common Council, but failed in the Select Branch from want of time to reach it at the close of the last term. We ask its adoption.

AN ORDINANCE

To authorize the construction of a Sewer in the First Ward.

WHEREAS, a majority of the property owners on the line of Seventh street, between Reed and Wharton streets, and on Wharton street, east of Seventh street, have filed their petition in the Department of Surveys, as directed by the Act of Assembly, approved April 8th, 1864, for the construction of a Sewer on the line of said streets as aforesaid, which application has been approved by the Board of Surveyors; and at a meeting held June 20th 1864, they authorized the construction of a sewer in accordance with the provisions of the Ordinance approved November 11, 1858, entitled "An Ordinance to provide for the construction of Branch Culverts or Drains." *And whereas,* owing to the enhanced price of materials and labor, the cost per linear foot will exceed the amount stipulated by law as payable by the said property owners; therefore

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain,* That the Department of Highways be and is hereby authorized to construct a sewer on the line of Seventh street, from Reed to Wharton street, thence on said Wharton street to a point about one hundred and sixty feet eastward of Seventh street, with an inside diameter of ten feet six inches, with the necessary inlets, for the proper surface drainage, in accordance with a plan and specifications to be prepared by the Department of Surveys.

SEC. 2. The Chief Commissioner of Highways shall advertise, according to law, announcing that proposals will

be received for the construction of said sewer, and he shall allot the work to the lowest bidder, and it shall be a condition of said contract that the contractor shall accept the sums assessed upon and charged to the properties lying on the line of said sewer as authorized by the Act of Assembly approved April 8, 1864, and in manner and form provided by Sections 3 and 4 of Ordinance entitled "An Ordinance to provide for the construction of Branch Culverts or Drains," approved November 11, 1858. The excess of the cost of said sewer over and above the amount assessed upon the property fronting thereon shall be paid from Item , (For construction of Branch Culverts,) of the Ordinance to make an appropriation to the Department of Highways for the year 1865: *Provided*, That the said excess shall not exceed the sum of twelve hundred dollars.

APPENDIX No. 69.

To the President and Members of the
Common Council of the City of Philadelphia.

GENTLEMEN:—Your Committee on Surveys and Regulations herewith present to the Councils the result of examinations, plan and estimate prepared by the Chief Engineer and Surveyor for the erection of a bridge over the river Schuylkill at South street, as directed by resolution of Councils, approved April 18th, of last year.

The plan of streets as proposed to be laid out over the almshouse property is nearly completed for filing, and will be submitted to Councils, at an early day, for their action.

DEPARTMENT OF SURVEYS,
Philadelphia, February 8, 1865.

J. W. EVERMAN, ESQ.,

Ch'n Committee of Surv. and Regulations.

DEAR SIR:—I herewith submit a general plan for a

bridge over the river Schuylkill at South street, as directed by resolution of Councils. The bridge has been asked for by a large number of petitions, presented to Councils, signed by many of the largest capitalists of our City—the fact of there being no bridge communication between West Philadelphia and the southwest section of the City for a distance of nearly two miles, shows the justice of the claim, which distance may, with propriety, be extended to five miles, or to Penrose Ferry, as at Gray's Ferry the bridge is used only when compulsory, being dangerous from continually passing locomotive engines. The arrangement is for an iron truss bridge, with a draw, which will be requisite unless further legislation is obtained allowing a permanent structure, but the position of the piers, as projected, was fixed for three permanent spans of one hundred and eighty-five feet each, and a swing draw upon a circular pivot pier with a clear space upon each side, of seventy-five feet at high water. This plan will admit of the removal of the pivot pier, when the draw shall be done away with and enable another permanent span of one hundred and eighty-five feet to be erected in its stead.

It is proposed, in erecting the masonry, to provide for a bridge having two carriage ways of twenty feet each, with footways of eight feet in width on the outside of the trusses, but owing to the difficulty and expense of constructing a swing draw of the width necessary for such permanent spans, the draw pier has been estimated for a single track with side footways, so that the superstructure may be constructed on a width between trusses of twenty feet, and so remain until the removal of the draw pier may be directed, when an additional truss can be added, giving the full width (fifty-eight feet,) as designed for the completed work. This width, with *two trusses* (twenty feet,) will be sufficient for passing carriages, and afford all the accommodation to the public that may be required for some years.

The length of superstructure or bridge proper, as designed, will be eight hundred feet with approaches composed of a succession of arches, forty-five feet span. On the west side it will be necessary to extend the approach nine hundred feet to Spruce street, as newly projected upon the almshouse property, and of such height as to give

an overhead crossing at the West Chester, Junction and Delaware extension of the Pennsylvania railroads.

On the east side, the grade of South street should be changed as far as Bank street, which would call for a revision of the grades on Southerland avenue and also on Chippewa street, which now may be done to the comparative little injury of improved property—the length of approach on the east will be seven hundred and thirty-four feet, giving an entire length of structure, including approaches and superstructure of two thousand four hundred and thirty-four feet.

The soundings lately taken upon the ice, show that upon the eastern side there is a rock with a small covering of gravel and mud, but dipping to the southwestward gives a depth of some fifteen feet of mud, at the proposed position for the pivot and western draw piers. This will not allow the use of piles, but require the adoption of cribs, or if the rock, upon more minute examination, is found too shelving to the southward, coffer dams will be imperative.

This bridge has been located at right angles with the general direction of the river at South street, crossing three railroads with bridges, and intersecting Spruce street at Thirty-third street. This has been deemed preferable to placing it upon the line of South street extended, because it requires a less expensive bridge—being at right angles instead of at an angle of 55° with river—is some two hundred feet shorter, and at the same time conforms to a plan of streets as laid out over the almshouse property by the Board of Surveyors, under resolution of Councils.

The cost of this structure, from a carefully prepared estimate, based upon the present value of material and labor, will reach eight hundred thousand dollars.

Respectfully submitted,

STRICKLAND KNEASS,
Chief Engineer and Surveyor.

AN ORDINANCE

To repeal a part of the Ordinance establishing the Department of Street Cleansing. Approved the fifteenth day of February, A. D. 1864.

SECTION 1. *Be it ordained by the Select and Common Councils of the City of Philadelphia*, That so much of the Ordinance establishing the Department of Street Cleansing as makes it the duty of said department to cleanse the public markets of the City be and the same is hereby repealed, and thereafter the public market houses shall be cleaned under the supervision of the Department of Markets, Wharves, and Landings.

SEC. 2. That the amount appropriated to the Department of Street Cleansing for that purpose, be and the same is hereby transferred to the Department of Markets, Wharves, and Landings.

SEC. 3. That the Commissioner of Markets be authorized to draw warrants for the above in accordance with existing ordinances.

APPENDIX No. 71.

AN ORDINANCE

For the relief of citizens from the usurpations of the Passenger Railroad Companies, and for other purposes.

Whereas, In consequence of the privileges usurped by the Passenger Railroad Companies, the streets of the City

have been rendered at times almost impassable for pedestrians. *And whereas*, from the same cause it has become impossible for citizens to comply with the law requiring owners and occupiers of property to open the gutters in front of said property. *And whereas*, the burden of compelling the owners of property to clear the snow from the pavements in the unbuilt portions of the City is oppressive, therefore,

SECTION 1. *Be it ordained by the Select and Common Councils of the City of Philadelphia*, That from and after the passage of this Ordinance it shall be the duty of the Chief Inspector of Streets, after each fall of snow exceeding in depth four inches, to have the gutters in the built-up portion of the city opened, and also to open drains where practicable from the centre of the streets occupied by the Passenger Railroads.

SEC. 2. That the Ordinance requiring property owners to clean the snow from the pavements, shall not be construed to extend to the unbuilt portion of the rural districts, or to any unimproved property exceeding one hundred feet front, north of Alleghany avenue or south of Dickinson street.

SEC. 3. That all Ordinances or parts of Ordinances conflicting with this Ordinance be and the same are hereby repealed.

APPENDIX No. 72.

RESOLUTION

Of request to the Mayor.

Resolved, That the Mayor be respectfully requested to have his officers enforce the Ordinance respecting the opening and cleansing of the gutters in front of their properties.

Report of the Committee on Gas Works.

The Committee on Gas Works to whom was referred an ordinance entitled "An Ordinance to purchase the Northern Liberties Gas Works, and to create a loan therefor," having duly considered the same, have instruc-

ted their Chairman to report it to Councils and recommend the passage of the annexed resolution.

ALEX. J. HARPER, <i>Ch'n</i> ,	JOS. MANUEL,
JAS. TELFORD,	SAM'L W. CATTELL,
E. A. SHALLCROSS,	ELI KRUPP,
JAMES G. PEALE.	

AN ORDINANCE

To purchase the Northern Liberties Gas Works, and to create a loan therefor.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Mayor of the City of Philadelphia be and he is hereby authorized and empowered to purchase and take possession for the use and benefit of the city, in accordance with the terms of an act approved April 13th, 1844 (See P. L., 264, 1844) as soon as may be possible after the first day of July, eighteen hundred and sixty-five, of the property now belonging to the Northern Liberties Gas Company, including all the lots of ground, buildings, apparatus used by the said Company for manufacture, purification, storage, distribution and sales of gas, and all the material used in the manufacture thereof, the stock of gas on hand and unsold, all the gas mains, service and other pipes, metres, and all other appurtenances and tools of every description used by said Company, payable in six per cent. loans of the City of Philadelphia, at par, not exceeding the sum of four hundred thousand dollars.

SEC. 2. The Mayor of the city is hereby authorized to borrow, on the credit of the city, at a rate of interest not exceeding six per cent. her annum, such sums of money as may be required, not exceeding four hundred thousand dollars; and without requiring the payment of any money therefor the City Treasurer is hereby directed, on the requisition of the Mayor, to issue certificates of the loan of the City of Philadelphia in such amounts and to such parties as he shall designate, not exceeding said sum. Said loan to be used for the conversion of the stock of the Northern Liberties Gas Works, and the principal thereof to be payable at the expiration of fifteen years from the date of such conversion, and not before, without the con-

sent of the holders thereof. The certificates of said loan shall be in the usual form in which certificates heretofore have been issued, and shall be transferable at the office of the City Treasurer.

SEC. 3. That the City of Philadelphia shall set apart, out of the profits of said Gas Works, the sum of twelve per centum per annum, on the amount borrowed by virtue of this ordinance, for the purpose of paying the interest thereon, and for reimbursing the principal thereof when the same shall be payable; and on or before the thirty-first day of December and the thirtieth day of June in every year, until the said loan is redeemed, the sum of six per centum on the amount of said loan shall be paid by the City of Philadelphia to the City Treasurer, who shall apply three per centum thereof to the payment of the interest on said loan, as the same may fall due, and to no other purpose, and the remaining three per centum shall be paid over by the said Treasurer to the Commissioners of the Sinking Fund, who shall invest the same and its accumulations in the loans of the City of Philadelphia, as a sinking fund, which is hereby specifically pledged to the repayment of said loan; and any surplus remaining after the payment of said loan, shall be applied by the Commissioners of the Sinking Fund toward the extinguishment of the funded debt of the City of Philadelphia.

SEC. 4. That any ordinances or resolutions, or parts thereof, of the late District of the Northern Liberties, or of the City of Philadelphia, inconsistent herewith or which are hereby supplied, be and the same are hereby repealed.

RESOLUTION

Directing the Clerk of Common Council to publish a Loan Bill.

Resolved, That the Clerk of Common Council be authorized to publish in two daily newspapers, daily, for four weeks, the Ordinance presented to Common Council at a stated meeting thereof, held on the twenty-third day of February 1865, entitled "An Ordinance to purchase the Northern Liberties Gas Works, and to create a loan therefor," and the said Clerk at the stated meeting of Councils next after the expiration of four weeks from the said pub-

lication, shall present to Councils one of each of said newspapers for every day in which the same shall have been made.

RESOLUTION

To authorize satisfaction to be entered on the official bond of James McClintock, late City Treasurer.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the City Solicitor is hereby authorized to enter satisfaction on the official bond of James McClintock, late City Treasurer, [D. C., D. S. B., Dec. '61, 1863,] upon the certificate of the City Controller, that his accounts are settled and there is no default.

APPENDIX No. 84.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN :—The Committee on Finance to whom was referred a communication from Strickland Kneass, Chief Engineer and Surveyor, relative to the payment of a claim for making certain surveys and plans of the properties appropriated to the Fairmount Park, respectfully report that they have examined the subject and find by an ordinance appropriating the ground between the Reading railroad and Landing avenue for public purposes, a survey was required of each of the properties embraced within that area. The survey was necessary for the use of the City Solicitor. The bill presented for the work was seven hundred and sixty dollars, but the Committee think that the sum of six hundred and fifty dollars is a sufficient compensation for the services performed. They, therefore, report the annexed ordinance to pay that amount and recommend its passage.

AN ORDINANCE

To make an appropriation to the Department of Surveys.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the sum of six hundred and fifty dollars, be and the same is hereby appropriated to the Department of Surveys to defray the expenses of making surveys and plans of ground appropriated for public purposes by an ordinance approved June 28th, 1864, and the warrants shall be drawn by the Chief Engineer and Surveyor.

APPENDIX No. 85.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance to whom was referred the ordinance entitled “An Ordinance authorizing the appointment of two additional permanent clerks and four inspectors in the Department for Supplying the City with Water,” respectfully report that upon examination they find the City will be at no additional expense by reason of the proposed measure, they therefore report the ordinance back as committed, and ask its passage.

AN ORDINANCE

Authorizing the appointment of two additional permanent Clerks and four Inspectors in the Department for Supplying the City with Water.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That two additional permanent clerks and four inspectors be appointed by the Chief Engineer, with the approval of the Select Council, who shall receive the same wages as those already in the employ of the Department.

The permanent clerks to be paid from Item No. 6, (extra clerk hire.)

The four inspectors to be paid from 44, (assessment of water rents,) of an ordinance for supplying the City with water for the year 1855.

APPENDIX No. 86.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance to whom was referred the message of the Mayor, dated February 16,

1865, transmitting the report of the Commissioners appointed under an Ordinance of the City of Philadelphia to revise the laws relating to taxation, respectfully report,

That they have examined the report submitted by the Commissioners above mentioned, and recommend that in the Act, entitled "An Act to promote the more certain and equal assessment of taxes in Philadelphia," the following amendment be made, viz.: strike out the words "twenty-five cents" and insert "five dollars" in Section VIII.

And in the Act entitled "An Act relating to the assessment and collection of taxes," the following amendments, viz.:

In Section XI. strike out the words "without sacrifice."

Strike out the entire XIV. Section.

In Section XVI. strike out the words "and Receiver of Taxes of Philadelphia," also the words "and the City of Philadelphia."

Add a new Section, to be called Section XVI., as follows:

"In the City of Philadelphia it shall be the duty of the Mayor upon the passage of this Act or so soon after as convenient, to submit the names of three good citizens to the Councils, one of whom shall be elected by the said Councils in Joint Convention within thirty days thereafter, who shall be called the Commissioner of Personal Taxes, and who shall perform for the said City the same duties as are imposed by the preceding section on the several County Treasurers, and he shall have the same powers except that of employing counsel; said Commissioner shall give such bonds and receive such compensation and be subject to such regulations as Councils by ordinance may direct. It shall be the duty of the City Solicitor of Philadelphia to perform the like duties in respect to the said City, which the Attorney General by Section XV. of this Act is required by law to perform in relation to the assessments, collection and payment of the State tax whensoever officials, corporations or taxables shall be delinquent in their duty to the public."

The report of the Commissioners explains so fully the necessity of additional legislative enactments upon the subject of taxation, that the Committee feel assured that Councils will acknowledge the importance of taking im-

mediate action upon the measure by requesting the Legislature to pass the bills as amended by your Committee.

They therefore report the annexed resolutions and recommend their passage.

RESOLUTION

Requesting the Legislature to pass certain laws relative to taxation.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Senators and Members of the House of Representatives from this City in the Legislature of Pennsylvania be and are hereby requested to procure the immediate passage of an act entitled "An Act to promote the more certain and equal assessment of taxes in Philadelphia," and also an act entitled "An Act relating to the assessment of taxes," believing the passage of said laws will have a beneficial effect in the improvement of the finances of the City.

Resolved, That a Joint Special Committee of three members from each Chamber be appointed to have said bills presented to the Legislature, and urge their immediate passage.

OFFICE OF THE MAYOR OF THE
CITY OF PHILADELPHIA, *February* 16, 1865.

To the President and Members of the
Common Council of the City of Philadelphia :

GENTLEMEN:—I transmit herewith the Report of the Commissioners appointed under an Ordinance of November 26, 1864, to revise the tax laws relating to the City of Philadelphia.

The measures which it proposes are well entitled to your earnest consideration and to your prompt action, and should they be consummated by legislative enactments

must have a beneficial result in the improvement of the finances of this City.

Respectfully,

ALEXANDER HENRY,
Mayor of Philadelphia.

The Report of the Commissioners, appointed under an ordinance of the City of Philadelphia, to revise the laws relating to taxation.

TO ALEXANDER HENRY, ESQUIRE,

Mayor of the City of Philadelphia.

We had the honor to receive your appointment on the 5th of January, and have proceeded with diligence to discharge the duties imposed upon us by the Councils of the City of Philadelphia, to whom we now, through you, make our report. These duties were defined for us in the City Ordinance of the 26th November, 1864. They are "to revise the tax laws, so far as relates to the City of Philadelphia;" and "to fix upon and report some uniform rule or system upon which the actual value of all property made taxable may be ascertained," so that the same relative valuation of property may be attained in all the Wards of the City, and to report to Councils as early as possible.

The occasion of this reference of the subject to us we infer to be the additional power conferred upon the City Councils, by the Act of 25th of August, 1864, "to levy a tax for municipal purposes, on all subjects of taxation specified by the 32d section of the Act of 29th of April, 1844, and to provide by Ordinance a system for the assessment thereof, and for the collection of taxes thereon."

The words of the Ordinance asks us "to revise the tax laws;" and we immediately perceived that unless additional legislation should be had, the results of our labor must prove little satisfactory to Councils, to the public, or ourselves. We have, therefore, drawn two bills to be submitted to the Legislature, should the Councils recommend their enactment into laws.

We deemed it important to frame two bills, because one of them relates exclusively to the City of Philadelphia,

which the Legislature, we think, will not hesitate to pass promptly, if it be recommended by Councils, since it will obviously benefit the State as well as the City; and which we deem one of great importance to the real estate owners within the limits of the City.

The other bill is framed to have a bearing on the whole State, for reasons hereinafter stated; but one we deem especially important to the whole Commonwealth, if it be important that laws should be certain, and equal, and efficiently executed, and not become the object of a contemptuous disregard. It may be that other views may prevail upon the subjects of this bill, or as to some of them, or that a more comprehensive substitute shall be enacted; but it became necessary for us to frame and present such a bill, with our views upon it, that it might appear why we have not now framed an Ordinance in respect to the imposition of taxes upon objects of personal property.

The ground work of our investigations is contained in the 32d section of the Act of 29th of April, 1844, which is in the words following:

“And whereas, it is necessary that provision be made for the payment of the interest upon the State debt; therefore, be it further enacted, that from and after the passage of this Act, all real estate, to wit: houses, lands, lots of ground and ground-rents, mills and manufactories of all kinds, furnaces, forges, bloomerics, distilleries, sugar-houses, malt-houses, breweries, tanyards, fisheries and ferries, wharves, and all other real estate not exempt by law from taxation; also all personal estate, to wit: horses, mares, geldings, mules, and neat cattle over the age of four years; also all mortgages, money owing by insolvent debtors, whether by promissory note, penal or single bill, bond or judgment; also all articles of agreement and accounts bearing interest, owned or possessed by any person or persons whatsoever, except notes or bills for work and labor done, and bank notes; also all shares of stock in any bank, institution or company, now or hereafter incorporated by or in pursuance of any law of this Commonwealth, or of any other State or government; and on all shares of stock or weekly deposits in any unincorporated saving fund institution, and all public loans or stocks whatsoever, except those issued by this Commonwealth, and

all money loaned or invested on interest in any other State; also all household furniture, including gold and silver plate, owned by any person or persons, corporation or corporations, when the value thereof shall exceed the sum of three hundred dollars; also all pleasure carriages, both of two and four wheels; salaries and emoluments of office, all offices, and posts of profit, professions, trades and occupations, except the occupation of farmers, together with all other things now taxable by the laws of this Commonwealth, shall be valued and assessed, and subject to taxation for the purposes in this Act mentioned, and for all State and county purposes whatsoever."

This section, to which the City is referred as the source of power to increase her revenue, is, in itself, in some particulars, obscure; and, in some of its objects, not such as to bear much further pressure, without driving away capital to the injury of the commercial business of the City, and consequently to impair its growth and the general prosperity. Its inefficient execution has, heretofore, been relied upon to diminish its power of evil, in seeming forgetfulness of the evil of keeping in existence a law which the people are constantly asked to respond to, but are never expected or required to obey.

That the City assessments have not, for ten years past, included many of the objects enumerated in the 32d section, has, we understand, been owing to the doubt whether, under the Consolidation Act of 2d February, 1854, the City was a *County* under that Act, although the 40th section of that Act expressly declared, that "the City hereby created shall be the City and County of Philadelphia, and constitute, in all respects, one of the Counties of this State," and all the powers of the County officials were thereby conferred upon the Councils. This doubt, we must presume, would have been readily removed, if the law had been deemed salutary and capable of equal and efficient execution, either by construction, or further legislation.

There are obvious difficulties in attempting to enforce the section in question, without further legislation. The first to be noticed is the fact that for twenty years the people have been educated to slight and disregard its provisions; and without further stringent enactments to enforce compliance

with it, we cannot expect the officials or the people to volunteer to amend their delinquencies.

The State has sought to avoid, in large measure, the consequences of this inefficient execution of a very imperfect law, by requiring all State corporations to deduct from interest and dividends the taxes assessable upon them, but has not extended the like power to any County or City. This is a very sure method of collecting such taxes; and if it is expedient that the Counties should have the power to tax the same objects, it is equally expedient that they should have the same efficient method of collecting the taxes upon them. The Counties and Cities are not alien to the State, but part and parcel thereof, and their prosperity is hers; and if she has devised a good and efficient law for herself, she should not refuse it to the Counties and Cities. Let her limit the scope of taxation as seems wise; but so far as the law shall allow taxation, it should be sure that it may be equal, and may be held in respect by the people.

A subject that in the outset claimed our attention was, what was meant by the Act of 25th of August, 1864? When, by a law of *that date*, the City was authorized to levy a tax "on *all subjects* specified by the 32d section of the Act of 29th April, 1844," did the Legislature forget that that section had been materially modified by later legislation, as to its subjects of taxation? No doubt this was overlooked, otherwise the Legislature would not have authorized the City to tax "the running or book accounts of merchants or others, for goods sold or work done," which were taken out of the 32d section by Act of 5th March, 1847; *Purd.* 951; also that it was modified by Act of 7th May, 1855, "as it relates to the several turnpike and plank road companies of this Commonwealth paying dividends not exceeding one per cent.;" *P. L.* 507; that by Act of 12th April, 1859, *Purd.* 951, building associations, plank road and turnpike companies are to pay no tax to the Commonwealth when they make no dividends; that, by the same Act, "the capital stock of all banks, saving institutions, and companies whatsoever, incorporated by or under any law of this Commonwealth, or that may hereafter be incorporated," shall be subject to and pay one-half mill on each one per cent. of dividend made or declared, but with the proviso, "that any institution or company (except banks of issue)

now liable for tax on capital stock, as also upon dividends, shall henceforth be exempt from any tax upon dividends." It is true these last two acts relate only to the State tax; but will the State forget that what is just in respect to her tax must be equally just in respect to any County or City tax? And by other acts, objects within the 32d section have been excluded from County taxation, namely, the capital of banks, by Act of 1852, Purd. 99; notes discounted or negotiated, or held by any banking institution, Purd. 952; and railroad loans, Purd. 942. Are all these subjects restored to the 32d section, when re-enacted in 1864, for the City's taxation? It could hardly have been so intended, yet the two statutes of 1864 and 1844 stand together, as a single enactment of 1864, as a codicil makes the will speak from its later date. This omission to explain or qualify the 32d section calls for further legislation to this end.

The departure by the State from the common ground upon which the State and counties were placed by the Act of 1844, leads to great confusion in the returns to the Commissioners, and, in their returns to the State Revenue Board. In the uncertain state of the law, few tax-payers make their returns alike; and no two assessors follow an even rule. If corporate loans and stocks are returned for county taxation, they are likely to be returned by the Commissioners to the Revenue Board along with moneys at interest on mortgages, &c., and thus the County may be charged a second time with the State tax thereon, although the State has received her tax directly from the corporation, and although the County has never collected the tax for the State. When the same officers perform a common duty to the County and the State, it should be the same as to both upon the same objects of taxation.

The foregoing are some of the difficulties that have met us when considering the duty imposed upon us by Councils, "to provide, by ordinance, a system for the assessment thereof, and for the collection of taxes," on all the subjects of the Act of 1844, contained in its 32d section, and others we will proceed to notice.

If we had proceeded at once to frame an ordinance under the Act of 25th of August, 1864, based upon the few general words contained in it, we could not but apprehend that we had too narrow a basis for many provisions and sanctions

demanding by a "system for the assessment" of the City taxes. It appeared to us that the "system" should have the potency of law directly from the law-making power—the Legislature of the Commonwealth.

We were also necessarily brought to the consideration of the injustice we should inflict upon the citizens, the business, capital, and real estate of the City of Philadelphia, if we had had the undoubted power, and had proceeded to devise a system of higher valuations and fuller returns of the subjects of taxation than prevail in other portions of the State: all the increase in the return of taxable values for the City's rate, would have been subject to the State's rate of three mills on the dollar, while no other portion of the State would add the like increase to the State's revenue. To the extent of the whole increase, that would have been a wrong to ourselves,—an exaggeration of an inequality that we believe already to exist.

It has been made manifest to every Revenue Board that convened at Harrisburg, from February, 1845, to the present time, that the valuations of real estate, from every part of the State, were never full, according to the requirement of the law; whilst the returns of personalty, and especially of moneys at interest and stocks, were never a tenth of their actual amounts or values; yet, although this was so made manifest to the Legislature and public by the report of the Revenue Board in every triennial year, no adequate remedy has ever been provided by the Legislature. By common consent a bad law, most imperfectly executed, has been, with full knowledge of the subject, suffered for twenty years to remain upon the statute book, with some things weeded out of it, but with imperfect appliances for its execution. The forms of obedience have been observed by the Assessors, by issuing and distributing circulars, asking for returns of subjects of taxation, but without insisting upon such returns in a manner to engage the truthfulness of the tax payer, or to involve his reputation or honor with his fellow citizens. Most frequently no answers have been made, and the friendly Assessor has made a very friendly guess as to the amount of taxable property of his neighbor and elector.

We think, whatever the law may be, it should be such that it ought to be executed, otherwise it should be repealed.

If the subjects of the 32d Section will bear only a small rate of taxation in addition to the State tax thereon, then that limitation should be prescribed by the Legislature, but the subject of the tax and to its full value should be brought out truthfully, by adequate means. We have written some sections of a bill with this object in view, but it is not to be expected that any one part of the State should be coerced by a different rule from all other portions; and this must, we think, be accepted as a sufficient reason why we have prepared these sections for a general law, and have not seen our way clear to prescribe laws for the City of Philadelphia, of a more stringent nature than such as shall be enacted for the whole Commonwealth.

Though the system of assessments by Assessors elected by the people, disposed to favor their electors, has this as an inherent source of weakness in the execution of the taxing laws, we have not seen our way clear to recommend any other agency of assessment. It is a very considerable source of strength to the law that it has the favor of the people, and their disposition to obey it. Such, indeed, is the basis of all republican governments. The people, we apprehend, would be averse to have a corps of Assessors and Tax Collectors, not of their own choice, placed as inquisitors and tax collectors over them, as their permanent State system, however willingly and patriotically they submit to it to meet the exigencies of the war expenses of the General Government. It seems to us that they would respond as willingly and truthfully to their own Assessors, if it was made their duty to do so under signature and oath or affirmation, under a law that shall be uniformly and equally executed, and with a rate of taxation so moderate as but to meet the public exigency, and not to put us to disadvantage with respect to our neighboring cities and states.

There are reasons of policy, as well as that which regards the efficient execution of the law, why capital invested otherwise than in real estate, should be subjected to but a limited rate of taxation. It with facility changes its place in the pursuit of profit. The Federal Government can, with much greater impunity, tax capital not fixed in realty, because her pressure is uniform over the States, and her pressure can only be escaped by transfer to a foreign country. If a

City, County, or State taxes fugitive capital unequally with others, it must give some countervailing benefit to stay the flight of capital. This, New York has done, with the addition of one per cent. interest allowed on moneys at interest. The result has been magnificent, in making her chief city the great money-centre of the country, and in a generally diffused enterprise and prosperity. We recommend a permission to contract for an additional one per cent. interest, or that the borrower may contract to pay the tax on the loan. This he will not do unless he perceives it to be his interest to do so.

Real estate owners, who will consider the whole subject in all its bearings, will not find in the views we are expressing anything unfriendly to their true interests. They know well, as we do, that while money may lawfully command six per cent., large amounts have been placed out at five per cent., payable at a distant day. At other times, when the demand is in excess of the supply, capital will seek a higher interest in New York, or in corporations authorized to pay an interest greater than six per cent. on loans. According to its own law, the value of capital will fall or rise with the opposing pressures of demand and supply. By its abundance or scarcity the prices of all things fluctuate, inclusive of that of real estate. Real estate alone is fixed and immovable, and must bear the ultimate pressure of the local taxation. The question for its owners to consider and solve is, how much taxation will capital bear without yielding to the pressure and passing away, and what will countervail that pressure? If capital is driven away, population goes with it, and is gathered round distant enterprises. Without capital houses, warehouses and manufactories cannot be built; and without population these cannot be occupied, nor produce rent or taxes, nor can markets for the produce of the farmers be sustained. Capital must be retained to be the life of all business and enterprise, and to maintain the growth of cities, and the price of its real estate. To be retained it must have its fair profit, and not be unduly taxed.

While acting upon the subject, we recommend that the Legislature should clear the 32d section of the Act of 1844, of some of its uncertainties, and for this City make it con-

form with the later legislation upon it. We have framed a section for this purpose, which will explain itself.

With a low limitation as to the rate of taxation for both State and County taxation, we do not see why all stocks in banks, railroads, canals, and other corporations should not be subject to County as well as State taxation; whilst no county or municipality should be permitted to tax the loans they have obtained, with at least the implied promise to pay the agreed rate of interest without deduction.

Our State banks have generally passed from under State laws to bank under the Act of Congress; but this Act of 3d June, 1864, Statutes U. S. 112, § 41, permits the States to tax the shares in the National Banks, observing two restrictions; one that the rate of taxation shall not exceed that "upon other moneyed capital in the hands of individual citizens in such State;" "and not to exceed the rate imposed upon the shares in any banks organized under authority of the State where such association is located." This door thus opened, it is asked shall be open as well for the benefit of Counties as for the State, at the rate of taxation on moneyed capital. Upon this subject thus presented the law must prescribe the limit of taxation; and it is recommended that there should be a limit for both State and County taxation upon all moneyed capital and stocks.

With improved appliances for a fuller valuation and return of all personal property, trades, occupations, &c., it is believed that it would be better to subject them all to one rate of taxation, upon the money value or amount thereof; and so a section has been prepared.

It is believed that the action of the County Board of Revision of Philadelphia would be more uniform, and valuations better maintained, if a majority of members composing it were the appointees of the Court of Common Pleas, and such appointments should always be made with a special regard to the qualifications of the appointees to perform the duties of the Board. For this purpose the first section of the second bill was prepared.

The system of plans embraced in this bill we deem of great importance, to guard against the errors and irregularities of assessment, and as necessary to enable the Tax Solicitors to sue out claims for taxes and municipal charges; and, if adopted, will produce such certainty, as to the

ownership, as to remove all occasion for selling houses and lots in erroneous names, and without notice to the true owners thereof; yet with loss of their title, though they may have been quite unaware of any delinquency towards the public. For not many dollars such claims have been sued, and properties sold of great value, even for filling a pool of water, or the burial of a horse or dog found dead on the lot; and when found out in time for redemption, the redemption is burdened with heavy costs and charges. This system of plans, with the work already prepared for it, need not be very expensive, and will at once be recompensed by the better, more equal, and full valuations of real estate; and again compensated many fold to the owners, by an increase of certainty to their title by these repeated recognitions of them, for every assessment upon a plan challenges all other adverse claim; and by their exemption from a liability to a sale for dues to the public in any other name than in that of the true owner, and without actual notice to him. In support of this proposed legislation we say further, that our investigations have well satisfied us that there exists great inequality in the valuations of real estate, both as to different properties in the same Wards, and as between Wards compared with each other; and not unfrequently properties have been wholly omitted; and then again the same valuations have been continued against the former owners of large lots, in the process of sale for building lots, while the purchasers of these have paid a second tax on the same ground, or have paid none. What out lots are meant to be taxed is sometimes unascertainable, and in this uncertainty one must pay the tax of another, or incur the risk of having his property sold, though desirous to find out and pay his tax. It is a matter of surprise that we have endured this imperfect and dangerous system so long, if system that may be called, which is so rife in error, apprehensive of danger, and often of serious loss to innocent owners, who have never had any notice of the charge made against their property, nor of the judgment, nor of the Sheriff's sale of it, until the time of redemption has passed.

The bills herewith presented will give in more detail, and with greater accuracy, our views upon the important subjects committed to our consideration. If our work should meet with sufficient favor, we would suggest that it be presented

to the Legislature in time for its action at its present session. When we shall know what action the Legislature shall take, then we shall be able to prepare an Ordinance for the consideration of Councils, in conformity with the legislation that may be enacted.

*An Act to promote the more certain and equal assessment of
taxes in Philadelphia.*

SECTION 1. Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania: The Court of Common Pleas of Philadelphia County shall, once in every three years, before the time of the revision of the taxes for the succeeding year, and as often as vacancies shall occur, appoint two persons, deemed the most competent, who, with the senior City Commissioner for the time being, shall compose the Board of Revision of Taxes of the county, a majority of whom shall be a quorum, who shall have the power to revise and equalize the assessments by raising or lowering the valuations, either in individual cases or by Wards, to rectify all errors, to make valuations where they have been omitted, and to require the attendance of the assessors, or other citizens, before them for examination on oath, or affirmation, either singly or together, with power to forfeit the pay of assessors, rateably to their annual compensation, for each days' absence when their attendance is required: And the said Board of Revision shall hear all the appeals and applications of the tax-payers, subject to an appeal from their decision to the Court of Common Pleas of the county, whose decision shall be final; and if the appeal to the Court shall be groundless, the appellant shall pay their costs of Court. The City Commissioners shall have no power to correct or revise the taxes, but shall receive, in writing, the requests of tax-payers to have their taxes reduced, and lay them before the Board of Revision at the next meeting. The said Board of Revision shall hear the

tax-payers of their respective Wards, in succession, of which notice shall be given, as now required by law, by the Commissioners and Assessors; and the said Board of Revision shall, alone, by a majority of them, exercise all the powers heretofore vested in the County Board of Revision, but shall not, in any instance, lower the aggregate valuation of the County. They shall meet as often, but not oftener, than is necessary to despatch the business which their duties require of them, and shall hold stated meetings on the first Saturday of each month, and receive the same compensation as the City Commissioners; but the senior Commissioner shall receive no additional pay for his services in the Board of Revision.

SECTION 2. The Chief Engineer and Surveyor of the City of Philadelphia, under an ordinance and appropriation by the Councils thereof, shall cause to be made books of plans of the said City, divided into sections so far as the streets of the said City are, or shall be laid out, which shall show the situation and dimensions of each property therein, with the City numbers thereof, and who are the owners, with such succession of blank columns as will permit the names of future owners to be entered therein, with the dates of transfers, and with index for recording such names alphabetically; and the person or persons who shall be employed to perform such duty shall have access to all plans of survey in the offices of any surveyor of the said City, to all books in the Recorder of Deeds' office, and all records of the Courts, and in the Register's office, and may take copies or extracts thereof without any charge therefor.

SECTION 3. The original books, when made, shall be kept in the fire-proof of the Department of Surveys of the said City, and a duplicate set thereof shall be placed by the Chief Engineer and Surveyor in the office of the City Commissioners, and be there safely preserved in the fire-proof; and the said Chief Engineer and Surveyor shall keep up the books in his office, so as to show, at all times, who are the owners of the lots on the plans; and before the annual meeting of the Board of Revision for revising the valuations for taxation, shall cause the books in the Commissioner's Office to be brought up to that time; and such books shall be kept in such manner as not to destroy the evidence of the ownerships at any previous time, but by additions which

will show the subdivisions of property, and the owners thereof as transmissions of title may take place; and the said Chief Engineer and Surveyor may furnish copies of the said books, or parts thereof, for such price as may be fixed by Councils, for the use of the City, and his certificate shall be received in evidence, as and for such proof as the assessment books would be, and lithographed copies of the said books may be multiplied, and sold for the profit of the said City.

SECTION 4. To enable the Chief Engineer and Surveyor of the City to keep up the said books of plans, it shall be the duty of every seller and buyer of ground upon the planned plot of the City of Philadelphia, to make report to him of every conveyance made, with the precise dimensions and locality of the premises, and so doing the same shall be received without charge, and noted on the deed of conveyance by the assistant of the said Chief Engineer and Surveyor. But if said seller and buyer shall both omit said duty, the Recorder of Deeds of the said County of Philadelphia shall not admit the deed of conveyance to record in his office, without charging fifteen cents for each lot described therein; and it shall then be his duty to furnish the proper description of such lot or lots, with the date of conveyance and names of grantor and grantee, within one month, into the office of the Department of Surveys, under the penalty of one dollar for each omission, to be recovered as penalties for taking unlawful fees are recovered, for the use of the said City. And it shall be the duty of every purchaser of houses and lands at judicial sales, and of every one to whom an allotment in partition shall have been made, and of every devisee by will, to make return to the Chief Engineer and Surveyor of the purchase he has made, or allotment he has received, and of all devises made to him by will, with descriptions as aforesaid, which the said Chief Engineer and Surveyor shall receive without charge; but if he shall not have done so simultaneously with the completion of his purchase, or on partition perfected; or if, on probate of any will, the devisee shall not have done so, as to any houses or lands in the said City purchased, allotted or devised, it shall be the duty of the Clerk or Prothonotary of the proper Court, under whose authority such judgment or partition shall have been made, and for the Register of Wills, to furnish such descriptions as are above required of the Recorder

of Deeds, so far as the wills to be proved in his office shall enable him to do so, for the like charge, and under the same penalty; and the Clerk, or Prothonotary and Register, may make such charge against such purchaser or party taking in partition, or devisee, on delivery of the deed, certifying proceedings in partition, or granting probate of the will; and that whether the same be in trust, or for any estate for life only, or otherwise, unless the party interested shall produce to him or them the certificate of the Chief Engineer and Surveyor that such duty has been performed.

SECTION 5. If neither the seller, nor buyer, devisee or heir, or other party who has acquired title to houses and lands in the said City, shall have furnished the description of the property sold as aforesaid, both he who may have parted with, and he who acquired title, shall be liable for the taxes thereafter assessed thereon, without right of reclamation or contribution therefor, either against the other; and if the land or houses sold be afterwards sold for taxes thereafter accruing as a lien by record, before said duty shall have been performed, the purchaser shall acquire title, as now he may by law, within the County of Philadelphia; but if the said duty of making the return as required by this Act shall have been discharged by the party who shall have acquired title, in whatsoever manner, before the tax accrued as a lien of record, for which the same shall have been sold, the purchaser at the tax sale shall not acquire the title of such person who shall have performed said duty, or of his heirs or assigns, unless the sale shall have been made in the name of such owner, after service of process upon him, as in case of suit by summons.

SECTION 6. And should the Chief Engineer and Surveyor apprehend that conveyances, or devises, or descents of houses or lands, shall have taken place without being reported to him, he shall cause search to be made therefor, and perfect his books of plans; and every person found delinquent for six months after acquiring title, as aforesaid, in making report, as aforesaid, shall be liable to a fine of five dollars, to be recovered by the said Chief Engineer and Surveyor, in the name of the City, as debts of that amount are by law recoverable.

SECTION 7. The Chief Engineer and Surveyor shall pre-

serve on file, arranged alphabetically and according to date, all reports made to him of descriptions of houses and lands, and for twenty-five cents shall give his certificate, at the foot of a duplicate of the description or descriptions, that report has been made into his office of the description of the designated property or properties, when a duplicate of descriptions shall be produced to him, with the certificate written out for his signature; and his certificate shall be evidence for the receiver of it, and any Clerk, Prothonotary, and Register, and all others, that this law has been complied with.

SECTION 8. It shall be the duty of the City Commissioners to cause to be made assessment books, and duplicates, in the form that shall be prescribed by the Councils of the City, and no other, and to have the same bound and permanently preserved in their office, the duplicates whereof shall be kept in the office of the Receiver of Taxes. And they shall be made in conformity with the books of plans, to be furnished by the Chief Engineer and Surveyor, whenever, and as furnished by the successive Wards, omitting no property thereon, nor the name of any owner. And it shall be the duty of every Assessor, whenever he shall find any property to be owned differently from the name in the proper assessment book, to report such change to the Chief Engineer and Surveyor without delay, and the Chief Engineer and Surveyor, if finding such report correct, shall make the book of plans conform by the proper entry, but without erasure of any name; and the failure of the Assessor to perform this duty shall subject him to a charge or penalty of twenty-five cents, for each such omission, to be recovered as debts of the amount thereof are recoverable by law.

SECTION 9. It shall be the duty of all owners of houses and lots to furnish, forthwith, descriptions of their property to the Chief Engineer and Surveyor, to aid him in making up the books of plans, and whensoever such descriptions shall have been so furnished, and the certificate of the Chief Engineer and Surveyor shall be received, no property so returned shall be subject to sale for taxes, thereafter to accrue, as a lien of record thereon, except in the name of the owner as returned, and after recovery by suit and service of the writ on him made, as in case of a summons. And all such returns shall be arranged and filed alphabetically.

An Act relating to the Assessment and Collection of Taxes.

SECTION 1. Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania: That when in this Act, and in the 92d section of the Act of 29th of April, 1844, entitled an Act to reduce the State debt, &c., the word *County* is used, it shall be taken to include the City of Philadelphia, as one of the Counties of the Commonwealth, and the City Receiver of Taxes shall be subject to the duty, and have the right to receive the taxes that any County Treasurer would have.

SECTION 2. That the authority conferred upon the City of Philadelphia to collect taxes upon the subjects specified in the said 32d section of the Act of 1844, shall be taken to be qualified by the several Acts of Assembly which exempt certain properties from taxation, and which have explained or modified said Act, and which exempt dividends from taxation when the capital of the corporation is taxed: *Provided*, That when real estate, exempted from taxation because of its charitable or religious use, shall be made productive of rent or profit, by a secular use thereof, it shall be commensurately valued as other productive real estate and taxed as such.

SECTION 3. That each County shall have the like authority that the State exercises by law, to demand and collect of any corporation incorporated under the laws of this State, such tax as the County is authorized by law to lay upon corporate loans and dividends, and to require the return and payment thereof under the like penalties, by the proper officer of the corporation; and the assessors shall not inquire for nor make return of any loans or stocks, or interest or dividends thereof, upon which the tax is payable by corporations.

SECTION 4. It shall be lawful for all lenders of money by bonds, mortgages, notes, bills, or other writing signed by the borrower, to insert therein an agreement, that the borrower shall pay all taxes to be assessed by any law on the principal or interest of the loan, or that he shall pay interest at the rate of seven per cent. per annum on such loan, which the lender may recover by law.

SECTION 5. All corporate loans and shares, in companies organized under the laws of this State, subject to a State or

County tax, shall deduct and pay the State or County tax (including Philadelphia), only in the place where their principal office is situated; but their real estate, taxable as such, shall be taxed only in the County where it is situated.

SECTION 6. Whensoever any corporate company, organized under any law of this State, subject to a State or County tax on dividends or capital, shall increase its capital or shares of stock by raising the value of the stock, or increasing the number of its shares, by reason of the retention of its own earnings or profits, or the estimated increase in the value of its property or franchise, it shall be subject to a tax on such increase of capital of five per cent., and be liable to pay the same under the same penalties as if such increase had been declared in cash dividends for the stockholders; and three-fifths of such tax shall be paid into the State Treasury, and two-fifths into the County Treasury, including Philadelphia.

SECTION 7. All dividends declared on stock held in all banks incorporated by this State, and in all National Banks in this State incorporated under any Act of Congress, shall be subject to a State and County tax of five per cent. thereon; which tax shall be deducted and paid by the Cashier of such banks, as provided by law as to corporations, who are required to deduct and pay a State tax on interest or dividends; and three-fifths of such tax shall be paid to the State Treasurer, and two-fifths to the Treasurer of the County where such bank shall be situated, including the Receiver of Taxes of the City of Philadelphia; and National and State Banks shall pay no higher or other tax under the laws of this State.

SECTION 8. The thirty-second section of the Act of 29th April, 1844, entitled an Act to reduce the State debt, &c., shall hereafter be taken to include all bonds and mortgages, promissory notes and bills, judgments, and all writings taken as the evidence of moneys lent, whether in this or any other State, to any solvent debtor, except notes and bills taken for work and labor done, and for goods sold, and bank notes; also to include all shares of stock held in any institution or company, corporate or unincorporate, and whether incorporated under the laws of this or any other State, and also to include all loans made to any of them; and also to include all public loans to any State, County, or

Municipal Corporation, held or owned by any persons or corporations, within this State or elsewhere, excepting loans to the United States, and to this State, (except as this State may have taxed the latter for her own revenue,) and excepting loans heretofore made under the faith of any Act of Assembly exempting them from taxation, and excluding any deposits in any bank, incorporate or unincorporate, and all book accounts; and no County or Municipal Corporation shall tax any loans made to itself.

SECTION 9. The objects specified in the said 32d section of the Act of 29th of April, 1844, as explained by the preceding section, except real estate, namely, all loans at interest owing by solvent debtors, whether individual or corporate, and all shares of stock, shall pay a tax of one-half mill on each one per cent. of interest contracted to be paid, and of dividends of income declared, thereon, or five per cent. on such income; and all furniture, watches, and silver-plate, when these shall in the aggregate exceed three hundred dollars; all horses, mules, and cattle over four years of age; all pleasure carriages, and other taxable personal property, shall pay a tax of five mills on each dollar of the valuations thereof; and all salaries, emoluments of office, all offices and posts of profit, professions, trades and occupations, except the occupations of farmers and salaries paid by the United States, shall pay a tax of five mills on the clear annual amount thereof, after deducting all expenses necessarily paid in connection with the same, when such net amount shall exceed three hundred dollars per annum; of which said taxes three-fifths shall be collected and paid into the State Treasury, as now provided by law, and two-fifths shall be collected and paid into the County Treasury, or Treasury of the City of Philadelphia, as now provided by law.

SECTION 10. The Assessors of the Townships and Wards, in the Counties of the Commonwealth, including Philadelphia, shall serve a printed circular upon each taxable within his Township or Ward, in form to be furnished by the County or City Commissioners, as may be prescribed by the Auditor-General, and conformable to law, and shall require thereto answers to the several interrogatories therein contained, to be sworn or affirmed and subscribed by the taxable, which oath or affirmation shall be administered by

the Assessor, by which interrogatories he shall demand an answer as to the value and amount of all properties and objects subject to a tax on the valuation or amount thereof, and of interest and dividends subject to a tax thereon, not payable by State corporations, in such form as shall be provided as aforesaid.

SECTION 11. All trustees in every capacity, guardians, committees of lunatics and agents, in any way having charge of taxable property, shall answer the interrogatories as if owners thereof, and be liable for the taxes thereon; and all taxables shall answer the interrogatories addressed to them as to the value of properties taxable on the values thereof, both real and personal, by valuing them at such prices as they would bring if separately sold at a public sale, without sacrifice, and in all such particulars as shall be contained in the circular to be provided as aforesaid; and such returns shall be subject to correction both by the Assessor, and, on appeal, by the Board of Revision, if deemed too low; and Assessors, for any neglect of duty in furnishing or returning such circulars or otherwise, shall be subject to the same penalty and punishment as now by law provided for neglect of duty: *Provided*, That if the Assessor shall add to the return made to him, he shall give written or printed notice thereof to the taxable, and of his right to appeal to the County Board of Revision. All answers shall be returned by the taxable within thirty days after the interrogatories shall be served, personally or at his residence, and if not returned within that time, the Assessor shall estimate the properties and amounts subject to taxation, at what he believes to be their true value or amount, and add fifty per cent. thereto, and give the like notice thereof to the taxable as aforesaid, and such estimates shall be subject to correction by the County Board of Revision.

SECTION 12. The Assessors shall make return to the County Commissioners of the printed and written returns made by the taxables alphabetically arranged, and they shall be so preserved, according to Townships and Wards, for four years, subject at all times to the inspection of the Board of Revision.

SECTION 13. Every Assessor shall, before he shall receive his compensation, return to the County Commissioners, and City Commissioners of Philadelphia, a correct list of all the

taxables within his Township or Ward, to the best of his knowledge and belief, under oath or affirmation; and, whenever required, give an explanation of all omissions to serve the circular prescribed to be served upon the taxables, or to obtain answers from them as required by law.

SECTION 14. It shall be lawful, and the duty of the Board of Revision, to award ten per cent. additional compensation to such Assessors who shall appear to them to have faithfully performed their duties according to law, and the certificate of the said Board shall be the proper warrant for the payment of such additional compensation.

SECTION 15. It shall be the duty of the County Commissioners to afford all information in their power to the Auditor-General, in relation to the valuations and assessment of all taxable properties within their respective Counties; and the Auditor-General, personally, or by such agents as he may employ, shall have access to, and may take copies of, all returns made into their office by the Assessors, and of all assessment books; and whensoever there shall appear to have been remissness in office, or failure to perform their duty faithfully, by any Commissioners or Assessors, it shall be the duty of the Auditor-General, or his agent, to make a representation thereof to the Board of Revision, for rectification of all errors and omissions, and also to proceed otherwise as provided by law for the punishment of all delinquents. And it shall be the duty of the Auditor-General, personally, or by such agents as he may employ, to require returns to be made by all corporations, of the taxes they are liable to pay on interest, on loans, or on dividends upon stock, or otherwise, and to cause the same to be paid into the State Treasury.

SECTION 16. Every County Treasurer, and the Receiver of Taxes of Philadelphia, shall perform for their respective Counties, the like duties as are required of the Auditor-General in relation to the State, by the preceding section, either personally, or by agent duly appointed, as to the assessment and collection of taxes of said Counties and the City of Philadelphia, and in that behalf shall employ counsel to perform the like duties in respect to said Counties which the Attorney-General is by law required to perform in relation to the assessment, collection and payment of the

State tax, whensoever officials, corporations or taxables shall be delinquent in their duty to the public.

SECTION 17. All men of lawful age shall pay a poll tax to the State of fifty cents, and a poll tax to the County of fifty cents, including the City of Philadelphia, in lieu of the present County personal tax.

SECTION 18. Nothing in this Act contained shall be taken to be a repeal of any former law, except so far as the same shall be hereby modified or altered.

AN ORDINANCE

To promote Public Cleanliness and Health.

COMMITTEE ON SURVEYS AND REGULATIONS,
March 2, 1865.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That from and after May 1, 1865, any person, who shall be the owner or lessee of premises, desiring to connect with any of the Sewers in the streets, shall make application at the Department of Surveys, and shall pay for said privilege the sum of seven dollars and fifty cents for all premises not exceeding sixteen feet in width, and all over that width the sum of ten dollars, except they shall have paid proportionally, for the construction of said Sewer, in which case the sum of three dollars shall be paid.

SECT. 2. That it shall be the duty of the Chief Engineer and Surveyor, on or before the 1st day of May, 1865, to appoint, by and with the advice of the Committee on Surveys, a competent person in each Survey District (who shall give bonds in one thousand dollars for the faithful performance of his duties) to make so much of the connections with the Sewers as may be within the street lines, the same to be done under the supervision of the Survey Department, and the expense thereof (excepting the repaving) to be defrayed by the person to whom the privilege is granted. The charges to be made by the respective persons so appointed, for their services, shall be uniform, and shall be established by the Chief Engineer and Surveyor, under the supervision of the Committee on Surveys.

SECT. 3. After the connection with the Sewer is made, it shall be the duty of the Commissioners of Highways, upon the written order of the Chief Engineer and Surveyor, to repave the street.

SECT. 4. When privilege is granted to connect with any Sewer, the Department of Surveys is hereby authorized to issue a license in the following form, as near as may be :

Sewer License.

Whereas, (here insert the name of the applicant) has applied at the Survey Department to make a connection with the Sewer located in (here insert the name) street, from his premises (here insert the number or a brief description of

the premises), and has paid, for the use of the City of Philadelphia, to the Chief Engineer and Surveyor, the sum of _____ dollars for said privilege. Now this is to certify that the said (here insert the name of the applicant) is permitted by the City of Philadelphia, to make the connection from the said Sewer to the street line, according to said application; the same to be made by (here insert the name of the proper person to make the connection) of the (here insert the number) Survey District. The said licensee to pay the expense thereof to said (here insert the name of the person appointed by the Chief Engineer and Surveyor). This license to be revocable at the option of the City of Philadelphia. (Signed by the Chief Engineer and Surveyor.)

SECT. 5. That no new dwelling-house, store, or other building, shall be erected on any street or alley in which there is a Sewer, without providing an under-ground connection by drain pipes with the Sewer for carrying off all drainage that would otherwise flow over the footway; and in all cases where there are gutters now over the footway which, in the opinion of the Chief Engineer and Surveyor, are objectionable, and are situated upon a street where there is a Sewer, or where, in the erection of new buildings after the passage of this ordinance, the directions herein specified have been disregarded; it shall be the duty of the Chief Engineer and Surveyor to give written notice to the owner, or occupants of the premises, to connect with the Sewer by under-ground drainage; and in case of non-compliance with said notice for the space of thirty days after the service thereof upon the owner or occupant, there shall be incurred by said owner the penalty of thirty dollars for each month of failure.

SECT. 6. No license shall be hereafter granted to make connection with a Sewer for the purpose of preventing the overflow of a privy well, and no substance shall be conducted into a Sewer which will not be carried off by suspension in water; and all such Sewer connections now existing shall be cut off by the Chief Commissioner of Highways within thirty days after written notice so to do has been served (by order of the Chief Engineer and Surveyor) upon the owner or occupant of the premises drained.

SECT. 7. That, in all cases where the connection is for the purpose of conveying to the sewer such drainage as would otherwise be permitted to flow across the footway, the license

must be taken out in manner herein specified; but no charge shall be made therefor, other than the sum of three dollars for repaving the carriage way.

SECT. 8. It shall be the duty of each Passenger Railroad Company occupying the streets of the City of Philadelphia, whenever the same may be over a Sewer, to make at their own expense a connection between the horse-path of their track and the underlaying Sewer at such points and in such manner as shall be approved by the Chief Engineer and Surveyor; and upon the failure so to do within thirty days after written notice has been given them by said Chief Engineer and Surveyor, it shall be the duty of the Chief Commissioner of Highways to have the same done, and the cost thereof to be collected from the Railroad Company as directed in Section 10 of this ordinance.

SECT. 9. That if any one shall make a connection with any Sewer in violation of the provisions of this ordinance, or shall use it for purposes not specified in license, there shall be incurred the penalty of fifty dollars, and connection shall be severed.

SECT. 10. It shall be the duty of the City Solicitor to prosecute for all penalties incurred under this ordinance, upon the direction of the Chief Engineer and Surveyor.

SECT. 11. The Chief Engineer and Surveyor shall pay weekly into the City Treasury all moneys received by him under the provisions thereof.

DEPARTMENT OF SURVEYS,
Phila., Feb. 17, 1865.

J. W. EVERMAN, ESQ.,

Ch'n Com. Surveys and Regulations.

DEAR SIR:—The original bill, "To promote Public Cleanliness and Health," presented to Council in April of last year by this Committee (see Common Council, file No. 9, of 1864), while it embraced the question now under consideration, was far more comprehensive in looking to the entire abolishing of cesspools; but as objections were made thereto by the Board of Health, and it likewise opened a question of most grave import, and one upon which much difference of opinion exists even among the most experienced engineers of the older cities of the world, *i. e.*, "What shall we do with the offal of a great city?" the bill was withdrawn

for further investigation; and although not yet convinced that the project there presented is not for the interest of the City, yet at the present time I should ask that that question be held in abeyance, until opportunity may be had for laying before you more definite information. I therefore beg leave, that as we are not now prepared, either to adopt the bill abolishing cesspools (great as is the abomination and nuisance as now constructed), or to withhold the privilege of connecting properly constructed water closets or water privies with our Sewers, to submit the bill originally presented so modified as to exclude that mooted question, and in substance embrace points as follows:

SECTION 1. To abolish Sewer-rents. This I am not prepared to endorse; for I cannot believe that the very small yearly rental now ordered to be paid would, in any instance, prevent an underground connection being made where the comfort and convenience of the resident is so much improved. While, at the same time, I believe each individual thus benefitted by the expenditure from the general fund—as in cases of main Sewers—should in this way pay their proportion for cleansing and repairs to Sewers. The revenue from this source in 1864 was \$6,177 63.

SECT. 2. Places the issuing of licenses in the Department of Surveys, instead of Highways. This seems most proper from the fact that all Sewer records, as regards location, size, depth, gradient, &c., &c., are only to be found in the Department of Surveys, and as the position and mode of constructing these connections are matters of importance for the effective operation of the Sewers, they also should be a matter of record.

SECT. 3. Provides that the work on these connections, so far as it lies within the public streets, shall be performed by persons especially delegated by the Board of Surveyors, who shall be experienced mechanics, and responsible for the faithful performance of the work. The importance of this must be evident to all, but particularly to those who know that the greater number of these connections are now made by inexperienced persons, whose only interest is to complete the job and receive their pay, regardless entirely as to whether their work has not injured the Sewer itself mechanically, and created an obstruction in its area, seriously interfering with its free discharge.

SECT. 5. Gives the form of license and a record of the construction, thus enabling the City to recall the authority in case of neglect of duty.

SECT. 6. Contains the subject matter which seems now of most interest to the public, *i. e.* the necessity of conveying the surface water as rapidly as possible unto the Sewers. This has often been pressed in reports from this Department during past years, urging the necessity of more inlet area, and of inviting the extension of Branch Sewers until every street shall have its Sewer, and each Sewer its proportional inlet area; but it is only at such seasons as we of late have had that these suggestions have full weight. The provisions of Section 6, referring to new buildings, should be carried out to the letter; nor is it less important to the public that very many of the gutters *now* passing over footways from courts and back alleys connected with groups of houses, should be removed, and their necessity obviated by underground drainage. The safety to limb, and perhaps life, calls for it, where the accumulation of ice often extends to many feet in width of footway, while, in numberless instances, the opening of one of these alleys alongside an otherwise desirable residence materially reduces its value.

SECT. 7. Is intended to prevent what has been objected to repeatedly by this Department as well as by the Board of Health. If we must have cess-pools, I beg earnestly that when defective in construction, as most of them are, the inconvenience of the owners shall not be alleviated to the absolute injury of our Sewers. No more foetid liquid probably exists than the overflow of a cess-pool filled with excrement, yet whenever such difficulty occurs the recourse always is to a drain pipe from the top of cess-pool to Sewer. This fills the Sewer with sulphuretted hydrogen, making them inaccessible for examination, and even reach the interior of residences through their water-closet connections, should the trap be imperfect in action. All such connections should be severed as soon as possible; and if water closets are objectionable, have a privy built of approved form, cheap and effective in plan, water tight, thus protecting the surrounding soil, and with the *free use of rain*, yard, and house-water, a Sewer connection from bottom would not be objected to, as the excrement would be carried off as delivered, with a pro-

portion of water so great as to render the decomposition innoxious as it passes through the Sewer. In

SECT. 9 Will be found a repetition of what was submitted some year or two since, which, if carried out, would have, in many places, prevented the accumulation of slush and water in the Passenger Railroad tracks, now so much complained of. The drawing of an inlet was then prepared, and a casting made, adapted to the space between the rails, to be placed at all depressions of grade, and at such intermediate distances as to intercept a long run of water in the tracks when over a Sewer. This is simple in form, and not costly, and would, I believe, be beneficial to the Railroad Companies as well as the City.

Respectfully submitted.

STRICKLAND KNEASS,
Chief Engineer and Surveyor.

AN ORDINANCE

Authorizing the Mayor to lease unto William E. Whitman certain premises in the Twentieth Ward.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Mayor be and he is hereby directed to lease for a term of five years, all that certain lot of ground situate adjacent to and directly north of the basin or reservoir, between Twenty-fifth and Twenty-seventh streets in the Twentieth Ward, now used by the Olympic Base Ball Club, at an annual rent of one hundred dollars, payable in advance: *Provided*, That the said William E. Whitman will agree to deliver up the possession thereof at any time after three months' notice.

APPENDIX No. 95.

RESOLUTION

Of Request to the Mayor.

Whereas, Councils are assured of the successful march of our armies into North and South Carolina, resulting in the capture and repossession by the Federal forces of Savannah, Charleston, Wilmington, Forts Sumter and Fisher, with other important places, heretofore held by rebel forces from the commencement of the rebellion. *And whereas*, Saturday next, March 4, inst., will be the anniversary of the continuance of the establishment of the Federal government, which government an unholy rebellion had attempted to wrest from the legal representatives

of our people and to inaugurate in its stead an oligarchy subversive of freedom. Therefore

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Mayor be requested to invite our citizens on Saturday next, March 4, inst., to show their sympathy with our National authorities, and our fellow-citizens throughout the country, on that day, in making such public demonstrations on the occasion, by fitting public rejoicing.

Be it further resolved, That the Mayor be directed to cause a National salute to be fired, at noon, on Saturday next, and that the bells of the different churches and other public buildings be rung, morning, noon and evening, of the same day.

RESOLUTION

Authorizing Alfred Jenks & Son to put up certain telegraph poles and wires.

Resolved, by the Select and Common Councils of the City of Philadelphia, That permission be granted to Alfred Jenks & Son to erect telegraph poles north from Lehigh avenue on Richmond street and the Point road to their armory in Bridesburg—said poles to be not less than thirty-five feet in length, and five and one-half inches at the small end, neatly dressed, and painted with two coats of white paint; the poles to be set in the ground not less than four and one-half feet; pavements around the poles to be properly relaid.

And also to mend a wire on the poles of the Police and Fire Alarm Telegraph from Lehigh avenue south through Richmond street to Frankford road; thence to Maiden and Laurel streets, to Second street; thence to Arch street; and east to their counting-house in Front street.

Provided, That Alfred Jenks & Son renew such poles on the route as may be deemed necessary.

And to erect poles from the police station house in the Twenty-third Ward to the armory in Bridesburg—said

poles to be erected in accordance with the regulations mentioned above; and the wire to be of the size known as No. 9 galvanized wire, soldered joints, and to be connected with the wire of Police and Fire Alarm Telegraph at said police station house in the Twenty-third Ward.

The instruments to be connected with said wire at the armory to be similar to those used on the Police and Fire Alarm Telegraph, and known as the Key and Dial Instrument.

The battery at the armory to be supplied by the said firm of Jenks & Son, and in no event is the City to be at any expense either in the construction of said lines of telegraph or maintaining the same. The said extension of the Police Telegraph from the Twenty-third Ward, after the erection of the same, to be under the control of the Mayor, and not to be used by the said Alfred Jenks & Son, or their agents, except to communicate alarms.

The said telegraph lines to be erected in accordance with the provisions of an ordinance, approved April 18, 1863.

RESOLUTION

Approving the sureties of Henry P. M. Birkenbine, Chief Engineer of the Water Works elect.

Resolved, by the Select and Common Councils of the City of Philadelphia, That George Woelper and Benjamin H. Brown, are hereby approved as the sureties of Henry P. M. Birkenbine, Chief Engineer of the Water Works elect, and the City Solicitor is hereby directed to have a bond with warrant of attorney prepared for said parties, to execute, and to cause a judgment to be entered thereon; and further to file a certificate of record that the lien of the judgment entered in pursuance of said warrant of attorney, shall only operate against the respective properties submitted to the Committee on Finance, by the said sureties, that is to say: The lien of the judgment against George Woelper and Benjamin H. Brown shall only operate on and against certain lots of ground whereon are erected the houses numbered 1614, 1618, 1622, 1624, 1404, 426 and 428 Franklin street; a lot on Thirteenth street below Oxford street, in the Twentieth Ward, and a lot on Sepviva street below Norris street, in the Eighteenth Ward, whereon two frame houses are erected.

RESOLUTION

Of Instruction to the City Solicitor.

Whereas, The constitutionality of appropriations of public moneys for the enlistment of men into the service of the United States by this Commonwealth, has recently been

argued in the Supreme Court of Pennsylvania: *And whereas* The City of Philadelphia has become liable by reason of such appropriations, to the amount of several millions of dollars; now therefore, be it

Resolved, by the Select and Common Councils of the City of Philadelphia, That the City Solicitor is hereby directed to move the Supreme Court for an argument of said question on behalf of the said City before all the judges.

APPENDIX No. 126.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—Your Committee on Highways to whom was referred the resolution for grading Miller, Ashmead and Linden street, respectfully report that by resolution approved March 30th, 1864, those streets were authorized to be graded, but the sums therein appropriated were found to be wholly inadequate for the completion of the work which is necessary to be done immediately, to save the City from suits for damages. The following resolution appropriating sums, which are the lowest the work can be done for, is submitted for your consideration, and believing it the only means of meeting the difficulty, we recommend its passage. We also recommend the repeal of the former resolution.

RESOLUTION

Authorizing the American Telegraph Company to erect Telegraph Poles in a certain street.

Resolved, by the Select and Common Councils of the City of Philadelphia, That permission be granted to the

American Telegraph Company to erect five telegraph poles on Tenth street south of Market street, said poles to be not less than thirty-five feet in length, six inches in diameter at the small end, straight, and to be painted white immediately after erection. The said telegraph line to be erected in accordance with the provisions of an Ordinance approved April 18th, A.D. one thousand eight hundred and sixty-three (1863), entitled, "An Ordinance regulating the construction of telegraph lines in the City of Philadelphia."

APPENDIX No. 131.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—Your Committee on Surveys and Regulations, beg leave to present the accompanying bill authorizing the construction of a sewer on Filbert street westward from 20th street.

The application was made to the Board of Surveys as directed by law, but as the assessment bills will not reach its cost by about \$3,000, we ask that the deficit may be made up from Item 22 of the appropriation for the Department of Highways for 1865—and present the accompanying bill asking its approval.

AN ORDINANCE

To authorize the construction of a Sewer on Filbert street, Ninth Ward.

Whereas, A majority of the property owners on the line of Filbert street, between Twentieth and Twenty-second streets have filed their petition in the Department of Surveys, as directed by the Act of Assembly, approved April 8th, 1864, for the construction of a Sewer on the line of Filbert street as aforesaid, which application has been approved by the Board of Surveyors; and at a meeting held March 6, 1865, they authorized the construction of a sewer in accordance with the provisions of the Ordinance

nance approved November 11th, 1858, entitled an "Ordinance to provide for the construction of Branch Culverts or Drains." *And whereas*, Owing to the enhanced price of materials and labor, the cost per linear foot will exceed the amount stipulated by law as payable by the said property owners; therefore

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Highways be and is hereby authorized to construct a sewer on the line of Filbert street from the sewer now laid in Twenty-second street, eastwardly to the east line of Twentieth street, to be constructed of brick with a clear inside diameter of three feet, with the necessary inlets for the proper surface drainage, in accordance with a plan and specifications to be prepared by the Department of Surveys.

SEC. 2. The Chief Commissioner of Highways shall advertise according to law, announcing that proposals will be received for the construction of said sewer, and he shall allot the work to the lowest bidder, and it shall be a condition of said contract that the contractor shall accept the sums assessed upon and charged to the properties lying on the line of said sewer as authorized by the Act of Assembly approved April 8, 1864, and in manner and form provided by Sections 3 and 4 of Ordinance entitled "An Ordinance to provide for the construction of Branch Culverts or Drains," approved November 11th, 1858. The excess of the cost of said sewer over and above the amount assessed upon the property fronting thereon shall be paid from Item 22, (For construction of Branch Culverts,) of the Ordinance to make an appropriation to the Department of Highways for the year 1865: *Provided*, That the said excess shall not exceed the sum of three thousand dollars, and the cost of the inlets and manholes shall be paid from the Item for that purpose designated in same ordinance of appropriation.

APPENDIX No. 132.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—Your Committee on Surveys and Regula-

tions submit for the action of Councils, a bill providing for the construction of a sewer on Ross street in the Eighteenth Ward, application for the same having been made to the Board of Surveyors as by law directed.

This construction will require about \$900 above the assessment upon the property, which we ask may be paid out of the Item for Branch Sewers in the appropriation to the Highway Department for the year 1865, and offer a bill recommending its adoption.

AN ORDINANCE

To authorize the construction of a sewer in Ross street, Eighteenth Ward.

Whereas, A majority of the property owners on the line of Ross street, between Richmond and Wildey streets have filed their petition in the Department of Surveys, as directed by the Act of Assembly, approved April 8th, 1864, for the construction of a Sewer on the line of Ross street as aforesaid, which application has been approved by the Board of Surveyors; and at a meeting held March 20, 1865, they authorized the construction of a sewer in accordance with the provisions of the Ordinance approved November 11, 1858, entitled "An Ordinance to provide for the construction of Branch Culverts or Drains." *And whereas*, Owing to the enhanced price of materials and labor, the cost per linear foot will exceed the amount stipulated by law as payable by the said property owners; therefore

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Highways be and is hereby authorized to construct a sewer on the line of Ross street, from the sewer now laid in Richmond street, westwardly to the west curb line of Wildey street, to be constructed of brick, with a clear inside diameter of two feet six inches, with the necessary inlets, for the proper surface drainage, in accordance with a plan and specifications to be prepared by the Department of Surveys.

SEC. 2. The Chief Commissioner of Highways shall advertise according to law, announcing that proposals will be received for the construction of said sewer, and he shall allot the work to the lowest bidder, and it shall be a condition of said contract that the contractor shall accept the sums assessed upon and charged to the properties lying on the line of said sewer as authorized by the Act of Assembly approved April 8th, 1864, and in manner and form provided by Sections 3 and 4 of an ordinance entitled "An Ordinance to provide for the construction of Branch Culverts or Drains," approved November 11th, 1858. The excess of the cost of said sewer over and above the amount assessed upon the property fronting thereon shall be paid from Item 22, (for construction of Branch Culverts) of the Ordinance to make an appropriation to the Department of Highways for the year 1865: *Provided*, That the said excess shall not exceed the sum of nine hundred dollars, and the cost of the inlets and manholes shall be paid from the item for that purpose designated in same ordinance of appropriation.

APPENDIX No. 133.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was referred the annexed resolution, asking for a change of grades on Poplar street at the Reading Railroad, so as to provide for a bridge crossing by said street into Fairmount Park, herewith present a report from the City Engineer and Surveyor, and a committee of the Board of Surveyors, approving the same, showing that even should the building of the bridge be delayed for years, yet it will be of benefit to the locality without cutting off communication with Pennsylvania avenue. The cost will not exceed twenty-five dollars.

We therefore append a resolution and ask its adoption.

RESOLUTION

Authorizing a change of grade at Poplar street and Pennsylvania avenue.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Department of Surveys be and they are hereby authorized and directed to alter the grades of Poplar street between Twenty-ninth street and Pennsylvania avenue, and such adjacent streets as may be necessary thereto, for the purpose of obtaining a bridge crossing over Reading Railroad into Fairmount Park.

RESOLUTION

To alter the grade on Poplar street.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Board of Surveys be and they are hereby requested to consider the propriety of altering the grade on Poplar street at the Reading Railroad to conform to the grade of the Park opposite thereto, thereby giving to the City a practicable eastern and northern outlet from the same, highly advantageous to that section, as well as of incalculable advantage to the Park.

—

DEPARTMENT OF SURVEYS,
Phila., Feb. 20, 1865.

TO THE BOARD OF SURVEYORS.

GENTLEMEN:—The resolution asking for a change of grade on Poplar street at its intersection with the Reading Railroad and referred, has received attention. We find no difficulty in so changing the grade on Poplar street from Twenty-ninth street to the Reading Railroad, as to allow a bridge crossing into the Fairmount Park, and yet give a communication with Pennsylvania avenue by Thirtieth street.

This can be accomplished by establishing the height of bridge over railroad at + 67.0 and changing the elevation of the intersection of Thirtieth and Poplar streets from 53.8 to 63.0, this will give a gradient on Poplar street from Twenty-ninth to Thirtieth street, of two feet per 100, instead of three as now established, and on Thirtieth street,

southward to Pennsylvania avenue of six feet per 100, and northward to Girard avenue, three feet per 100 instead of five; the rise to bridge from Thirtieth street to be at the rate of two feet per 100.

This revision will be of great value to the property on the line of Poplar street for some distance east of the Reading railroad, and on Thirtieth street between Poplar street and Girard avenue.

A bridge at that point, at peace prices, would cost about \$30,000, a portion of which the Reading Railroad Company would doubtless pay, say one-half, as that heretofore has been their practice in similar cases.

We consider the project important, as communication with Pennsylvania avenue is not by this arrangement cut off, while the grade approaching it, by using Thirtieth street alone instead of both Thirtieth and Poplar streets, is not materially increased.

This bridge need not be constructed until the necessities of the City require it, while the building front on Poplar street west of Thirtieth would probably be improved, and brought into the list of assessment as more valuable property. This revision would invite improvement, which otherwise will be delayed; and therefore, your Committee would recommend the revision asked for, and offer the following resolution.

(Signed.)

EDWARD D. ROBERTS,
HENRY HAINES,

Committee.

STRICKLAND KNEASS,

Chief Eng. and Surveyor.

Resolved, That the Board of Surveyors recommend City Councils to authorize the change of grades on Poplar street between Twenty-ninth street and Pennsylvania avenue, as proposed in the report of the Committee.

Which was agreed to.

APPENDIX No. 134.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN :—Your Committee on Surveys and Regulations, to whom was referred the annexed communication from the Master Warden of the Port, calling attention to the necessity of a wharf line upon the Schuylkill, from the Almshouse wharf to its mouth, have given the matter their attention, and find that an Act of Assembly April 6, 1850, P. L. 371, says “That the Surveyors of Spring Garden, Moyamensing, Blockley and the City of Philadelphia, are authorized and empowered, as soon as convenient after the passage of this act, to survey, lay out, and take proper soundings of the channel on each side of the river Schuylkill from Fairmount to the Delaware, for the purpose of establishing wharf lines thereon,” &c., “and all expenses of making the said surveys, plans, and reports shall be paid by the Commissioners of the county of Philadelphia.” This survey from Fairmount to the Almshouse wharf was made under this act, and approved October 6th, 1851. And now the necessities upon the lower part of the river call for its completion.

The Board of Wardens have had several applications for wharves south of the established line, which must either be granted, upon their judgment as to how far the channel of river may be encroached upon, or delay improvements of great importance to our city. If this is permitted, we run great risks of having the navigation of the Schuylkill much injured, as it is impossible to judge the proper extension for a wharf looking at an isolated case only. The cost is of small moment compared to the importance of the question. We therefore append a bill providing for the survey.

AN ORDINANCE

Authorizing Surveys for a Warden's Line on the Schuylkill.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Surveys be and is hereby authorized and directed, to make such surveys, and maps and soundings, as may be necessary to lay out a Warden's line upon the River Schuylkill from the terminus of the present line to the Delaware River, as directed by Act of Assembly of April 6th, 1850.

SEC. 2. That the sum of four thousand dollars be and the same is hereby appropriated to the Department of Surveys for the purpose herein specified. Warrants for which shall be drawn according to existing laws.

APPENDIX No. 135.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—The Joint Special Committee who were appointed to visit Harrisburg to wait upon members of both branches of the Legislature and the Governor of the State, and to urge upon them the necessity of defeating the bill to appoint a Commission, and thereby compel the City of Philadelphia, to purchase grounds at an exorbitant price, and increase the rate of taxation on property holders of this city, would respectfully submit the following report: That they immediately proceeded to the duties assigned them, and proceeded to Harrisburg, and had a meeting of the members of both Houses of the Legislature called, and stated to them the condition of the City Finances, and impressed upon their minds the necessity of defeating the Park Bill; that they also exhibited to them the condition of the treasury of the City, and the excessive taxation that would require the tax payers to raise in order to meet the requirements of this Bill. They had also a statement of these funds printed and laid on the desk of each member of the Legislature, the Governor and Speakers of both Houses; they had also numerous petitions signed by the

property holders remonstrating against the passage of the bill; and they confidently believe that through the efforts of this Committee the bill was defeated in the House of Representatives on Tuesday last by the following vote: yeas, 28; nays, 61. Your Committee would therefore submit the following ordinance, and ask its adoption.

RESOLUTION

To authorize the depositing of Coal Ashes on Passyunk road.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Chief Inspector of Streets be and he is hereby authorized and directed to deposit, on Passyunk road from Broad street to Rope Ferry road, the coal ashes collected in the southwestern portion of the City, in such quantities as may be necessary under the direction and supervision of the Department of Highways.

APPENDIX No. 137.

RESOLUTION

In reference to the action of our Members of the State Legislature in regard to the enlargement of the Park.

Resolved, by the Select and Common Councils of the City of Philadelphia, That we express our thanks to those members of the State Legislature who so manfully disapproved the late attempt of interested parties to compel the City to purchase a large tract of land on the west bank of the Schuylkill River, as alleged for the purpose of enlarging the City Park, which, if it had been successful, would have increased the City Debt many millions of dollars.

RESOLUTION

To release certain property of Peter Griffee from the lien of a certain Judgment.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the City Solicitor (with the assent of the co-surety of Peter Griffee) is hereby authorized to release from the lien of a judgment entered on the official bond of Nathan Spering, Commissioner of Highways, (D. C., D. S. B., Dec. 1864, 372,) the following described property of the said Griffee, that is to say: "All that certain three-story brick messuage or tenement and lot or piece of ground situate on the west side of Eleventh street, at the distance of one hundred and sixty-six feet four and seven-eighths inches northward from the north side of Brown street, in the Fourteenth Ward of the City of Philadelphia; containing in front or breadth on the said Eleventh street eighteen feet, and extending in length or depth westward between parallel lines at right angles with said Eleventh street ninety-one feet five and five-eighths inches." *Provided,* The said Griffee shall pay to the City Solicitor, for the use of the city, the sum of ten dollars, to defray the expense incurred in the publication of this resolution.

To the Select and Common Councils
of the City of Philadelphia.

I was approved as surety for Nathan Spering on February 16th, last past, as Commissioner of Highways, and judgment was entered against me, which binds the premises 820 North Eleventh street. I am about mortgaging the said premises, and ask that the said mortgage may be released from the said judgment.

Respectfully yours,

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN :—Your Committee on Trusts and Fire, to whom was referred the petition of citizens of the Twenty-sixth Ward, asking that more fire-alarm boxes may be placed in the lower section of the City, respectfully report that they have carefully considered the matter, and find upon examination that in certain localities not at present provided with alarm boxes there is an urgent demand for telegraphic communication with the central office in time of fire: and would state that they have selected several points, designated in the accompanying bill, for the placing of signal apparatus, all under cover, which is of great advantage, as the boxes and machinery will be completely protected from the weather; and at each of these stations persons are always on duty, day and night, which will prevent the instruments from being tampered with by evil-disposed parties.

They therefore submit the annexed bill entitled "An Ordinance to make an appropriation to defray expenses for the extension of the Fire Alarm Telegraph in certain localities in the southern and western sections of the City," and recommend its passage.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the further sum of two hundred and fifty dollars is hereby appropriated to the Clerks of Councils, to carry out the provisions of an ordinance to which this is a supplement; and the warrants shall be drawn by the Clerks of Councils, in conformity with existing ordinances.

APPENDIX No. 149.

RESOLUTIONS

Of Thanksgiving, on the capture of Richmond.

Whereas, It has pleased Almighty God to grant success to our arms in the capture of Richmond and Petersburg, whereby the rebel army has been routed, demoralized and sent whirling through Virginia, not knowing whither it is going. *And whereas*, The brave leaders of the *Union* army, after long months of siege, assault and battle, have under the blessing of a kind Providence, dislodged the cohorts of treason, from the capital of the so-called Confederacy and driven them from their strongholds, to find safety in flight under their misguided though obstinate leaders. *And whereas*, The occupation of Richmond by the Army of the Potomac, and the total route of Lee and his vile conspirators, betoken the end of the rebellion, the speedy downfall of treason and secession, and the near approach of *Peace* within our borders, and the abolition of human bondage, therefore,

Resolved, by the Select and Common Councils of the City of Philadelphia, That, in the success that has attended the *Federal* arms, in the capture and occupation of Richmond and Petersburg, we acknowledge the blessing and guidance of an over-ruling Providence, and offer our united *Thanksgiving* to God, for his kind intervention in enabling our armies to strike a fatal and successful blow upon the citadel of secession and rebellion, whereby the rebel conspirators have been routed and scattered, and their shattered armies reduced to undisciplined mobs and straggling brigades.

Resolved, That in the defeat of the rebel army at Richmond, we can surely see the end of the rebellion, the speedy return of peace within our borders, and union and happiness throughout our beloved land.

Resolved, That the thanks of this great nation are due to the soldiers of our armies, for their indomitable endurance, bravery and courage, and to their gallant leaders for their wisdom, skill and prowess, in urging forward their several commands to glory and renown, and furthering the near

approach of the downfall of treason and the establishment of universal freedom among all the nations of the earth.

Resolved, That while we rejoice over the successes, it behooves us to shed tears of sorrow, and express our heartfelt sympathy for those who have fallen. Though the sacrifice is great, the result is worthy of it all, and will endear the names and memories of those brave defenders of our good old flag, to ourselves and our posterity to the latest generation.

APPENDIX No. 151.

AN ORDINANCE

To authorize an additional loan to aid the Enlistment of Volunteers.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Mayor of Philadelphia be and he is hereby authorized to borrow on the credit of the City, from time to time, such sums of money as may be required to aid the enlistment of volunteers for service in the Army of the United States, not exceeding in the whole the sum of one million of dollars, for which interest not to exceed the rate of six per cent per annum, shall be paid half yearly, on the first days of January and July, at the office of the City Treasurer. The principal of said loan shall be payable and paid at the expiration of thirty years from the date of the same, and not before, without the consent of the holders thereof, and the certificates therefor, in the usual form of certificates of City Loan, shall be issued in such amounts as the lenders may require, but not for any fractional part of one hundred dollars, or, if required, in amounts of five hundred or one thousand dollars; and it shall be expressed in said certificates that the said loan therein mentioned and the interest thereof, are payable free from all taxes.

SEC. 2. Whenever any loan shall be made by virtue thereof, there shall be by force of this Ordinance, annually appropriated out of the income of the corporate estates, and from the sum raised by taxation, a sum sufficient to pay the interest on said certificates; and the further sum

of three tenths of one per centum on the par value of such certificates so issued, shall be appropriated quarterly out of said income and taxes to a sinking fund; which fund, and its accumulations, are hereby especially pledged for the redemption and payment of said certificates.

RESOLUTION

Authorizing the Clerk to publish the Ordinance.

Resolved, That the Clerk be authorized to publish in two daily newspapers of this City daily, for four weeks, the Ordinance presented to the Common Council on Thursday, April 6th, 1865, entitled "An Ordinance to authorize an additional loan to aid the enlistment of volunteers," and the said Clerk, at the stated meeting of Councils, after the expiration of four weeks from the first day of said publication, shall present to this Council one of each of said newspapers for every day in which the same shall have been made.

RESOLUTION

To authorize the grading of Warnock and Alder streets from Columbia avenue to Montgomery street.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Chief Commissioner of Highways, be and he is hereby authorized and directed to grade to the established grade of the City, Warnock street from Columbia avenue to Montgomery street, at a cost not exceeding the sum of one hundred and sixty-nine dollars, and Alder street, from Columbia avenue to Montgomery street, at a cost not exceeding the sum of one hundred and fifty-two dollars.

APPENDIX No. 154.

RESOLUTION

Of instruction to the Chief Engineer of the Fire Department.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Chief Engineer of the Fire Department be and he is hereby instructed to notify the different Steam Fire Engine Companies that fast or immoderate driving of their horses through the streets is against the express provisions of the Ordinances of the City, dangerous to life and limb, and hereafter ought to be discontinued.

APPENDIX No. 155.

RESOLUTION

Of instruction to the Chief Commissioner of Highways.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Chief Commissioner of Highways be and he is hereby instructed to inquire by what authority the Philadelphia, Wilmington and Baltimore Railroad Company, obstructs the passage of Broad street between South and Shippen, by placing large stones in the centre of the street, thereby endangering the lives and limbs of persons passing in vehicles after night, and report the same to Councils as early as possible.

APPENDIX No. 156.

RESOLUTION

Of instruction to the Chief Commissioner of Highways.

Resolved, by the Common Council of the City of Philadelphia, That the Chief Commissioner of Highways be requested to report to this Chamber all outstanding contracts for the grading or paving of any street, lane or

alley in the City, which have been executed more than one year, and under which no part of the work contracted for, or but a portion thereof has been done, with the names of the contractors and the provisions of the said contracts.

APPENDIX No. 157.

RESOLUTION

Respecting Municipal Affairs referred to in the Mayor's Annual Message.

Resolved, by the Select and Common Councils of the City of Philadelphia, That those portions of the Mayor's annual message, that refer to subjects connected with the several Departments of the City be and the same are hereby referred to the several Standing Committees and Heads of Departments having charge of the special matters mentioned in said message; and that they be respectfully requested to carefully examine and consider the same, and report to Councils at an early date, what legislation, (if any,) is necessary to carry out the valuable views and suggestions therein contained.

APPENDIX No. 158.

RESOLUTION

Directing the revision of the grade of Norris street, between Tenth and Broad streets in the Twenty-first Ward.

Be it resolved by the Select and Common Councils of the City of Philadelphia, That the Department of Public Surveys be authorized and is hereby directed to revise the grades upon Norris street between Tenth and Broad streets, and so much of the streets contiguous thereto, as may be necessary to place the established curb heights more in conformity with the natural surface of the ground in that locality.

APPENDIX No. 159.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance, to whom was referred “An Ordinance to make an appropriation to the Department for supplying the City with Water, for the purpose of making and sinking a crib in front of Fairmount Dam through the deep water, and placing an oak apron upon it;” together with the report of the Committee on Water Works thereon, respectfully report that they have given this matter a very careful consideration, and are satisfied that the report of the Chief Engineer of the Water Works as to the insecure condition of the Fairmount Dam is correct, and that means should be taken at once to prevent such a calamity to our citizens, as a failure of the dam would be. By any accident happening to it, we would be deprived of about six-sevenths of the water supply of the city.

The Committee felt great reluctance in reporting favorably to an appropriation for so large a sum of money at the present time, owing to the embarrassments existing in the City’s finances, but in view of the imperative necessity of the work, and the damage which would result from delay or negligence, the Committee deem it their duty to recommend the passage of the ordinance with the following amendment, viz.: add at the end of the first section the words “to be taken out of a loan hereafter to be created.”

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—Your Committee on Water Works having carefully considered the recommendation of the Chief Engineer for strengthening the Fairmount Dam. Your Committee believe that the making and sinking a

line of crib work in front of the dam from the eastern end of the pier to the fast rock, a distance of about 450 feet, and placing an oak apron upon the crib for the protection of the foundations of the dam from further injury. This would render the structure safe for at least ten years longer, or until it becomes necessary to have the dam entirely rebuilt. We would therefore offer the accompanying ordinance and respectfully ask its adoption.

AN ORDINANCE

To make an appropriation to the Department for supplying the City with Water, for the purpose of making and sinking a crib in front of Fairmount Dam through the deep water, and placing an oak apron upon it.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the sum of forty-five thousand dollars be and the same is hereby appropriated to the Department for supplying the City with Water, for the purpose of making and sinking a crib in front of Fairmount Dam through the deep water and placing an oak apron upon it, to be taken out of a loan hereafter to be created.

SECT. 2. That the warrants for the above shall be drawn by the Chief Engineer in conformity with existing ordinances.

DEPARTMENT FOR SUPPLYING THE CITY WITH WATER,
Chief Engineer's Office, Fifth street below Chestnut.

Philadelphia, April 3, 1865.

JOS. F. MARCER, Esq.,

Chairman of Committee on Finance,

DEAR SIR:—In answer to the resolution of the Committee on Finance referring to the work proposed by this Department for the purpose of strengthening the foundations of Fairmount Dam, I would say, it is impossible to state how long a structure built with the integrity and of the character of this dam may last even in the delapidated condition it now is. The forces which tend to weaken it and threaten its destruction, are constantly varying with

the seasons, and no calculations can be made in regard to them. About six-sevenths of the water supply of the City is taken from this source, and the expense and confusion that would be occasioned by the failure of the dam would, no doubt, be very great. For this reason I would be recreant to my duty did I not press the immediate strengthening of it upon Councils.

In the plan submitted and for which an appropriation is asked for by the Committee on Water, the present prices of labor and materials have been taken into account and no more work recommended than appeared to be absolutely demanded to insure the safety of the dam for the present. Were it not for these considerations, the building a dam in front of the present one would be urged upon Councils, the entire length of the overfall, a distance of one thousand one hundred feet, instead of the work now proposed, which is simply to strengthen the foundations in the deep water a distance of four hundred and fifty feet. It is hoped by this means to make the dam safe for perhaps ten years longer with such renewals as may be found necessary in decayed timbers. If the dam should be rebuilt at any future time, none of the work now proposed will be lost, but will furnish a foundation upon which to build, and leave only the work above low water to be done.

Yours respectfully,

HENRY M. BIRKINBINE,

Chief Engineer.

APPENDIX No. 160.

RESOLUTION

Of instruction to the Commissioner of City Property.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Commissioner of City Property is hereby instructed to have the public buildings on Chestnut street between Fifth and Sixth streets, illuminated at such time on the night of the Fourteenth of April, in honor of the glorious victories achieved by our brave army: *Provided*, The cost shall not exceed three hundred dollars.

APPENDIX No. 161.

AN ORDINANCE

Relative to the Celebration of our National Victories and making an appropriation therefor.

Whereas, It has pleased Almighty God, who rules and governs the universe, to vouchsafe to us as a nation a series of great and glorious victories over armed treason and rebellion, unparalleled in the history of any nation :

And whereas, We deem it fit and proper, in this the hour of our nation's deliverance, that we should show our rejoicing in a becoming manner :

And whereas, His Honor, the Mayor, has designated Monday next, April the 17th, as a proper time for the citizens to rejoice and to illuminate their dwellings; therefore

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the sum of one thousand dollars be and the same is hereby appropriated to pay the expenses, incurred by the Commissioner of City Property, in illuminating the public buildings.

SEC. 2. The Commissioner of City Property be and he is hereby authorized to draw warrants for the same, in conformity with existing ordinances.

RESOLUTION

To enter satisfaction on a certain Judgment against James Elliott.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Solicitor is hereby directed to enter satisfaction upon a certain judgment entered on a bond to secure the cleansing of the Second District in 1861 [S. G. D. S. B. January Term, 1861. 128]: *Provided,* The Chief Commissioner of Highways and the City Controller shall certify that no charge exists against James Elliott in their several departments.

 APPENDIX No. 163.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN :—The Committee on Trusts and Fire, to whom was referred the petition of the "Reliance Fire Engine Company," viz.: "asking that Councils may authorize a change in the location of the said Company from New street, above Second street, in the Sixth Ward, to the northeast corner of Eleventh and Anita streets, in the Twenty-sixth Ward," respectfully report that they have given the subject their careful attention, and find that in the immediate neighborhood of their present location there are many more fire companies than are necessary to maintain the efficiency of the Fire Department and for the protection of the property of citizens; and in the opinion of your Committee, the interest of the community will be promoted by the proposed change, as at present there is not sufficient means for the early extinguishment of fires in the locality in which they wish to remove to—they therefore submit the following resolution for your consideration, and ask its adoption.

RESOLUTION

Authorizing a change in the location of the Reliance Fire Engine Company.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the "Reliance Fire Engine Company" be and they are hereby authorized to change their location from New street, above Second street, in the Sixth Ward, to the northeast corner of Eleventh and Anita streets in the Twenty-sixth Ward.

APPENDIX No. 164.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—The Committee on Trusts and Fire respectfully report the annexed bill entitled "An Ordinance to make an appropriation to the Western Steam Fire Engine Company for the year 1865," and recommend its passage.

April 13, 1865.

AN ORDINANCE

To make an appropriation to the Western Steam Fire Engine Company for the year 1865.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain,* That the sum of fifteen hundred dollars be and the same is hereby appropriated to the Western Steam Fire Engine Company for the year 1865. said Company having been located as a steam fire engine company by an ordinance passed on the 14th day of July, 1864, and having also complied with the requirements of existing laws for the regulation of steam fire engine companies in actual service.

SECT. 2. That warrants for the same shall be drawn by the Chief Engineer of the Fire Department, payable monthly, dating from the 1st day of April, 1865.

APPENDIX No. 165.

RESOLUTION

Of Inquiry.

Whereas, The expense incident to the support of the High Schools of Philadelphia is far beyond the advantages derived therefrom: *And whereas*, The efforts of the teachers of our Grammar Schools are principally devoted to the preparing of a few pupils for admission to the same, to the neglect of the rest of the scholars under their charge: *And whereas*, It is believed that the abolishing of the High Schools, and raising the standard of education in the Grammar Schools, would be of great advantage to the rising generation, and certainly more consistent with our free institutions: Therefore, be it

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Committee on Schools are hereby directed to inquire into the expediency of abolishing the High Schools, and raising the standard of education in the Grammar Schools, and report to these Councils.

APPENDIX No. 166.

RESOLUTION

Of Inquiry to the Chief Commissioner of Highways.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Commissioner of Highways be and is hereby instructed to inquire, and report to these Councils, by what authority persons are allowed to quarry and excavate upon the line of Chestnut street, between Forty-second and Forty-third streets, and thereby interfering with the grading thereof, and which will, if continued, cost the City a large amount to fill up the same.

APPENDIX No. 167.

RESOLUTION

Relative to deficiencies in the Departments.

Whereas, It has been a common practice for many of the Departments to exceed their appropriations and apply to Councils to make appropriations to pay for deficiencies: therefore, be it

Resolved, by the Select and Common Councils of the City of Philadelphia, That no appropriations of money shall be made to pay any bills contracted for in excess of appropriations made for that purpose.

APPENDIX No. 168.

RESOLUTION

Relative to the cost of erecting the stand-pipe at the foot of Otis street.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Committee on Water be and they are hereby instructed to report to Councils the amount expended in the erection of the stand-pipe at the foot of Otis street, in the Eighteenth Ward; the sums paid for superintending the work, and the amounts paid on each item charged for labor and material; together with the amounts paid for the erection of the stand-pipes in West Philadelphia and Germantown.

APPENDIX No. 169.

RESOLUTION

Of request to the Mayor of Philadelphia.

Whereas, The City authorities, in a generous and patriotic manner, appropriated millions of dollars to relieve the citizens of Philadelphia from the several drafts for men to serve in the army of the United States, and by reason

thereof have greatly embarrassed the operations of the City Treasury ; therefore, be it

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Mayor of the City be requested to invite the citizens of Philadelphia to invest in and hold as much of the City Loan as possible, and enable them thereby to testify that they duly appreciate the kind and generous regard which the City authorities have shown towards them.

APPENDIX No. 170.

RESOLUTION

To release a certain property of Daniel Smith, Jr., from the lien of a certain judgment.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the City Solicitor is hereby authorized to release the following described property of Daniel Smith, Jr., from the lien of a judgment entered on the official bond of Charles S. Smith, Superintendent of Girard Estates [D. C. ; D. S. B. ; March, 1864 ; No. 35], that is it say : "All that certain lot or piece of ground, situate in the Twentieth Ward of the City of Philadelphia; beginning at a corner formed by the intersection of the southwest side of the Ridge Road and the north side of Oxford street, thence north-westward along the south-west side of the said Ridge road fifty-five feet eight and three quarters inches to a bend in the said road, thence still north-westward along the said Ridge road forty-five feet two and one-half inches to a point in the middle of Turner's Lane, now vacated, thence south-westward along the middle of the said Turner's Lane, now vacated, one hundred and fifteen feet ten inches to the east side of Twenty-second street, thence southward along the east side of the said Twenty-second street thirty-seven feet two and one quarter inches to the north side of the said Oxford street, thence eastward along the north side of the said Oxford street one hundred and seventy-eight feet six and seven-eighths inches to the place of beginning." *Provided,* His co-surety consent

thereto: *And provided, further*, That the said Daniel Smith, Jr., shall pay to the Solicitor, for the use of the City, the sum of ten dollars, to defray the expense in the publication of this resolution, and that the City Solicitor shall first be satisfied that the security of the City will not be jeoparded.

GENTLEMEN:—The Committee on Finance, to whom was referred a "communication from the City Treasurer, asking for two more clerks in his office until such time as he might be able to do with his present force," respectfully report that they have given the matter their attention, and find that the business of the office of the City Treasurer has increased to nearly double what it has been heretofore, by reason of the conversion of the City and Bounty Warrants into Loans, and that it is impossible for the clerks now employed to perform the duties of the office. The Committee are convinced of the absolute necessity for an increase in the clerical force for the present year; they therefore report an ordinance to make an additional ap-

propriation of \$1,500 to that department for said purpose. and recommend its passage.

RESOLUTION

To authorize the paving of Berks and Warnock streets, in the Twentieth Ward.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Chief Commissioner of Highways

be and he is hereby authorized and directed to enter into a contract with a competent paver or pavers who shall be selected by a majority of the owners of property fronting on Berks street from Tenth to Eleventh street, and on Warnock street from Montgomery street to Berks street, in the Twentieth Ward, for the paving thereof. The conditions of said contract shall be that the contractor shall collect the cost of said paving from the owners of property fronting on said streets, and he shall also enter into an obligation to the City to keep said streets in good order for two years from the time said paving is completed.

APPENDIX No. 174.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was referred the annexed communication from the Chief Engineer and Surveyor relative to providing for estimates now due upon the work of building wing walls, &c., to the wire bridge, have ascertained that the appropriation for this work was Item 11 of the general appropriation to the Department of Highways for the year 1864, and that \$4435.08 only was expended last year, the balance \$11,564.92 having merged, it is not available, and as the work is now rapidly approaching completion, we ask that this balance may be re-appropriated, so that the contractor may receive the amount now payable. We therefore present the annexed bill, asking its adoption.

AN ORDINANCE

Supplementary to an Ordinance "directing certain work at the Wire Bridge," approved April 25th, 1864.

Whereas, By ordinance, approved April 25th, 1864, it was directed that the western approach to the Wire Bridge

be placed in a safe condition for travelling, the cost thereof to be paid out of Item 11 of appropriation to the Department of Highways for the year 1864, and

Whereas, But \$1435.08 worth of work was done during 1864, leaving \$11,564.92 unexpended, which merged at the close of last year, preventing the payment of estimates now due, therefore

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the sum of eleven thousand five hundred and sixty-four dollars and ninety-two cents, being the unexpended balance of Item 11 of appropriation to the Department of Highways for 1864, for repairs to Wire Bridge, be and the same is hereby appropriated to the Department of Highways for said repairs, as directed by ordinance approved April 25th, 1864.

APPENDIX No. 175.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was referred the petition of parties interested in the construction of certain sewers, find that there are several sewers, some of which are now completed, and others in progress of construction, under ordinances passed during 1864, the estimates for which cannot be countersigned by the Controller, because they are made chargeable to Item 22 of appropriation to the Department of Highways for 1864.

Item 22 in appropriation for 1865, is for the same purpose, (Branch Sewers,) and we now submit an ordinance providing for the payment of this work out of this year's appropriation, so that the estimates now presented may be paid, and ask its adoption.

April 27th, 1865.

AN ORDINANCE

Supplementary to "An Ordinance to make an appropriation to the Department of Highways for the year 1865," approved Jan. 21, 1865.

Whereas, Certain sewers were authorized to be constructed during 1864, which, though in progress and partly paid for, are yet unfinished, and

Whereas, The amount appropriated for their construction was embraced in the annual appropriation to the Department of Highways for the year 1864, all of which unexpended on December 31st last, merged, thus preventing the payment of estimates now due, without further legislation by Councils, therefore

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That so much of the cost and expense of sewers heretofore authorized to be constructed and paid for from Item 22 of the "Ordinance to make an appropriation to the Department of Highways for 1864," not yet paid, shall be charged to and paid from Item 22 of the ordinance to which this is a supplement.

APPENDIX No. 176.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was referred the annexed bill providing for the construction of a sewer to drain Chestnut street, east and west of Fortieth street, in the Twenty-fourth Ward, having referred the matter to the Board of Surveyors, with information as to the difficulties which were presented, in adopting the location previously acted upon, the principal one of which was that the terminus of sewer would of necessity be upon private property until Chestnut street should be opened and graded to Mill Creek, have received their report, wherein they recommend a change of location, by which the drainage will be thrown into Mill Creek at Spruce street through the sewer constructed during 1863. The importance of this sewer is great, and evident to all familiar with the locality, owing

to the springy nature of the ground, filling the cellars of the churches and residences with water.

The cost to the city will be about \$3000, and as it is a main sewer we offer a new bill which changes the location and provides that its cost may be refunded to the City Treasurer from a loan to be hereafter created.

AN ORDINANCE

To authorize the construction of a Sewer on the line of Locust street and Fortieth street, Twenty-fourth Ward.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Highways be and is hereby authorized to construct a Sewer on the line of Locust street from the sewer already constructed east of Forty-first street to Fortieth street, thence northward on the line of said Fortieth street to Chestnut street, to be built of brick, circular in form, and with a clear inside diameter of three feet, with the necessary inlets for the proper surface drainage, in accordance with a plan and specifications to be prepared by the Department of Surveys, and to be paid for by the Chief Commissioner of Highways upon bills and estimates prepared by the Chief Engineer and Surveyor. The Chief Commissioner of Highways shall advertise according to law, announcing that proposals will be received for the construction of said sewer, and he shall allot the work to the lowest bidder, and it shall be a condition of said contract that the contractor shall accept the sums assessed upon and charged to the properties lying on the line of said sewer as authorized by the Act of Assembly, approved April 8, 1864, and in manner and form provided by Sections 3 and 4 of ordinance entitled "An Ordinance to provide for the construction of Branch Culverts or Drains," approved November 11th, 1858.

SEC. 2. That the sum of three thousand dollars be and the same is hereby appropriated to the Department of Highways for the purpose herein specified. The same to

be refunded to the treasury out of a loan hereafter to be created for the construction of sewers. Warrants for the same to be drawn by the Chief Commissioner of Highways, in accordance with law.

AN ORDINANCE

To authorize the construction of a Sewer on Twenty-second street, Tenth Ward.

Whereas, A majority of the property owners on the line of Twenty-second street, between Cherry street and Summer street, have filed their petition in the Department of Surveys, as directed by the Act of Assembly, approved April 8th, 1864, for the construction of a sewer on the line of Twenty-second street, as aforesaid, which application has been approved by the Board of Surveyors; and at a meeting held May 1st, 1865, they authorized the construction of a sewer in accordance with the provisions of the ordinance approved November 11, 1858, entitled "An Ordinance to provide for the construction of Branch Culverts or Drains."

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Highways be and is hereby authorized to construct a sewer on the line of Twenty-second street, from Cherry street to Summer street, with an interior diameter of three feet, to be of brick circular in form, with the necessary inlets for the proper surface drainage, in accordance with a plan and specifications to be prepared by the Department of Surveys.

SEC. 2. The Chief Commissioner of Highways shall advertise according to law, announcing that proposals will be received for the construction of said sewer, and he shall allot the work to the lowest bidder, and it shall be a condition of said contract that the contractor shall accept the sums assessed upon and charged to the properties lying on the line of said sewer, as authorized by the Act of Assembly, approved April 8, 1864, and as in manner and

form provided by Sections 3 and 4 of Ordinance entitled "An Ordinance to provide for the construction of Branch Culverts or Drains," approved November 11, 1858. The excess of the cost of said sewer over and above the amount assessed upon the property fronting thereon shall be paid by the owners of property lying upon the line of said sewer; which excess so paid shall be refunded in bonds of the City of Philadelphia, to be taken from a loan hereafter to be created for the construction of sewers and Drains: *Provided*, That the said excess shall not exceed the sum of twelve hundred dollars, and the cost of the inlets and manholes shall be paid from Item in ordinance of appropriation to the Department of Highways for that purpose specified.

RESOLUTION

Tendering the use of Independence Hall to Lieut.-General U. S. Grant.

Whereas, Lieutenant-General U. S. Grant has taken up his permanent residence in this city, and

Whereas, The presence of so distinguished a personage in our midst demands from us more than a passing notice; therefore

Resolved, *By the Select and Common Councils of the City of Philadelphia*, That we have heard with pleasure that Lieutenant-General U. S. Grant has established his residence in our city; and in order that an opportunity may be afforded our citizens to testify their affection, respect, and admiration to this distinguished General, that the use of Independence Hall be tendered him for this purpose, and that the Mayor and Presidents of Councils be requested to carry out the object of this resolution at such time as may suit the General's convenience.

APPENDIX No. 195.

RESOLUTION

Of Instruction to the Committee on Water.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Committee on Water are hereby instructed to report an ordinance with the estimated cost for the erection of water works in the Twenty-first Ward, at Flat Rock, of such dimensions so as to supply the Twenty-first and Twenty-second Wards with water, with a connecting main down Ridge Avenue to College Avenue, so as to feed the present works; also for the erection of a reservoir in the Twenty-fourth Ward, with the estimated cost of the same.

APPENDIX No. 196.

RESOLUTION

Of request to the Mayor.

Whereas, It is a notorious fact that an assault and battery, intended to cause great bodily injury, and perhaps death, was committed on Thursday last within the built precincts of this City on the person of Charles Ingersoll, a resident thereof, without any known provocation on his part; and,

Whereas, This occurred in the public street, in open day, and in the presence of various citizens and police officers; and,

Whereas, No assistance was rendered to the assailed by any of them, and no effort made by them to stop the violation of public peace and order; and,

Whereas, It has been asserted that certain of the bystanders, before alluded to, promoted and encouraged the outrage, the actual perpetrators thereof being not certainly and generally known; and,

Whereas, No public measures have yet been taken to discover and punish the offenders, and to sustain the reputation of our City; therefore,

Resolved, That Alexander Henry, Mayor, be directed to

offer, by proclamation, a reward of five hundred dollars for the discovery and arrest of the persons concerned in the late attack upon Charles Ingersoll.

Resolved, That Alexander Henry, Mayor, be requested forthwith to institute an inquiry into the conduct of the police officers who were present at the said assault and beating, with a view to their dismissal from office, if found guilty of any breach of their public duty in the premises.

DAVID J. GRIFFITHS,	G. W. HOPKINS,
JOSEPH B. HANCOCK,	WM. J. POLLOCK,
GEO. W. NICKELS,	FRED'K A. VANCLEVE.

May 11, 1865.

AN ORDINANCE

To make an appropriation to defray expenses for the extension of the Fire Alarm Telegraph in certain localities in the southern and western sections of the City.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the sum of one thousand four hundred and eighty dollars be and the same is hereby appropriated to the Superintendent of the Police and Fire Alarm Telegraph for the following purposes, viz.:

1. To extend a wire from the Central Office to the Moyamensing prison, place a signal apparatus therein, and also place a signal apparatus at Fifth and Tasker streets—the sum of six hundred and forty dollars.

2. To place a signal apparatus at Twenty-first and Washington streets, the sum of one hundred and seventy-five dollars.

3. To place a signal apparatus at Twenty-fifth and South streets, the sum of three hundred and ninety dollars.

4. To place a signal apparatus in the house of the Union Hose Company, Thirty-sixth and Grape streets, Twenty-fourth Ward, the sum of two hundred and seventy-five dollars.

SEC. 2. Warrants for the said appropriation shall be drawn by the Mayor, in conformity with existing ordinances.

APPENDIX No. 204.

AN ORDINANCE

Relative to the grading of certain streets in the Twenty-fourth Ward.

Whereas, The Councils of the City of Philadelphia passed a resolution authorizing the grading of certain streets in the Twenty-fourth Ward, which was approved April 11th, 1863. *And whereas*, Geo. W. Schofield, Chief Commissioner of Highways, in the year 1863, gave the contract for doing said work to one O. W. Davis, who commenced the work of grading, and has, as yet, never finished the work, though having been asked repeatedly to do the same; and yet, at the same time, having received the sum of three thousand dollars. Therefore,

Be it ordained by the Select and Common Councils of the City of Philadelphia, That the Chief Commissioner of Highways is hereby authorized to grade Forty-first and Forty-second streets, between Locust street and Darby road; and Becket, or Kingsessing avenue; and also Baltimore avenue; Pine street and Spruce street, between Forty-first and Forty-second streets, in the Twenty-fourth Ward, in conformity with a resolution approved the 17th day of April, 1863, and a further resolution approved the 25th day of April, 1863—the cost of said work to be collected by the Commissioner of Highways from O. W. Davis.

SEC. 2. That the sum of one thousand dollars is hereby appropriated, to execute the provision of this ordinance; and the warrants for the same shall be drawn in conformity with existing ordinances.

APPENDIX No. 210.

COMMITTEE ROOM, }
May 3rd, 1865. }

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—Your Committee on Surveys and Regulations to whom was referred the printed reports of the Board of Health, on the subject of “connecting privies and water closets with sewers,” have read the same with interest, and find that it refers in its objectional points almost exclusively to the bill which was *originally presented* but withdrawn, and replaced by that now on file in the chamber.

The *original bill* compelled the use of water-closets, when the property was located upon the line of a sewer.

The *new bill* makes *no reference whatever* to water closets, allowing the law *as it now exists to remain in force*.

The reason of the withdrawal of the *original bill*, (which looked to the final abolition of privy cess-pools,) was, that your Committee,—being advised of the great difference of opinion which exists, among Engineers and also among those interested in the hygiene of large cities, upon this question of *compulsory water-closet connections* with sewers—deemed it but proper, that *such law* should *not be* enacted, until after a more full and thorough investigation of the subject, yet your Committee does not consider the objections urged against the water-closet-system sufficiently applicable to the circumstances of our own city as to warrant the discontinuance of the use of water-closets until some better plan shall be devised.

In those cities where objectionable points are in practice and found to exist, the relative condition of things differs from our own city, and should not therefore be objective to the system, as not fairly comparative.

We therefore, with full conviction that “*cess-pools are an abomination*,” cannot endorse the proposal to *prohibit water closet-connections with sewers*, but recommend that a full investigation of the subject be ordered, and the question left for future legislation.

We have failed to find in the Report before us, any objec-

tions to either sections of the bill reported, on the contrary, we could not use stronger terms in its support, than may be found on pages five and six of Report, viz.: We agree with the report, that the system of connecting cess-pools and privies "with sewers, is one of the most reprehensible "allowed by law, that it throws into our sewers a flow of "undiluted liquid of the most foetid character, rendering "them in fact nothing less than immense cess-pools, and "polluting them so that no exploration or examination can "be made without risk of asphyxia or death," and again we quote from page 9, they "give their hearty approval to so "much of the plan for the sanitary improvement of the "city, as proposes to *abandon the system of connecting privy "wells with sewers, and to cut off all existing connections "therewith.*"

These extracts from the report referred to, bear upon the only sections of the bill now before you upon which there can be any question, and having the "hearty approval" of the Board of Health, and our own convictions, that the enactment of the bill will be advantageous to the city, we again ask that the bill as reported may receive favorable action.

APPENDIX No. 211.

RESOLUTION

In reference to our brave Soldiers and Sailors, who fought to subdue the Rebellion.

Whereas, This rebellion has been so far subdued that the Government is mustering out a greater part of the army who have so nobly fought to sustain the Government in accomplishing that object;

And whereas, It behoves the great City of Philadelphia

to give a fitting reception to those brave men who have so nobly and patriotically fought for their country ;

Therefore, be it resolved, By the Select and Common Councils of the City of Philadelphia, that we gratefully acknowledge and recognize the patriotic and glorious deeds of these brave soldiers in all the armies of the republic, and the sailors.

Resolved, That we tender the thanks of the city to those regiments that have gone forth from among us, as well as to those of other parts of the country.

Resolved, That a committee of five members from each Chamber, together with the Presidents of each Chamber, be appointed to receive the regiments that were recruited from this city, on behalf of the Councils of Philadelphia.

APPENDIX No. 212.

RESOLUTION

Relative to the next meeting of Councils.

Whereas, Thursday, June 1st, 1865, the Stated Meeting day of Councils, has been set apart by the President of the United States, as a day of humiliation and mourning,

Therefore, be it resolved, By the Select and Common Councils of the City of Philadelphia, that the Stated Meeting of Thursday, June 1st, 1865, be and the same is hereby dispensed with ; and that Councils will meet on Wednesday, May 31st, 1865, at 3 o'clock, P. M., instead thereof.

RESOLUTION

To release a certain property from the lien of certain judgments.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Solicitor is hereby authorized to release the following described property of Wright Thornley, from the lien of two certain judgments, entered on the official bonds of Charles B. Pottenger, collector of outstanding taxes, [D. C., D. S. B., Dec. 1862, 261, Dec. 1863, 270,] that is to say:

"All that certain two-story brick messuage or tenement and lot or piece of ground, situate on the north side of Enterprise street, at the distance of ninety feet westward from the west side of Fourth street, in the First Ward of the City of Philadelphia; containing in front or breadth on said Enterprise street fourteen feet, and extending of that width in length or depth northward between lines parallel with said Fourth street forty-eight feet. Bounded eastward by other ground now or late of said Wright Thornley, westward by ground granted to John Ryan on ground rent, northward by ground now or late of Peter Crans, and southward by Enterprise street aforesaid." *Provided*, The co-surety agree thereto, and the sum of ten dollars shall be paid the Solicitor to defray the expenses incurred in the publication of this resolution.

APPENDIX No. 214.

To the Select and Common
Councils of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance, to whom was referred a "Communication from Strickland Kneass, Chief

Engineer and Surveyor," requesting that action should be taken to put into operation the act of Assembly passed at the last session of the Legislature entitled "An act to promote the more certain and equal assessment of taxes in Philadelphia,"

Respectfully report, that this matter has received their careful attention.—The law passed at the last session of the Legislature to promote the more certain and equal assessment of taxes in the City of Philadelphia, is one from which advantage will be derived by the citizens as soon as placed in operation. The matter of a proper law to be passed was placed in the hands of a commission created by Councils, and the law above referred to is the result of their deliberations. The report presented to Councils, by them on the sixteenth day of February last past, explains fully the nature, character and need of the law recently enacted.

The Committee on Finance believing that the beneficial results of these legislative provisions may be derived on the amount of taxes to be received upon the assessment for the year 1866, and that the revenue of the City may be thus greatly increased, report the annexed "Ordinance to carry into effect an act of Assembly entitled an act to promote the more certain and equal assessment of taxes in Philadelphia, approved March 14, 1865," and in consideration of its vast importance and the absolute necessity of energetic prosecution of the work of preparation necessary to carry the law into operation, thus enabling the City to enjoy the privileges thereof, earnestly recommend its immediate passage.

May 25, 1865.

AN ORDINANCE

To carry into effect an act of Assembly entitled "*An Act to promote the more certain and equal assessment of Taxes in Philadelphia*" approved March 14th, 1865.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That there shall be established in the Department of Surveys, a "Registry Bureau" of which

the Chief Engineer and Surveyor shall be the executive head.

SEC. 2. That the Chief Engineer and Surveyor shall cause to be made, with the aid of the Registry Bureau, Index Books and Blanks, with Books of Plans of the City, indicated by the act to execute which this ordinance has been passed, to make duplicates thereof for the office of the City Commissioners, as directed by said act, and shall bring up said books in their registry as near as practicable to the date of each annual meeting of the Board of Revision.

That the Chief Engineer and Surveyor shall furnish copies of said books or parts thereof, for which he shall charge the following amounts, viz.:

For each description, including stamps thirty cents. For all copies of Plans, one dollar per hour consumed in their preparation. No charge less than one dollar. For examination of Records, made by one not an officer of the City, twenty-five cents. Said sums to be paid into the City Treasury in specific items.

SEC. 3. That in all cases where descriptions of properties in deeds presented for record, do not designate their location so that they may be placed upon the Plan Books, the Chief Engineer and Surveyor is hereby authorized to direct a survey to be made thereof and pay for the same as specified in schedule of rates established in ordinance entitled "An Ordinance re-organizing the Department of Surveys, approved June 30th, 1863."

SEC. 4. The Chief Engineer and Surveyor shall, by and with the advice and consent of Select Council, appoint the following officers, viz.: A Register with a salary of fifteen hundred dollars per annum; two Draughtsmen, with salaries of one thousand dollars per annum, each; two Clerks, with salaries of one thousand dollars per annum each, all payable monthly; and he shall be authorized to make such alterations in the office of the Department of Surveys, as may be necessary to adapt it to the additional uses of the Registry Bureau.

SEC. 5. That the Chief Engineer and Surveyor, for the duties imposed upon him by the act of Assembly approved March 14th, 1865, and by this ordinance, shall receive in addition to his present salary, the sum of one thousand dollars annually, to be computed from January 1st, 1865.

SEC. 6. That the sum of seven thousand six hundred dollars is hereby appropriated to the Department of Surveys, to defray the expenses incurred in pursuance hereof for the year 1865, as follows:

Item 1. For salaries above specified the sum of thirty-seven hundred and fifty dollars.

Item 2. For books, blanks and stationery, the sum of twenty-five hundred dollars.

Item 3. For alterations at Department of Surveys and office fixtures and incidentals, the sum of nine hundred dollars.

Item 4. For surveys, the sum of four hundred and fifty dollars.

The warrants to be drawn by the Chief Engineer and Surveyor in accordance with existing ordinances.

DEPARTMENT OF SURVEYS,
OFFICE OF THE CHIEF ENGINEER AND SURVEYOR,

PHILADELPHIA, *May 2, 1865.*

WM. S. STOKLEY, ESQ.

President of the Common Council of Philadelphia.

SIR:—At the last session of the Legislature a law was enacted "To promote the more certain and equal assessment of taxes in Philadelphia," the preparatory arrangements for which, as well as much of the operative detail are placed in charge of the Chief Engineer and Surveyor.

It is important that this law should be brought into operation at the earliest day, but no action can be taken at this Department until Councils shall provide office room and officers, with the necessary books, blanks and furniture. I therefore feel called upon to make you this statement, so that the subject may be brought before the Chambers at as early an hour as you may deem proper.

Very respectfully,

STRICKLAND KNEASS,

Chief Engineer and Surveyor.

AN ORDINANCE

To pave Almond Street Wharf on the River Delaware.

SECTION 1. *Be it ordained by the Select and Common*

Councils of the City of Philadelphia, That the Commissioner of Market Houses, Wharves and Landings, be authorized to have Almond Street Wharf on the river Delaware paved with cobble stones, and that the sum of seven hundred and fifty dollars be and the same is hereby appropriated to defray the expenses of the same.

SEC. 2. That warrants for the same shall be drawn by the Commissioner of Markets in conformity with existing ordinances.

APPENDIX No. 217.

The undersigned Committee on Markets have had under consideration the subject of placing hydrants in the public Market Houses of the city, and believe by their introduction it would be a great saving of water by doing away with the necessity of using the fire plugs, and be a great convenience to occupants of stalls and stands therein. We would then, therefore, recommend the passage of the annexed ordinance.

COMMITTEE ROOM, *June 7, 1865.*

To the President and Members of the
Select and Common Councils of the City of Philadelphia.

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was referred the petition asking that the lines and grades may be established upon a portion of the Twenty-fourth Ward, find that the object of this work is to obtain an outlet by public streets from the Darby road to the river, through the valley of Mill Creek, and also have a thoroughfare laid out along the river, in front of

the Woodlands Cemetery, to connect with the streets prepared upon the Alms-house property. We think the petition should be granted, as it will fill a vacant space upon our general plan, and will not cost more than three hundred dollars, payable out of Item No. 13, of appropriation made to the Department of Surveys.

JOHN W. EVERMAN, <i>Ch'n</i> ,	THOS. H. GILL,
THOS. A. BARLOW,	WM. A. SIMPSON,
ROBERT ARMSTRONG,	SAMUEL W. CATTELL,
JOSHUA SPERING,	JAS. A. FREEMAN.

RESOLUTION

Directing line and grade regulations in the Twenty-fourth Ward.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Department of Surveys be and is hereby authorized and directed to prepare plans of the line and grade regulations of so much of the Twenty-fourth Ward as lies between the Alms-house property and Mill Creek and the Darby road and Schuylkill River.

APPENDIX No. 237.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—The Committee on Port Wardens beg

leave to offer the following preamble and resolution, and ask its adoption.

WILLIAM BUMM, *Ch'n*, R. M. EVANS,
ROBERT ARMSTRONG, J. W. HOPKINS,
A. L. HODGDON, H. W. GRAY,
JAS. A. FREEMAN.

PREAMBLE AND RESOLUTION

Relative to a certain landing at the foot of Cumberland street, on the River Delaware.

Whereas, The Commissioner of Wharves and Landings has been informed that there has been application for, and a license granted by the Port Wardens of the City of Philadelphia to extend the piers on the wharves on either side of Cumberland street landing, on the River Delaware, which would completely close in and destroy the said landing. Therefore,

Resolved, That the City Solicitor, in conjunction with the Chief Engineer and Surveyor of the City, be instructed to inquire into the subject and take such steps as in their judgment will protect the interests of the City of Philadelphia, and report the same to Councils as early as practicable.

APPENDIX No. 238.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—The Committee on Port Wardens, to whom was referred the communication of A. L. Archambault, asking permission to extend the bulkhead at the end of wharf owned by him, adjoining the City wharf, at the foot of Vienna street, on the River Delaware, would respectfully recommend the passage of the annexed ordinance.

WILLIAM BUMM, *Ch'n*, R. M. EVANS,
S. H. COLEHOWER, ROBERT ARMSTRONG,
A. L. HODGDON, JAS. A. FREEMAN,
GEO. F. OMERLY.

AN ORDINANCE

To authorize A. L. Archambault to extend a certain wharf and build a bulk-head thereon.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That A. L. Archambault be and is hereby authorized to extend the wharf owned and occupied by him, and adjoining the City property, at the foot of Vienna street, on the River Delaware: *Provided*, That it shall not be extended more than sixty (60) feet, and that he first obtain permission from the Board of Port Wardens of the City of Philadelphia: *And Provided further*, That in case the City of Philadelphia should at any time hereafter, by resolution or ordinance, extend the width of the said Vienna street, then any part of said wharf or bulk-head that extends beyond the line of said street shall become the property of the City of Philadelphia without cost or expense.

 APPENDIX No. 239.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—The Committee on Port Wardens, to whom was referred a communication from Bookhammer & Budd, lessees of Race street wharf, asking that a deduction be made to them by reason of the extension of said wharf, whereby they were deprived of the use of the same for a considerable time,—respectfully report: That they have carefully examined this matter, and find, by an ordinance approved October 17, 1863, entitled “An Ordinance to authorize the extension of Race street wharf,” the Commissioner of Wharves and Landings was authorized to extend Race street wharf, on the River Delaware, to the wardens’ line, in accordance with plans to be prepared by the City Surveyor. At the time this work was directed to be done, the said wharf was in the occupancy of Messrs. Bookhammer & Budd, under and by virtue of a certain lease made by the City of Philadelphia, approved by the Mayor, dated July 28th, 1862, for the term of three years from the 14th day of August, 1862, at the rent of one thousand

dollars per annum. That on the 21st day of March, 1864, the new pier was brought to the wharf by the builder, who tore up the pavement and old wharf, and entirely depriving Bookhammer & Budd for more than six months of the use of the same, which they were entitled to under the terms and conditions of the above mentioned lease. The Committee are fully satisfied of the justice of this application, and report the annexed resolution to compensate the lessees of Race street wharf for certain damages, and recommend its immediate passage.

WILLIAM BUMM, *Ch'n*, R. M. EVANS,
 ROBERT ARMSTRONG, J. W. HOPKINS,
 A. L. HODGDON, H. W. GRAY,
 JAS. A. FREEMAN.

RESOLUTION

To compensate the Lessees of Race Street Wharf for certain damages.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Commissioner of Wharves and Landings is hereby authorized to allow Bookhammer & Budd, the lessees of Race street wharf, on the River Delaware, the sum of five hundred dollars as a credit on the annual rent for the year ending August 14th, 1865, as compensation for damages sustained by them during the extension of the wharf, in 1864.

APPENDIX No. 240.

AN ORDINANCE

To make a further appropriation for the relief of families of volunteers.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain,* That the sum of one hundred thousand dollars (\$100,000) is hereby appropriated for the relief of families of volunteers; said sum to be expended under the direction of the Commission appointed under Ordinance of April 22d, 1861. The warrants therefor shall be drawn by the Mayor; and said sum is hereby authorized to be reimbursed to the Treasury from the pro-

ceeds of a loan authorized under "An Ordinance to authorize an additional loan to meet the expenses incident to the defence of the City, and for other purposes," approved April 13, 1865.

APPENDIX No. 249.

COMMITTEE ROOM, }
 June 21, 1865. }

To the President and Members of the
 Select and Common Councils of the City of Philadelphia.

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was referred the annexed bill, "To pave and macadamize Broad street, from Columbia avenue to Germantown avenue," for the purpose of preparing a bill more in detail, have given the subject their careful consideration, and now submit one in place of that referred, which we feel assured will meet the end desired, and ask its favorable consideration.

JOHN W. EVERMAN, <i>Ch'n</i> ,	WM. A. SIMPSON,
HIRAM MILLER,	JAS. A. FREEMAN,
JOSHUA SPERING,	THOS. A. BARLOW,
ROBERT ARMSTRONG.	

AN ORDINANCE

To grade, curb, pave and macadamize Broad street, from Columbia avenue to Germantown avenue.

SECTION 1. *The Select and Common Councils of the City of*

Philadelphia do ordain, That the carriage-way of Broad street, from Columbia avenue to Germantown avenue, shall be graded, curbed, paved and macadamized, with dimensions as follows: For a width of twenty-three feet six inches upon the centre line thereof, there shall be a macadamized road constructed with furnace slag, having not less than fifteen inches depth of ballasting; the edges of which shall be protected with cubical blocks, having a length across the roadway of at least twelve inches; between the blocks and the curb shall be paved with cobble stones, well laid in a bottoming of anthracite coal ashes twelve inches deep, with a paving surface of clean gravel three inches deep to receive the stone.

All of which curbing, paving and macadamizing shall be done (excepting the street intersections) at the expense of the owners of property fronting thereon, in accordance with plans and specifications made by the Chief Engineer and Surveyor; shall be completed to his satisfaction and acceptance, and kept in good order and repair by the contractor performing the same for the term of two years after it has been so finished.

SEC. 2. That whenever a majority of the owners of property upon the line of Broad street, as herein designated, shall file a petition in the Department of Highways, asking that said street may be curbed, paved and macadamized, as herein specified, it shall be the duty of the Chief Commissioner of Highways to enter into an agreement on behalf of the City of Philadelphia with the person or persons named in said petition, as the choice of said owners, to perform said work: *Provided*, The person or persons so named have had experience in and are competent pavers: which agreement shall also include the graduation necessary to complete the work described.

SEC. 3. That the contractor, or contractors, who may perform this work shall accept the bills of the amount assessed against the property owners as so much cash paid by the City on this contract, and shall present no claim against the City growing out of, or for work done under the authority of this ordinance, excepting for such excavation and embankment as may be necessary, and for the paving of the street intersections: *Provided*, The cost of excavation shall not exceed the sum of twenty-five cents

per cubic yard, and the paving shall be the same in amount per square yard as paid by the property owners, not exceeding eighty-seven and a half cents; amounts payable by the City in loans of the City at par.

APPENDIX No. 253.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—The Committee on Police, to whom was referred the annexed ordinance, entitled “An Ordinance supplementary to ‘An Ordinance relating to hackney carriages,’ ” approved May 9th, 1855, would respectfully report: That they have given the bill their careful consideration, and would state the necessity of passing the bill, as hotel keepers are constantly annoyed by hackmen charging exorbitant rates of fare to strangers and others arriving in the City. They would, therefore, report the bill back with the following amendment, viz.: Add at the end of Sec. 2 the following: “And it is further provided, that the rate of fare shall in no case exceed that fixed by ordinance,” and ask its adoption.

Respectfully,

JAS. H. BILLINGTON, <i>Ch'n</i> ,	G. W. MACTAGUE,
SAML. W. CATTELL,	E. A. SHALLCROSS,
FRED'K A. VANCLEVE,	PATRICK SHERN,
C. ERNEST KAMERLY,	CHARLES T. JONES,
S. H. COLEHOWER.	

AN ORDINANCE

Supplementary to "An Ordinance relating to hackney carriages," approved May 9, 1865.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That nothing contained in the twelfth section, to which this is supplementary, shall be taken or construed to authorize the Chief Commissioner of Highways to appoint as a stand for hackney carriages either side of the public highway in front of or opposite to any hotel in the City of Philadelphia.

SEC. 2. That it shall and may be lawful for the proprietor, or proprietors, of every such hotel to occupy that side of the public highway adjacent to the foot-pavement in front thereof for the temporary stand of registered hackney carriages or hotel coaches belonging to or employed by the said proprietors: *Provided*, That the location of such carriages or coaches shall be as prescribed by the Mayor, as also the regulation of the number of carriages or coaches to be so employed, and of the direction in which the horses shall be ranged. *And it is further provided*, That the rate of fare shall in no case exceed that fixed by ordinance.

APPENDIX No. 254.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—The Committee appointed under the resolution in reference to our brave soldiers and sailors who fought to subdue the rebellion, would respectfully report that they immediately entered upon the discharge of their duties, and the officers of the discharged regiments heartily co-operated with them, and Major-General Meade took an active part in furthering the object of the appointment of the Committee; they consulted with General Meade, and in conjunction with him appointed Saturday, the 10th of June, 1865, to receive the troops and have them reviewed by the Governor, Mayor, and General Cadwalader. That in order to make the review attractive and interesting to the citizens, they requested Major-General Meade to com-

mand the troops in person, which he did in accordance with the wishes of the citizens. Invitations were also extended to the President of the United States, Secretary of War, and all officers of the army and navy from Pennsylvania and the City of Philadelphia; also to Governor Curtin and staff. The review took place on the day designated, and would have been a grand affair if the weather had proved favorable, but about the time appointed for the line to march it clouded, and a heavy storm set in, but notwithstanding the drenching rain, and the ladies and soldiers being completely wet, they nobly stood their ground until the procession had entirely passed. Your Committee would further state that before closing this report they would respectfully return their thanks to Major-General Meade, General Collis, and others, for the assistance they rendered the Committee in furnishing them the necessary information, and to Gen. Meade in expediting the return of the Philadelphia regiments so as to take part in the review. Your Committee would also return thanks to the U. S. Quartermaster and Captain Craig for the use of flags, and the soldiers for the manner in which they responded to the call of the Committee to take part in the review; as they had been discharged and paid off by the Government, it was altogether voluntary on their part. Also to the Union and Cooper Shop Refreshment Saloons for the banquet they set for the soldiers after they had gone over the route, which was voluntarily gotten up by the Saloons at their own expense. Further your Committee would extend their thanks to all persons, officers, sailors, soldiers, marines, and firemen, who gave their assistance in furthering the object for which they were appointed. Your Committee would submit the annexed ordinance making an appropriation to pay the expenses of the Committee incurred in giving the Philadelphia regiments the reception referred to, and ask its adoption.

Respectfully, yours,

F. A. WOLBERT, <i>Ch'n</i> ,	THOS. A. BARLOW,

RESOLUTION

To release a certain property of Joshua Thorp from the lien of a certain judgment.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Solicitor is hereby authorized to release from the lien and operation of a judgment entered on the bond of William A. Thorp, collector of outstanding taxes, [D. C., D. S. B., March, 1865, 29,] the following described property of Joshua Thorp, that is to say: "All that certain lot or piece of ground and brick and frame dwelling building thereon erected, situate on the southeast side of Edward street, in the Sixteenth Ward of the City of Philadelphia. Beginning at the distance of forty-four feet and one inch southwesterly from the southwest side of William street, thence southeastward parallel with said William street fifty-three feet eight inches, thence southwestward parallel with said Edward street thirty feet ten and a half inches to a fifty feet wide court, leading into said Edward street, thence by the side of said court northward parallel with Second street twenty-six feet and nine inches, thence still northward parallel with said William street thirty-two feet one and three-quarter inches to said Edward street, and thence northeastwardly along the line of said Edward street fourteen feet to the place of beginning;" upon the certificate of the Receiver of Taxes that the security of the city will not be impaired thereby: *And provided,* That the co-surety agree thereto, and that the said Joshua Thorp pay to the Solicitor, for the use of city, the sum of ten dollars to defray the expenses incurred in the publication of this resolution.

APPENDIX No. 256.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance, to whom was referred the communication from the Building Inspectors, asking for an appropriation to pay the deficit in their salaries for the years 1864 and 1865, respectfully report: That they have examined this matter, and find, by Act of Assembly approved April 5, 1862, that whenever the said Inspectors may have filed a full statement of their receipts and expenditures for any year, and such account, after having been duly audited and found correct, shows that the receipts are less than the amount required to pay their salaries, together with Clerk hire and other necessary expenses, during said year, it shall be the duty of the City of Philadelphia to pay to the said Building Inspectors the amount of such deficit so appearing by said accounts.

It appeared by the certificates of the Prothonotary of the Court of Common Pleas, that the account of the receipts and expenditures of the Building Inspectors for the years ending May 31, 1864, and May 31, 1865, had been duly filed and audited, and that for the year ending May 31, 1864, there was a deficit of . . . \$ 544 60
And for the year ending May 31, 1865, there was
a deficit of 1,691 84

Making a total of \$2,236 44

To pay which, the Committee report the annexed ordinance, entitled "An Ordinance to make an appropriation to pay the Building Inspectors," and recommend its passage.

AN ORDINANCE

To make an appropriation to pay the Building Inspectors.

SECTION 1. *Be it ordained by the Select and Common Coun-*

cils of the City of Philadelphia, That the sum of two thousand two hundred and thirty-six dollars and forty-four cents is hereby appropriated to pay deficiency in the salaries of the Building Inspectors from May 31, 1863, to May 31, 1865, as follows :

1. To Benjamin F. Wright, for the year 1854, the sum of one hundred and ninety-two dollars and thirty-seven cents.

2. To John F. Shermer, for the year 1864, the sum of one hundred and ninety-two dollars and thirty-seven cents.

3. To Jeremiah E. Eldridge, for the year 1864, the sum of one hundred and fifty-nine dollars and eighty-six cents.

4. To Benjamin F. Wright, for the year 1865, the sum of five hundred and sixty-three dollars and ninety-five cents.

5. To John F. Shermer, for the year 1865, the sum of five hundred and sixty three dollars and ninety-five cents.

6. To James M. Stewart, for the year 1865, the sum of five hundred and sixty-three dollars and ninety-five cents.

And the warrants therefor shall be drawn by the City Commissioners.

RESOLUTION

To authorize the paving of Forty-second street, in the Twenty-fourth Ward.

Resolved, by the Select and Common Councils of the City of

Philadelphia, That the Chief Commissioner of Highways be and he is hereby authorized and directed to enter into a contract with a competent paver, or pavers, who shall be selected by a majority of the owners of property fronting on Forty-second street, from Chestnut street to Woodland street, in the Twenty-fourth Ward, for the paving thereof. The conditions of said contract shall be, that the contractor shall collect the cost of said paving from the owners of property fronting on said street. And he shall also enter into an obligation to the City to keep said street in good order for two years after said paving is finished.

APPENDIX No. 258.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—Your Committee on Highways, to whom was referred the resolution and petitions for grading certain streets in the Twenty-fourth Ward, respectfully report: That they have considered the same, and submit for your consideration the following ordinance, recommending its passage.

MATTHEW J. BRADY, <i>Ch'n</i> ,	THOS. A. BARLOW,
ENOCH TAYLOR,	J. W. HOPKINS,
JAS. H. BILLINGTON,	HIRAM MILLER,
F. A. WOLBERT.	

AN ORDINANCE

To authorize the grading of certain streets in the Twenty-fourth Ward, and to make an appropriation therefor.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Chief Commissioner of Highways be and he is hereby authorized and directed to grade the streets in the Twenty-fourth Ward, now opened for public use, lying between Fortieth and Forty-fifth and Market and Woodland streets. And that the sum of one thousand dollars be and the same is hereby appropriated for that purpose; two hundred dollars of which is to be expended in cutting down the bed of Forty-second street,

south of Pine street, and eight hundred dollars to be paid to the Department of Street Cleansing, for the extra expense of hauling the City ashes to said streets.

SEC. 2. The Commissioner of Street Cleansing is hereby directed to have the City ashes deposited upon said streets; and it shall not be lawful to deposit them upon private property in the Twenty-fourth Ward until said streets are brought to their proper grade.

SEC. 3. Warrants for the above appropriation shall be drawn by the Chief Commissioner of Highways, in conformity with existing ordinances.

APPENDIX No. 259.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—The Committee on Trusts and Fire having completed their annual visit of inspection of the apparatus of the various companies composing the Fire Department, beg leave to report, that in the discharge of their duty they made a thorough examination of the steamers, hose carriages, trucks and other appendages of the different organizations, and it affords them much pleasure to state that the same were found in most excellent condition.

The Committee required that each Company should have its hose attached to the fire-plug and the water on, so as to enable them to ascertain the exact condition of the hose; the latter proved to be in good order, but the Committee regret to say that, in many instances they found the fire-plugs sadly needing repairs. In this connection they desire to call the attention of the proper department, and to urge that the necessary repairs should be attended to as soon as practicable.

In conclusion the Committee respectfully present the annexed bill and recommend its immediate passage.

AN ORDINANCE

Making an appropriation to a portion of the Companies composing the Fire Department.

SECTION 1. *The Select and Common Councils of the City of Philadelphia, do ordain*, That from the appropriation made to the Fire Department for the year 1865, there shall be appropriated

From Item 5.—To the following Companies, to wit:—To the Columbia, Friendship and Reliance Engine Companies, each the sum of four hundred dollars. (\$400.)

To the Spring Garden Engine Company, for seven months services as a Hand Engine Company, the sum of two hundred and thirty-three dollars and thirty-three cents. (\$233 33.)

To the Western Engine Company, for nine months services as a Hand Engine Company, the sum of three hundred dollars. (\$300.)

From Item 6.—To the Manayunk Engine Company the sum of four hundred dollars. (\$400.)

From Item 7.—To the Empire Hook and Ladder Company the sum of three hundred dollars. (\$300.)

From Item 8.—To the America, Diligent, Fame, Good Intent, Humane, Lafayette, Marion, Neptune, Niagara, Pennsylvania, Perseverance, Phoenix, Ringgold, Robert Morris, Schuylkill, South Penn, Spring Garden, Taylor, United, (now the Lincoln), United States, Tivoli, Warren, and Washington Hose Companies, each the sum of four hundred dollars. (\$400.)

From Item 9.—To the Columbia, Fairmount, and Moyamensing Steam Forcing Hose Companies, each the sum of three hundred dollars. (\$300.)

Mount Airy and Union of Rising Sun, each the sum of two hundred and fifty dollars. (§250.)

From Item 12.—To the Germantown and Union Hose Companies and the Excelsior and Resene Hook and Ladder Companies, each the sum of two hundred and twenty-five dollars. (§225.)

From Item 13.—To the Congress and Kingsessing Engine Companies, each the sum of one hundred and fifty dollars. (§150.)

From Item 14.—To the Wissahickon Engine Company the sum of seventy-five dollars. (§75.)

SEC. 2. Warrants for said appropriations shall be drawn by the Chief Engineer of the Fire Department in conformity with existing ordinances.

APPENDIX No. 260.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—The Committee on Trusts and Fire, to whom was referred the petition of citizens of the Twenty-third Ward in reference to the location of the Excelsior Hook and Ladder Company as a Forcing Hose Company, beg leave to report the annexed bill.

In doing so, it is the opinion of your Committee that the wants of the district in which the above Company is stationed, requires the location of a hose company; this organization being already supplied with a line of hose suitable for steam engine purposes, and the services of the same being requisite at fires occurring in that portion of the City, the Committee deem it but an act of justice to the property holders of the Ward that their petition should be granted.

The Committee would therefore ask the favorable consideration of the bill.

AN ORDINANCE

To make an appropriation to the Shiffler Hose and Steam Fire Engine Company.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the sum of one thousand one hundred and sixty-six dollars and sixty-six cents, (\$1,166 66), be and the same is hereby appropriated to the Shiffler Hose and Steam Fire Engine Company, for the year 1865, said Company having been located as a Steam Fire Engine Company by an ordinance passed on the first day of December, 1864, and having also complied with the requirements of existing laws for the regulation of Steam Fire Engine Companies in actual service.

SECT. 2. That warrants for the same shall be drawn by the Chief Engineer of the Fire Department, payable monthly, dating from the first day of June, 1865.

APPENDIX No. 262.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—The Committee on Trusts and Fire, to whom was referred the application of the Spring Garden Hose Company for a location as a Steam Fire Engine Company, beg leave to report the annexed ordinance, favoring the prayer of the petitioners.
